## NARRATIVE:

## Officers:

Sgt. J. Duncan P#7157

Officer J. Ledogar P#7411

Officer O. Damole P#9823

Officer T. Hemsey P#14040

Unknown Detective

## Locations:

New York New York Hotel - 3790 S Las Vegas Blvd

Bellagio Hotel - 3600 S Las Vegas Blvd

Tropicana Hotel - 3801 S Las Vegas Blvd

Caesars Palace Hotel - 3570 S Las Vegas Blvd

On 10-1-17 I was called out reference the active shooter at the Mandalay Bay. Upon arrival at SCAC Area Command reports of another active shooter were called in at New York New York hotel and casino. A strike team consisting of Sergeant J. Duncan P#7157, Officer J. Ledogar P#7411, Officer O. Damole P#9823, Officer T. Hemsey P#14040, and an Unknown Plain Clothes Detective responded to the New York New York. As a team we cleared the casino floor and confirmed there was not another active shooter. Another active shooter was called in at Bellagio which we responded to and confirmed there was not another active shooter. Another call was placed into the Tropicana which we responded to and confirmed that there was no active shooter. A call of a male going into the rear of Caesar's Palace with a rifle was broadcast. We responded there to find that the VP of security was in plain clothes and was the subject with the rifle. We then staged at Tropicana and Las Vegas Blvd to be readily available if another incident came out.

Sgt Duncan was contacted by LT Y. Yatomi P#6402. We were tasked to contact each hotel on the west side of S Las Vegas Blvd starting from the SLS Hotel and moving south to the Monte Carlo. At each hotel we met with a representative to gather intel on if there was a strike team at the location, if any people were injured, if the hotel was on a lockdown, and if they were advised to re-open.

## Location:

Mandalay Bay – 3950 Las Vegas Blvd.

On 10-1-17 I and Officer Sean Malia were called out in reference to an active shooter at the Mandalay Bay. Upon our arrival at SCAC we joined a strike team heading into the Mandalay Bay and headed for the 32<sup>nd</sup> floor. We got to about the 28<sup>th</sup> floor when a strike team entered the suspect's room and located him. We were instructed to keep sweeping floors as at that time it was reported that there were other shooters. We swept numerous floors until we were called to return to the ground floor valet. We did not locate any victims or other shooters during the sweeps. Once down in valet we were given master keys to the rooms and directed to go and open all rooms to check for victims. Our team responded and worked several floors along with many other teams.

## NARRATIVE:

On Oct 1, 2017, I, Sgt M Harris, along with Officers R Vorce, K McConnell, M English, D Newton and Sgt J Bitsko, was at Moon Valley Nursery at 215/ Eastern for new dog training. As we waited to begin, we heard the radio dispatch of the active shooter. Bitsko and Newton immediately assigned themselves and left Moon Valley. The rest of us put on our duty uniform (we were dressed down for training and decoy training) and responded code 3.

I went immediately to SCAC and assisted Lt C Hank with running the staging area in the front parking lot. Other K9 units arrived and were assigned tasks from the staging area. I was at the command post/staging area for possibly 1 hour before Lt Yatomi arrived. She was quickly tasked with checking in with the strip properties between Sahara and Flamingo, determining their status, if they had any injuries inside related to the shooting, etc. I joined up with her and we completed that task within an hour or so. We took the properties on the east side of the Boulevard and we tasked K9 Sgt J Duncan and K9 Officer J Ledogar with the west side properties.

When we completed that, we assisted the Special Events personnel at the Route 91 scene. There were many officers still on scene that had been working since 1300 hours. It was now around 0300-0400. We worked on accounting for all the officers assigned to the event, getting them relieved and securing the scene. There were still bodies on Giles that were not being guarded by police and Giles was not very secure. Making sure the scene was secure and staffed with fresh officers was our task until we secured at around 0930 hours.

K9 Roy
3. S. Murray 4147 K96
4. Sgt. B. Martinez 13408
5. Unknown Patrol Officer

On 10-01-17 an active shooter took place at the Mandalay Bay Hotel. The above officers arrived and formed a strike team in the lobby of the hotel. I announced over the radio using the call sign K95 that I had a five man team and that we were going to begin searching from the second floor and work our way up.

We entered the stairwell and encountered a WMA who was coming down the stairs. He was taken into custody and passed off to hotel security. The male said he had walked down from the 13<sup>th</sup> floor due to the elevators not working. Upon making it to the second floor, we searched the executive offices and encountered several employees who had been sheltering in place. The employees were left with security and we moved on clearing the main hallways. The team worked our way to the fifth floor where we finished our search after a radio broadcast stated per SWAT to stop clearing floors.

The team split up and Officer English and I went to the staging area and awaited further instructions. I then received a call from Sgt. Bitsko to meet Sgt. Herring on the second floor of Mandalay Bay Valet to run my EDD on the suspect vehicle that had been located parked in the valet garage. Officer English and I arrived at the valet garage and were shown which vehicle the detectives wanted searched. Officer English did a visual inspection of the vehicle looking for any obvious signs of bobby traps and did not notice anything obvious. I began my exterior sniff of the vehicle at the driver's side front and worked counter clockwise around the vehicle

that was backed into the parking stall. K9 Arno did not alert or show any change of behavior while sniffing the vehicle. Officer English observed several items in the vehicle. We then went to the detectives and told them what we had done and that the dog did not alert or show any change around the vehicle but that there could still be something inside the vehicle. The detectives were waiting for a search warrant for the vehicle to search the inside. I advised them that they could call me back after they received the warrant and I would run the dog on the inside of the vehicle. We then cleared and secured just before 0500.

## NARRATIVE:

On the above date and time, I, Officer M. Depierro P# 9027 attended the Route 91 Harvest Festival in an off duty capacity with my best friend, [REDACTED] and her husband, [REDACTED]. We drove the festival in my car and valeted it at Mandalay Bay Place.

At approximately 10:08 hours we heard a group of 5-6 pops, which came from an unknown direction. [REDACTED] looked at me and asked me what it was. I told her I thought it was fireworks. You could tell everyone in the audience heard the noise, but since it was short in duration and stopped everyone continued to enjoy Jason Aldean's performance.

Approximately, 15 second later we heard another large volley of the same noise and began to witness people dropping either from being hit by gunfire and others who were ducking down. The woman standing directly in front of me fell to the ground and from being shot in the head. [REDACTED] turned around and screamed at me that the lady was shot. I looked at the lady and said we need to help her, but then realized that there was nothing we could possibly do to help her. We then all ducked down in a huddle. At that time [REDACTED] stated "I think I am shot". I asked him where and asked him if he could move? [REDACTED] replied he thought he was shot in his butt. I told them we needed to move immediately or we would get trampled and we needed cover from the shots that were being fired. We were originally standing by the barrier so I advised them to jump over the barrier to get behind cover. [REDACTED] went over, then me and we both assisted [REDACTED] get over the barrier. [REDACTED] was able to keep moving so we moved around the back side of the sound/equipment and photographer tent.

I, then, checked [REDACTED] to see where he was shot and confirmed he was shot on the left side of his butt. I then told [REDACTED] and [REDACTED] to get underneath the sound tent which was about 1.5 feet above the ground. We stayed underneath the tent until I heard a man outside the tent directing people to get out and run during the break in volleys of fire. I told [REDACTED] and [REDACTED] on the next lull we would get out and run toward the exit. At the next break in firing, I said, "Let's move." I got out from behind cover but noticed they did not come with me. I then went about 30 feet to the north of where we were and got behind the bar to use as cover. I was waiting there until I saw them come out. While I waited I noticed a man in front of me, with a through and through wound, laying on the ground and his wife was just sitting there screaming. There was another man who stated he was a medic from California and asked the woman for her shirt so we could put pressure on his wound. She gave us her shirt then took off running. I began to put pressure on the man as I waited to see [REDACTED] and [REDACTED].

Once I saw them, I ran towards them and told them to run toward the exit where I could see lights from an emergency vehicle. There were a lot of people hiding behind the patrol car. When I looked across the around I saw an ambulance nearby. I told them to run towards the ambulance. There were people hiding behind the ambulance with a car nearby. I asked a woman, later identified as [REDACTED] who was standing there if that was her car next to the ambulance. She said it was. I asked her if I could use it to take [REDACTED] to the hospital. She had three younger girls with her who were hiding in her car for shelter. She agreed to let me use the car. I took her car with the [REDACTED], the three girls, [REDACTED] and [REDACTED] in it and drove to Sunrise Hospital. At the hospital, [REDACTED] was seen by medical personnel. We were advised that [REDACTED] had one bullet wound in his left butt cheek and they said he was going to be ok.

My sister came down to the hospital to keep [REDACTED] company while I assisted officers outside who were doing security of Sunrise Hospital. I was advised by my supervisor at approximately 0130 hours that we were getting called into work for an A/B roster activation and I had to report to work at 0600. My sister then took me home and I reported to work as instructed.

[REDACTED] was released from Sunrise Hospital on Monday afternoon.

My vehicle was released by Mandalay Bay on Wednesday afternoon.

Air unit response to Route 91 active shooter

SUBJECT

DIVISION REPORTING:	<u>Homeland Security</u>	DIVISION OF OCCURRENCE:	<u>Tourist Safety</u>
DATE & TIME OCCURRED:	<u>10/01/17 2210 hrs</u>	LOCATION OF OCCURRENCE:	<u>3950 S. Las Vegas Blvd</u>

**NARRATIVE:**

On 10-01-17 at approximately 2200 hours I was at my residence when I received a call from my Lieutenant, Kenny Delzer P#6841. Lt. Delzer notified me that there was a possible active shooter at the Mandalay Bay and he was listening to the Convention Center patrol channel as it was occurring. After briefly listening to the radio traffic of the incident, we both quickly decided that I would need to respond with a helicopter to potentially deploy SWAT officers at the scene.

While driving to the Air Support hangar I called and advised Officer Paul Lourenco P#5564 that I needed him to load the fast rope gear into our Huey, Air 7, and pull the aircraft outside. I also requested officer Lourenco to pull our light rescue helicopter, Air 3, outside and prepare both for flight. I briefed officer Lourenco of the situation, told him that my intent was for him operate as my co-pilot in Air 7 to fly to the scene where we would begin deploying SWAT officers onto the roof of the Mandalay Bay via a fast rope insertion. I also called the McCarran Airport control tower and spoke with controller [REDACTED]. I informed [REDACTED] of the situation and requested that she stop all aircraft from arriving or departing the airport due to the proximity of the shooter. I also requested that she have all news or media aircraft remain clear of the scene until further notice from our agency.

Upon arriving at the hangar we did not have an officer from Search and Rescue to act as a crew chief in Air 7, which would be necessary to perform a fast rope insertion. Due to the time it would have taken to locate a crew chief I decided to depart to the scene in Air 3 with Officer Lourenco as my co-pilot.

As we arrived on scene I contacted Officer Bryan Woolard P#7558, who was the pilot in command of Air 5. Officer Woolard had landed to pick up a SWAT sniper and was airborne with the SWAT officer in the rear of his aircraft. Radio traffic on the Convention Center channel had stated the suspect was firing from a window approximately halfway up on the east side of the Mandalay Bay. Officer Woolard had located the window along with a second broken window close by on the same floor. Once myself and Officer Lourenco identified where the broken windows were we made several passes at various speeds near the windows in an attempt to locate the suspect. During this time we were monitoring the SWAT channel along with CCAC as officers were making their way to the 32<sup>nd</sup> floor of the Mandalay Bay.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001003519

We continued to make passes near the windows on the 32<sup>nd</sup> floor of the hotel as SWAT breached the door of the room the suspect had been firing from. Once officers made entry and advised the male suspect was down and deceased we began checking reports of other shootings at other casinos in the area. We made several low passes near the Bellagio, New York New York, Monte Carlo, MGM and the Paris. We saw no evidence of another active shooter at any of these properties and updated dispatch each time.

Once the scene had become static we spent approximately one hour flying very low and slow over the scene to assist in locating victims and evidence. During the event I made several landings on the property of the Harley Davidson dealership located at 5191 S. Las Vegas Blvd, which we used as a landing zone and staging area. At approximately 0300 hours I flew back to the Air Support hangar in Air 3 with Officer Lourenco and secured.

During the next 48 hours I remained in contact with Las Vegas Air Traffic Control [REDACTED] and requested that all media helicopters remain out of the area until our agency had removed the victims and processed critical evidence. I also requested the tower modify the arrival and departure of all tour helicopters to keep them clear of the scene. On October 3<sup>rd</sup> at 1300 hours I was advised by my captain, Pete Boffelli P#4213 that the flight restrictions were no longer necessary. I then contacted [REDACTED] and informed him they could resume normal flight operations.

Active Shooter

SUBJECT

DIVISION REPORTING: <u>DTAC</u>	DIVISION OF OCCURRENCE: <u>CCAC</u>
DATE & TIME OCCURRED: <u>10/01/17</u>	LOCATION OF OCCURRENCE: <u>CCAC</u>

NARRATIVE:

On October 1<sup>st</sup> 2017, at 2217 hours, I Detective A. Goodrich P#9198, was notified of the active shooter situation by a coworker of mine who was currently working on an overtime shift at the University Medical Center. I was currently on my regular day off. I left my residence and arrived at the Downtown Area Command at 22:33 hours (17 minutes later), and I immediately logged on, grabbed a tactical vest and my department Rifle, and I met up with the Downtown Area Command Patrol Investigation's Sergeant Kenny Nogle P#8051. Sgt. Nogle, myself, and Detective R. Obasi P#8945 responded to the area of Las Vegas Blvd and Sahara on the Downtown Area Command border in an unmarked LVMPD vehicle. Shortly after our arrival, we were notified over the radio that there was a possible active shooter, or a person with a gun at the Circus Circus (Industrial and Circus Circus Way). I notified Sgt. Nogle of our close proximity, and we immediately responded to the area. After a short moment, we discovered that the information provided to us was inaccurate and unfounded. We notified dispatch, and continued to drive down Sammy Davis Jr. Drive. We were then notified Via Dispatch that there was a possible active shooter in the Aria hotel and casino. I instructed Sgt. Nogle as to the best driving rout to the Aria (having worked the strip for several years), and we arrived in the underground parking area of the Aria. Sgt. Nogle and I instructed Detective Obasi to go to the security camera room to look at the cameras and advise dispatch and us to the location of the shooter. Sgt. Nogle and I ran to the casino floor, and noticed that there was a fair amount of commotion and confusion, however it did not appear to have an active shooter situation. We advised dispatch accordingly. We left the casino and were then advised of a person who had just entered into the Bellagio employee entrance with a rifle. We responded to the Bellagio employee entrance, and I noticed a white Ford Dually F-350 that was suspicious in nature, and we were advised from an employee that a person had exited the truck and ran into the hotel with a rifle and a tactical vest. The person was later discovered to be [REDACTED] who is the V.P. of security for the Bellagio. We notified dispatch of the unfounded information.

We returned to the Downtown Area command, and met with Captain Andrew Walsh who instructed us to respond to the Stratosphere Hotel to help secure the hotel from a potential second active shooter event. I remained at the Stratosphere until 0419 in the morning before I was relived and returned to my residence.

Active Shooter Incident

SUBJECT

DIVISION REPORTING: Tourist Safety Division – Downtown Area Command (DTAC)

DIVISION OF OCCURRENCE: Tourist Safety Division – Convention Center Area Command (CCAC)

DATE & TIME OCCURRED: 10/01/17 - 2205 Hours

LOCATION OF OCCURRENCE: 3950 S. Las Vegas Blvd, Las Vegas, NV 89119

NARRATIVE:

**LVMPD DTAC PD Sergeant:** K. Nogle P# 8051

**LVMPD DTAC PD Detectives:** Allyn Goodrich P# 9198  
Rachel Obasi P# 8945  
Gilberto Valenzuela P# 8396  
Jason Auschwitz P# 5932  
Scott Mendoza P# 6878

**Details of Incident:**

On October 10, 2017, I, Sergeant Nogle was working in a plain clothes capacity as a Downtown Area Command (DTAC) Patrol Investigations sergeant.

While working in the patrol detectives' (PD) office I heard the DTAC dispatcher broadcast a shooting event in Convention Center Area Command (CCAC). I immediately switched from the DTAC radio channel to the CCAC radio channel. I heard the officers at the scene of the shooting describing the incident as an active shooter with multiple casualties.

Knowing I was the senior supervisor working DTAC at that time, I immediately notified Captain Andrew Walsh P# 5994 of the active shooter incident. Simultaneously, I broadcast on DTAC channel an order to have all available units respond to DTAC's tourist corridor on Fremont Street. I later broadcast an order to ensure units were at the Stratosphere as well. DTAC graveyard units skipped their daily briefing and immediately went to work.

After broadcasting the radio traffic, I and Detective Obasi began donning our tactical gear, so we would be readily identifiable as law enforcement officers and ready to respond to any incidents that may occur within DTAC. While getting ready, Detective Goodrich arrived at DTAC. He was off-duty on a regular day off (RDO), but responded anyway after he learned about the incident. Detective Goodrich was also in plain clothes when

**CONTINUATION**

Event #: LLV171001003519

he arrived. He immediately began donning his tactical gear so he would be readily identifiable as a law enforcement officer.

Detectives Goodrich, Obasi and I got into my department unmarked/plain vehicle (Chevrolet Colorado – Vehicle #4751). I decided to drive around DTAC to check the status of our tourist corridor and critical infrastructure locations. I observed multiple patrol units at the DTAC Multi-Assault Counter Terrorism Action Capabilities (MACTAC) staging area (supervised by a sergeant). I observed multiple patrol units along the tourist corridor of Fremont Street (supervised by a sergeant). I also observed multiple patrol units staged around the Stratosphere Hotel/Casino (supervised by a sergeant). Lastly, I observed there was one two man patrol unit blocking all southbound travel on Las Vegas Blvd. from Sahara.

Based on my observations I was satisfied with the deployment of the DTAC officers. I decided it would be best if my team and I remained as a roving unit so we would be able to rapidly deploy if needed. While still at the intersection of Sahara and Las Vegas Blvd., I heard the CCAC dispatcher broadcast there were subjects running with firearms to the rear of Circus Circus (in the area of Circus Circus Drive and Sammy Davis Jr. Drive).

We quickly responded to that intersection and spoke with several people in the area. None of the people we spoke with reported persons with firearms or any gunshots. I drove around the area, behind and around Circus Circus, but did not observe any persons with firearms.

It was at this point I realized, there did not seem to be any marked LVMPD units on Las Vegas Blvd. between Tropicana and Sahara. Soon after that revelation, there were reports of shots being fired at the New York New York. I heard strike teams dispatch themselves to the New York New York. My team and I decided that due to the lack of officers present on the north end of The Strip, that we would drive further south on Sammy Davis Jr. We made this decision so we would be able to quickly respond to any other reports of shots fired at casinos north of Tropicana along the west side of the strip.

As we arrived in the area of the Aria, the CCAC dispatcher broadcast reports of shots fired inside the Aria. Knowing the location of the security office, my team and I entered the property through the west loading dock entrance off of Frank Sinatra Drive. We immediately drove to the security entrance, parked and exited my vehicle. Detective Goodrich and I deployed with our rifles. Detective Obasi deployed with her primary handgun/duty weapon.

Security officers were waiting for us by their doors. I immediately asked them if they had reports of shots fired. They stated someone had reported shots being fired on the casino floor. However, he added that they had not been able to confirm those reports. At that time I decided to have Detective Obasi remain in the security camera room where she may have been able to locate possible suspects or victims and relay the information to me in real time. I had a security guard escort Detective Goodrich and me to the casino floor through the employee hallways. I had the security guard remain with us for the purposes of being able to guide us through the casino as well as remain in contact with other security officers on the property.

After speaking with numerous employees and citizens, many of which were in complete panic, none of them could confirm they heard any shots or saw any persons with firearms. Detective Obasi also advised that she was not seeing any injured persons, suspicious persons or any signs of an active shooter on the casino surveillance system. I advised the CCAC dispatcher that the reports of shots fired were unfounded. Detective Goodrich and I regrouped with Detective Obasi at my vehicle, and left the Aria property.

At this time I heard numerous strike teams were now assigned and available for response to any incidents on the Strip north of Tropicana. I decided we should start heading back to the DTAC area. While traveling north on Frank Sinatra Drive, the CCAC dispatcher broadcast information regarding a male running into the employee entrance of the Bellagio with a rifle. My team and I were the first to arrive at the employee entrance of the Bellagio. As we exited our vehicle, the person reporting approached us. He pointed to a pickup truck and stated a guy jumped out of that truck with a rifle and backpack and ran into the Bellagio. I broadcast the

**CONTINUATION**Event #: LLV171001003519

vehicle's license plate while my team and I cleared the vehicle. Soon after, the CCAC dispatcher provided the registered owner's (RO's) name to us. Officers contacted security who confirmed the RO was a security supervisor for the Bellagio. Detective Goodrich informed CCAC dispatch this incident was also unfounded. We then got back into my vehicle and returned to the DTAC area.

At this point I was able to contact my Detectives Valenzuela, Mendoza and Auschwitz. I also contacted Captain Walsh. He advised me to have my team respond to the Stratosphere and provide security for the interior of the Casino/Hotel. I along with Detectives Goodrich, Obasi, Valenzuela, Mendoza and Auschwitz, remained at that post until we secured for the evening.

I contacted Sgt. Branden Clarkson P# 8890 on October 10, 2017 and discussed some of my observations from the night of the incident. I provided some ideas for how we (as an agency) may be able to better respond to similar incidents in the future.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**OFFICER'S REPORT**

Event # 171001-3519

Mandalay Bay Active Shooter

SUBJECT

DIVISION REPORTING: Homeland Security Division

DIVISION OF OCCURRENCE: Tourist Safety Division

DATE & TIME OCCURRED: 10/01/17 - 2205

LOCATION OF OCCURRENCE: 3950 S. Las Vegas Blvd LV, NV

NARRATIVE:

At 2214 hours, the SWAT/CNT notification system was activated directing all personnel assigned to the teams to report to SCAC - Command Post (CP). Upon my arrival I was assigned to respond to UMC Hospital to try and gather real time intelligence on the description and location of the shooter or shooters. Upon my arrival to UMC I was directed to handle Valley Hospital due to no one presently at that location.

As victims began to arrive at the hospital I began to interview anyone who was able to talk about any description or location of the shooter or shooters. I talked with everyone as they entered the ER but was getting little to no information about descriptions or locations. I checked with the ER staff if they needed any assistance from the police before I responded back to SCAC (CP). Once back at the CP, team members were starting to gather intelligence on the suspect Stephen Paddock and his girlfriend MariLou Danley.

I contacted Stephen's cousin [REDACTED] via the telephone at [REDACTED] her address is [REDACTED]. After interviewing her I passed the information along to the Intel Coordinator for the Intel Report.

On October 2, 2017, at approximately 0600 hours, the momentum of the incident had slowed as the agency moved toward the investigation phase. Due to the A/B roster being initiated, I was released from the CP.

Active Shooter Incident

SUBJECT

DIVISION  
REPORTING: NEAC/ Patrol Investigation

DIVISION OF  
OCCURRENCE: CCAC

DATE & TIME  
OCCURRED: 10/01/2017 2209 hours

LOCATION OF  
OCCURRENCE: 3901 S. Las Vegas Blvd. LVNV 89109

**NARRATIVE:**

On 10/01/2017 I, Detective C. Rivera P# 8866, was assigned to work overtime at the Route 91 Harvest Festival located at 3901 S. Las Vegas Blvd. Las Vegas NV. 89109. I was scheduled to work from 1300-0000 hours, my assigned partner was Officer Andrew Loos P# 14797 and our assigned post was gate 2b.

Officer Loos and I were standing inside the venue near gate 2b when we heard the first shots fired. We immediately exited the venue towards Las Vegas Blvd. and ran southbound along the wall towards Mandalay Bay Rd. I moved civilians to cover behind the wall while we attempted to find the location the shots were coming from. Knowing the suspect was armed with a rifle, Officer Loos and I moved to our staged vehicles located at the abandoned motel near Reno Ave. and S. Las Vegas Blvd. to retrieve our rifles. Once we had our gear we moved westbound across S. Las Vegas Blvd. to a patrol vehicle parked in the roadway. We grouped up with two more officers at that patrol vehicle then moved towards the Luxor Hotel stopping at the large Luxor tower over the sidewalk. Once at that position we located several civilians running towards Mandalay Bay Hotel and directed those civilians to our position for cover.

Sergeant Skenandore approached with more officers. Sergeant Skenandore created a strike team with multiple officers including myself. Our strike team moved into the Luxor parking lot and conducted bounding over watch moving towards Mandalay Bay Hotel. Once at the hotel our strike team entered the building utilizing a service entrance for House of Blues. Once inside the hotel our strike team moved through the casino towards the Delano tower elevators. We encountered several civilians, conducted a quick de-brief and moved them towards safety. We stopped at the Michael Jackson Theater and discovered there was approximately 1,400 civilians inside the theater with unarmed security officers providing security. Knowing there were strike teams on the target floor with the known suspect, Sergeant Skenandore made the decision to provide security for the civilians located in the theater.

Our strike team formulated a protection plan to ensure all the exits were covered and ensured the safety of the civilians. After it was determined the suspect was no longer a threat Sergeant Skenandore organized transportation to move all the civilians by bus to the designated shelters. Our strike team assisted with this movement. At approximately 0600 hours I was contacted by Sergeant Van Nest to respond to the event command post to be relieved from post. I was relieved from post and sent home at approximately 0700 hours.

## Officer's Report For Active Shooter Mandalay Bay

SUBJECT

DIVISION REPORTING:	<u>BAC / Patrol</u>	DIVISION OF OCCURRENCE:	<u>Patrol</u>
DATE & TIME OCCURRED:	<u>2205</u>	LOCATION OF OCCURRENCE:	<u>Mandalay Bay</u>

NARRATIVE:

On Sunday October 1st after the onset of the Active Shooter incident at the Mandalay Bay, I Sergeant J. Houchen #8880, self-dispatched to University Medical Center in an effort to assist with the influx of wounded that would be transported there. In response to the reports of a mass casualty count, I started making requests on the Bolden Area Command channel to have the "stay at home" officers start shutting down streets to facilitate the large amounts of ambulance and paramedic vehicles that would need an un-inhibited route to the hospital. I directed that Charleston Blvd be shut down in both directions from the I-15 to Tonopah, and restricted traffic on Tonopah and Shadow Ln at Goldring and Alta to emergency vehicles and persons responding to the hospital who were displaying the proper credentials. I advised the Bolden channel dispatcher, who did an outstanding job throughout the whole incident, that she was to instruct FD and AMR to take any patients not related to this event to other area hospitals. Upon arriving at UMC, I made contact with a surgeon in the trauma unit to ensure they were ready to start receiving a large quantity of wounded. I then coordinated with my chain of command to facilitate any requests that were made for information or security for the hospital area. I then took on the role of Incident Commander for the area surrounding UMC and Valley hospitals.

With reports of the incident at Mandalay Bay constantly changing and updating, scene security at UMC was my priority, and because of this I requested units that had not responded to the incident be directed to UMC. With the limited availability of LVMPD officers from other area commands, I also requested units from NLVPD, NHP, HPD, CCSDP, and City Marshals, all of which responded with additional units. I utilized these units and set up strike teams to rove the perimeter looking for anyone that appeared suspicious. I sent two strike teams to the parking garage to ensure it was secure and no one could get access to an elevated position of advantage with direct line of sight to the trauma unit where first responders and hospital staff were tending to the casualties. I directed these resources to vital areas of UMC and Valley hospital to ensure that no secondary attacks could occur as the wounded were being attended to. While all this was being set up, I also ensured that officers posted at the UMC trauma unit were advising the drivers of both ambulances and civilian vehicles which had brought in the casualties, that once their vehicles were unloaded they needed to be moved so that the vehicles did not get backed up and additional vehicles could get direct access to the entrance to the trauma unit.

Knowing that the large amount of wounded we be followed closely by concerned family and friends, but not knowing whether there were additional assailants who could possibly try to get into the hospital and inflict more

Date and Time of Report: 10-09-2017 / 1330 Officer: Sgt. Joshua Houchen P#: 8880Approved By: Lt. Hector Cintron 7550 Officer: \_\_\_\_\_ P#: \_\_\_\_\_

Event #: 171001-3519

casualties, I coordinated with UMC security officers to ensure the hospital was locked down. I assigned patrol officers to stand with the security officers at the entrances to the hospital with the direction that no one was to enter the hospital without proper credentials. I further directed that any personnel who were in the area and not attending to patients were to have the proper credentials displayed and anyone who was not displaying them was to be challenged. This applied to vehicles entering the perimeter as well. I directed patrol officers on the perimeter to use the utmost tact and professionalism in explaining to any family or friends why we cannot allow anyone access to the hospital that does not work there, and to ask for their understanding and patience because it would make triaging and treating the wounded even more difficult if there were people walking around who did not need treatment.

I facilitated the requests from the chain of command for investigators to start debriefing any witnesses or victims that were willing and able to give information as well as information on the number of casualties from UMC and Valley hospital along with their names.

I was assisted in my efforts by Lieutenant Jeff Goodwin, Sergeants Ballejos, Overson, Parker, Webb, Bricker, Bilyeu (who was handling coordination at Valley hospital) and the dozens of investigators and patrol officers from LVMPD as well as the surrounding jurisdictions. Without any of them, the reception and treatment of the casualties at UMC and Valley hospital would not have gone nearly as smoothly.

Mandalay Bay Shooting

SUBJECT

DIVISION REPORTING:	ODB/MACTAC	DIVISION OF OCCURRENCE:	Tourist Safety
DATE & TIME OCCURRED:	10-01-17 1030	LOCATION OF OCCURRENCE:	Mandalay Bay/ Route 91

## NARRATIVE:

FYI

On October 1, 2017, at approximately 2215 hours, I was called by a MACTAC Cadre officer that there was an active assailant at Mandalay Bay and that there were several casualties on the strip. I immediately got dressed and responded to SCAC while listening to the radio traffic. I told Officers Hennesy, Chamberlin and Hughes to respond to the Command Post staging area, as they are the most experienced officers in MACTAC style attacks.

Upon arrival at the Command Post, I made contact with Captain Pelletier and helped stand up Unified Command. Chief Roy Sessions from Clark County Fire Department was the point of contact for all of Fire Department Operations. Chief Sessions was assigned to the Medical Branch who was in charge of the Casualty Collections Points (North, South, East) and the Rescue Task Force Branch. I advised Chief Sessions that he would have the required officers for the RTF as needed and could deploy immediately as we identified a warm zone as everything with the exception of the affected floors of Mandalay Bay.

I documented the incident on the white board in the SCAC conference room where we set up our Unified Command. The assignments for Points of Contact of the incident are as follows:

IC:	John Pelletier
Dep IC:	Kristine Buist
Intel:	Branden Clarkson
Ops:	Lt Reggie Rader
DOC Liaison:	Harry Fagel
Staging:	Carlos Hank
Refuge Areas:	UNLV: Lt Newman UNLVPD
	Trop Hotel: Sgt Baughman
Mandalay Bay Liaison:	Chief Charles Hank
Mandalay Intel:	Jaime Prosser
Mandalay Strike Teams:	Lt. Leon
Outer Containment:	Lt Desomone

**DETAILS:**

**\*\*\*BWC VIDEO AVAILABLE\*\*\***

On 10/01/17 at approximately 2209 hours I Sgt. G. Everett 8915 was operating as 786. While in briefing at CCAC I heard the 415A call come out over the radio with fully automatic gunfire in the background. Graveyard officers immediately responded to the scene.

I arrived in the area of Reno/Haven and observed large crowds of people in the roadway. The above listed officers were also parked next to me and were gearing up to become a Strike Team. Radio communication as I arrived in the area updated officers not to drive on the Las Vegas Blvd or to go into the venue due to the constant gunfire coming from Mandalay Bay. It was unknown if there were more than one shooters at this time. I quickly spoke with several people who stated they had come from the venue and believed there to be only the shooter up in the Mandalay Bay Hotel. Not having a safe way of getting to the Mandalay Bay from our location and having numerous victims approaching us at our location needing medical help it was decided that we

Event #: 171001-3519

would form a medical triage for the wounded. Gun shots were still being fired and all seemed to be at a great distance and from the Mandalay Bay Hotel.

I switched to Admin channel and advised dispatch that I had approximately 30 GSW's at my location and needed medical to stage to our location. Officers quickly gave out their tourniquets and trauma bags to off duty nurses and medical personnel to tend to the injured. **This was tagged on my BWC.** Pens were given to an off duty AMR to write on the victims prior to transport. Helpers were asking for more tourniquets and not having any more I gave out hobbles to be used as an alternate.

Several off duty officers from California, North Las Vegas, unknown federal agencies and an unknown LVMPD academy recruit helped assisted in traffic control and being extra eyes for any threat that may have come upon us. Officers were placed as security on the perimeter. The numbers grew to approximately 50 GSW victims and we had run out of medical supplies very quickly.

Dispatched was updated several times that we were still waiting for FD/Medical to arrive. Dispatch was given ingress and egress routes to get to us and that we had scene security for them when they arrived. Approximately 10 to 15 minutes later medical started to arrive one by one. Ambulances were leaving after only taking one patient. I advised dispatch that if possible more injured should be loaded into the transport vehicles prior to them leaving. I also asked medical when they arrived to leave us supplies. Several trucks arrived to our scene and that had multiple GSW victims in the bed of the truck. Due to there being no more medical supplies and no available ambulances on scene I instructed the drivers to go to Sunrise Hospital. This happened approximately three times.

Several times officers were advised of a GSW victim nearby our medical triage. Officers would leave in a team of two or four and recover the victims while also escorting people to safety. Those that were not injured were told to go to Hooters Casino just north of our location. Dispatch was advised of this and told that they should send officers to that location to gather intelligence.

A CAT bus arrived to our location and all GSW victims with non-critical injuries were put on the bus. Once it was filled only a few victims remained. Three people were pronounced dead at our scene by medical. Of these two were Jane Doe. The third victim was [REDACTED]. Her husband [REDACTED] and daughter [REDACTED] were present and by her side. 1M49B transported the family to HQ. 3M7 stayed with the deceased bodies.

The triage area was sectioned off with crime scene tape. Homicide detectives and Captain D. Lewis arrived and looked over the scene.

### **FORCE PROTECTION**

FD arrived and Captain Ralph King PH# [REDACTED] along with T18 began to organize rescues into the Desert Rose Resort located at 5051 Duke Ellington Way LVN 89119. Prior to them going into the resort we formed Force Protection Team 4. This consisted of 3M11, 3DP12 and I. We then took them to three apartments where GSW victims were at. Two were located and brought down to medical for transport.

Officers were relieved by Dayshift officers at approximately 1000 hours.

### **CONCLUSION**

Officers were able to create a medical triage and render aid to those in dire need. 100's of people ran through our location many of which were injured. Officers stayed calm in the face of uncertainty and rendered aid to many individuals with GSW's. BWC of this event was saved and tagged.

Officer's Report For Active Shooter at the Route 91 Festival

SUBJECT

DIVISION  
REPORTING: Tourist Safety Division / SOBDIVISION OF  
OCCURRENCE: Tourist Safety Division / CCACDATE & TIME  
OCCURRED: 10/01/17 & 2208 HoursLOCATION OF  
OCCURRENCE: "The Village Lot" 3901 South Las Vegas  
Blvd. Las Vegas, NV 89109NARRATIVE:

FYI

On Sunday 10/01/17, I Officer J. White P#8935 was assigned to work the Vegas Golden Knights hockey game in the Command Post located at the T-Mobile Arena operating as uniform officer SE3. We secured from the event / venue at approximately 2045hrs. At that time, I went home and secured for the night. Later that night at approximately 2300hrs, I was called by my sergeant, Allen Larsen P#9630 who asked me to respond to the department operation center (DOC) to assist with activating A/B roster. I responded to the DOC, where I assisted in the activation of A/B roster, department wide. Within this task, I was directed to designate strike teams for all hotel properties along the Las Vegas strip. I was also tasked with other miscellaneous tasks such as designating certain teams for the coroner office, headquarters, staging area, Mandalay Bay, the crime scene and family resource center among others. I worked throughout the night assisting the DOC in whatever needs they requested. I helped with staffing, organization and tracking of resources in and out of the DOC.

All of the above issues were worked on throughout the week. Each day presented new challenges and required assistance and monitoring. Each day, new spreadsheets and notifications had to be made. I was also assigned to track officer overtime staffing for the upcoming week and weekend to help the DOC make manpower changes and staffing changes through the week and through the following weekend. This assisted the DOC with tracking resources and adjustments that needed to be done with assignment staffing. On Wednesday 10/04/17, I assisted with the demobilization of the A/B roster to go back down to normal patrol / investigative staffing numbers. Later in the week, I put together an incident action plan (IAP) that staffed the DOC for the remainder of the week and throughout the weekend.

As I did not respond back to the DOC after Wednesday 10/04/17, I did return to normal duties where I went straight into working on the VPOTUS visit. I then worked on putting the IAP together for VPOTUS along with staffing and working the visit for Saturday 10/07/17. I later worked at the scene (Village Lot / Mandalay Bay) helping protect and preserve evidence at the crimes scene throughout the weekend.

## OGDEN TOWER FOLLOW-UP

## SUBJECT

DIVISION REPORTING:	<u>DTAC</u>	DIVISION OF OCCURRENCE:	<u>DTAC</u>
DATE & TIME OCCURRED:	<u>10-02-2017/ 1100</u>	LOCATION OF OCCURRENCE:	<u>150 N. LAS VEGAS BLVD Las Vegas, NV 89101</u>

NARRATIVE:

On October 2, 2017 I responded with my squad to the Ogden Tower located at 150 N. Las Vegas Blvd in reference to follow up investigations involving the Mass shooting incident at Mandalay Bay. The suspect in the shooting had rented 3 separate units at the Ogden Tower during the time period of September 17-28<sup>th</sup>. I was tasked with contacting 2 of the owners to units rented by Steven Paddock during this time period. I made contact with [REDACTED] who owns unit [REDACTED] uses the service of Air BNB to rent out her unit. Paddock rented [REDACTED]'s unit through Air BNB from September 17-22. I called [REDACTED] to advise her of our investigation and to inquire on other renters and to get consent from her to enter the room to take photos of the view the room had. [REDACTED] gave us permission to enter the unit and advised that she had others to rent the unit after Paddock had stayed with there. [REDACTED] stated that she did not have any personal contact with Paddock, only texts sent through the Air BNB app and through her co-host [REDACTED] which is like a property manager. [REDACTED] stated that Paddock had told her that it was him and his wife and they were "tired of staying in hotels" when they corresponded about renting the unit. [REDACTED] had no information on the alleged wife or direct knowledge of if she existed or who she was. [REDACTED] also sent an email that was screenshots of the correspondence between Paddock and [REDACTED]. The texts were on 09-17 and 09-22, which were the check in and out dates. It was notification of him checking in and inquiring on air fresheners he had unplugged. [REDACTED] did not have any other correspondence to provide between her [REDACTED] and Paddock.

The concierge to the Ogden Tower provided us with the door code to enter the room. Unit [REDACTED] is on the north side of the tower and only 1 floor from the top of the building, with the top floor being the penthouse. Photos were taken of the entry way and the vantage points from the living room and 2 bedrooms. All the vantage points were directly facing north which would have been the Life Is Beautiful Festival during his stay.

OCCURRENCE: CCAC / PATROLDATE & TIME  
OCCURRED: 10/1/17 2208LOCATION OF  
OCCURRENCE: 3950 S. LV BLVD, LV, NV 89119NARRATIVE:

On the above date and time I, Officer J. Landers P# 8073 was operating as marked patrol unit 8506 in the NWAC Resident Area when dispatch began broadcasting reports of a possible active shooter at the Route 91 concert event. I then contacted my supervisor, Sgt M. Marlow P# 6204 who was already aware of the event. Due to the overwhelming magnitude of the unfolding event, Sgt Marlow quickly formulated a plan where Officers B. Corder P# 4592 and R. Ramos P# 5815 would staff the resident area allowing myself along with Officers R. Hagberg P# 6351 and M. Mitchell P# 6273 to respond and assist.

Upon checking in at the SCAC Command Post Officers Hagberg, Mitchell and I were assigned to Force Protection Team #2 under the command of Sgt C. Jivapong P# 9338. Our missions for this event consisted of providing security for the CCFD Casualty Collect Point located in the intersection of LV BLVD and Tropicana. We also responded to reports of shots fired and casualties at various strip properties and evacuated patrons and staff from the Rivea Restaurant located on the 65<sup>th</sup> floor of the Delano Las Vegas. I used no force nor observed any officers on my team utilize force during the incident.

Route 91 Shooting

SUBJECT

DIVISION  
REPORTING:

CCAC

DIVISION OF  
OCCURRENCE:

CCAC

DATE & TIME  
OCCURRED:

10-01-17 / 2205

LOCATION OF  
OCCURRENCE:

Mandalay Bay Hotel and Casino

NARRATIVE:

On 10-01-17, I Sgt. Travis McMurtry P# 8375, along with all other members of Convention Center Area Commands CC13B squad were at home on our scheduled day off when the shooting at the Mandalay Bay started. Officer Thomas Engel P# 15270, was working overtime across town, when he heard the radio traffic from the shooting. Officer Engel notified the other members of CC13B of the active shooter via text message. Officer Engel then called me and stated that he was leaving his overtime to go help, and I agreed with his decision.

I then decided that even though the squad had not been called in, that I was also going in to see how I could help. I sent a text message to my squad that I was going in to help and that anybody else that wanted to respond to meet me at CCAC, and that this was voluntary. The following officer's volunteered to come in and help:

Officer Thomas Engel P# 15270  
Officer Dennis Bee P# 15663  
Officer Dean Fore P# 15732  
Officer Andrew Howard P# 15765  
Officer Moises Ibarra P# 15759  
Officer Vincent Russo P# 15742  
Officer Colin Snyder P# 15767  
Officer Blake Vernon P# 15609  
Officer Robert Winthrop P# 15775

We grouped together at CCAC to grab gear and vehicles, and made our way to the staging area at SCAC, where we were given a strike team number and assigned to the Mandalay lower valet with SWAT officers. We spent multiple hours assisting SWAT officers in clearing hotel rooms in the Mandalay Bay floor by floor. Once this was completed we responded back to the staging area around 0500 hours and were reassigned to the command post at the crime scene to relieve officers who were working as special events that night. We stayed at this location until relieved by day shift officers.

Event #: 171001-3519ROUTE 91 SHOOTING

SUBJECT

DIVISION  
REPORTING: Tourist Crimes DivisionDIVISION OF  
OCCURRENCE: CCACDATE & TIME  
OCCURRED: 10/1/17 2208 hoursLOCATION OF  
OCCURRENCE: Mandalay Bay / Route 91 FestivalNARRATIVE:

On 10/1/17 at approximately 2200 hours, my squad, CC18, finished eating at Tropicana and Pecos. Just after getting to our cars, we heard a 415A call come out at the Route 91 festival. We had no way of foreseeing the magnitude of the incident. Based on the initial radio traffic, I assumed there were several people shot, but could have never envisioned hundreds of injured. We responded code 3 and arrived minutes into the shooting. We arrived on Reno, just northeast of the Roman Catholic Shrine of the Most Holy Redeemer church, located at 55 E. Reno Ave. This church is just east of the Route 91 festival. My group consisted of:

Det. William Ghilarducci P#13797

Det. Jason Vallad P#12961

Sgt. David Rose (doing a ride along with my squad)

And myself (Sgt. Chris Kennedy P#8377) call sign 648PD

Det. Jerry Sulek, CC18, and Officer Jonathan Serrano P#14871, also arrived in the area and started providing protection for those fleeing as they moved towards the threat.

As we drove westbound on Reno we were forced to stop near the church because there were so many people running northbound across Reno Ave. When Det. Ghilarducci, Det. Vallad, Sgt. Rose and I arrived on the east side of the church there was mass chaos. We heard the last volley of gunfire. Multiple people reported to us that there were multiple shooters advancing towards the crowd. We urged everyone to keep running while we looked to engage any possible suspects. We continued to clear people out as we walked westbound through the church parking lot. After several minutes we shifted our focus to saving the injured.

We corralled many of the injured on the east side of the church. There was approximately 4-5 GSW victims laying on the ground. I called for medical assistance. At this time, I had no idea how many people had been shot. Naturally, I assumed there couldn't be more than 15-20 victims. Despite the fact I advised dispatch that my guys would provide cover for medical, I got no response. A few of my victims appeared to be losing significant amounts of blood. Det. Ghilarducci, who has significant experience and military training relative to these situations was extremely poised as he checked on all of the victims' injuries. Two victims seemed to have more serious injuries:

1. [REDACTED] dob [REDACTED] phone [REDACTED]
2. [REDACTED] dob [REDACTED] phone # [REDACTED]

Due to the fact we couldn't get medical to our location, I made the decision to transport the most seriously injured victims via my work truck, vehicle 9934, a Chevy Silverado. Detectives Vallad and Ghilarducci, as well as Sgt. Dave Rose, provided cover for the injured while I retrieved my truck from off of Reno Ave. It should be noted that during this time, we still had multiple people claiming that there multiple suspects. While I retrieved my truck, Det. Ghilarducci was treating and assessing multiple victims. When I pulled up in my truck, I asked Det. Ghilarducci who needed a tourniquet. He calmly informed me that everyone who needed a tourniquet already had one on. A few of the GSW victims required first aid other than a tourniquet. Det. Ghilarducci applied quick clot gauze to some of the bullet wounds on [REDACTED] and [REDACTED]. [REDACTED] was bleeding profusely as she was hit in multiple spots. [REDACTED] and [REDACTED] were loaded in the truck, along with [REDACTED]'s sister [REDACTED] and we left code 3 to UMC Trauma.

I can't recall who was located where in the truck. I know Det. Ghilarducci sat in the back, the bed of the truck, with [REDACTED]. He continued to talk to her and tried to keep her calm despite the fact she appeared to be going into shock from blood loss. We arrived at UMC Trauma and unloaded our victims. I spoke briefly to Captain Plummer before we left back to CCAC.

Back at the scene, Det. Vallad and Sgt. Rose continued to evacuate citizens. Det. Vallad spotted a mother and her three kids hiding in the south church parking lot near a vehicle, just east of the festival. He was able to run to them and get them to safety. Det. Vallad and Sgt. Rose continued to see others to safety before eventually operating on several strike teams.

Det. Sulek and Officer Serrano also helped evacuate hundreds of citizens before operating as a strike team. Det. Ghilarducci and I responded back to the strip where we responded to multiple reports of shots fired at New York- New York, the Tropicana and the Paris. We continued to drive up and down the relatively vacant strip looking for any other possible shooters.

We later checked on [REDACTED] and [REDACTED] and learned they were in surgery. I was able to contact them via Facebook in the following days. They expressed tremendous gratitude. They are both going to recover physically.

DIVISION OF  
OCCURRENCE: CCAC/DTAC

DATE & TIME  
OCCURRED: October 1st, 2017 @ 2213 hours

LOCATION OF  
OCCURRENCE: Route 91 Harvest Festival

**NARRATIVE:**

On October 1<sup>st</sup>, 2017 at approximately 2213 hours, I Officer N. Lefebvre P# 8383 was operating as marked patrol unit 3B3 received the MACTAC activation alert and responded to the designated rally point within the Downtown Area Command. Upon arrival I made contact with Sergeant Santos who was gathering intelligence of the incident. Due to the amount of people in Sergeant Santos control, Sergeant Santos directed me to take command of a 6 man element acting as a team leader.

After staging on the corner of Mesquite/Las Vegas Blvd, I directed my team to conduct foot patrol in our tactical gear on Las Vegas Blvd, Fremont Street as well as the adjacent streets off the Fremont experience. We did this site security and showed officer presence until 0730 hours.

**"PRINT"**Mandalay Bay-Active Shooter Incident

SUBJECT

DIVISION  
REPORTING: Community Policing DivisionDIVISION OF  
OCCURRENCE: Tourist Safety DivisionDATE & TIME  
OCCURRED: 10/02/2017 @ 2208 hours (approx.)LOCATION OF  
OCCURRENCE: Route 91 Festival/MGM Village – 3901 S.  
Las Vegas Blvd. Las Vegas, NV 89109NARRATIVE:**Vehicle Used:** LVMPD Marked Patrol SUV – #10646**Area of Responsibility:** University Medical Center – Trauma Unit 1800 W. Charleston Las Vegas, NV 89106

On 10/02/2017, at approximately 2208 hours Sgt. J. Starks and I were conducting briefing at Bolden Area Command when details of an active shooter at the Mandalay Bay were relayed to Lt. C. Hank. Having our pre-determined assignments for such an incident allowed Sgt. Stark and I to quickly assemble our officers and direct them to our areas of responsibility. Sgt. Stark rallied his officers to head towards the incident in Convention Center while I directed my officers to take control of the intersections immediately accessible from the University Medical Center's Trauma Unit.

Initial reports indicated friends and family had been taking it upon themselves to self-transport to area hospitals. Our initial efforts were to control traffic and the access points to Trauma and the Emergency Room entrance through coordination with Department of Public Safety (DPS) officers assigned to the facility.

Sgt. J. Houchen assumed the role of Incident Commander for UMC while I took the assignment of ensuring perimeter locations were sufficiently covered. During this time, additional calls for service were still being broadcast with details of shots fired at the Paris Hotel & Casino and a possible Vehicle Born Incendiary Device (VBIED) located at the Luxor Hotel. These reports caused supervisors to re-assess our priorities. In addition to ensuring victims were being routed to the correct destinations within the facility, a vetting process was established to ensure only victims and essential personnel (victims, medical staff, law enforcement,) had access to the main trauma entrance from Goldring. Other soft entrances to the facility were identified and staffed with a combination of DPS, NLVPD and Clark County School Police. Visitors for previously admitted patients were turned away. Family who transported or accompanied wounded persons during the incident were taken to the UMC cafeteria by DPS to avoid overcrowding of the Trauma intake areas.

At some point during the incident, a UMC employee emerged from the Trauma bay door to solicit medical supplies; namely tourniquets from patrol officers, to supplement an overwhelming need to triage those victims who could not be immediately taken into one of several active operating rooms. I collected several department issued tourniquets from officers on scene and gave them to medical staff. BAC Patrol Investigations Detective

W. Sharp continued this effort to collect several more. At end of shift, I re-supplied officers from Bolden Swings and Graves with new tourniquets from the BAC armory.

Media was staged at 2010 Goldring. However, very few took advantage of the location as the large media vehicles were not permitted to allow a free flow of traffic for law enforcement and medical operations to continue. Most news media set up on Tonopah and remote locations near Shadow Lane and Charleston Blvd.

As the night progressed into morning, we continued to make contacts with key employees to vet delivery trucks bringing in Medical kits and patient food items. We were relieved by Dayshift units and began our AB Roster protocols.

Mandalay Bay Active Shooter

SUBJECT

DIVISION REPORTING: <u>CCAC</u>	DIVISION OF OCCURRENCE: <u>CC12</u>
DATE & TIME OCCURRED: <u>10-1-17/ 2215</u>	LOCATION OF OCCURRENCE: <u>3950 S. Las Vegas Blvd.</u>

NARRATIVE:

We just completed briefing at CCAC for the graveyard shift. We were informed that there was an Active Shooter at the Mandalay Bay. I was in a rush to leave the station that I forgot to get my BWC. My routine is that I put my BWC on after briefing. I put my rifle and tac vest on in the parking garage of CCAC. I drove myself and my trainee Officer Sumalpong the following route, Swenson to Harom, Harmon to Paradise, and Paradise to Tropicana. Once on Tropicana driving westbound I was still able to hear the shots being fired. We continued west to Koval, where I turned south onto Koval. We then drove west on Reno and stopped just east of Haven St. We formed a strike team and walked behind my patrol car, using it as cover. At that time there were countless victims running up to us asking for help, where medical was staging, and numerous people were telling us that there were shooters on the ground level, inside of the fairgrounds in addition to the shooter on the 32<sup>nd</sup> floor. We made our approach using the patrol car as cover and turned south on to Haven St. We then continued south where Haven St came to a dead end. We then broke the team into two separate teams.

We utilized the bound and over watch technique to cross through the parking lot. As we moved west we continued to encounter more victims seeking shelter and help. We continued to direct them to the east on Reno. Once we made west to Giles St, we continued to bound and over watch until we made it on the fair grounds. We came in contact with off duty LVMPD Sgt. Lehtinen was attempting to help 30-50 people out of the fairgrounds. I advised Sgt. Lehtinen that we would provide cover for him so that he could continue to escort people out of the fairgrounds. After that we exited the fairgrounds due to me seeing more strike teams moving west, and there were reports of another active shooter at the Tropicana hotel. We were preparing to run to the Tropicana hotel and that is when it was determined that there was in fact no active shooter at the Tropicana hotel.

I then ran into Sgt. Porter and we formed a new strike team. We then heard the vice sergeant on the radio calling out shots fired and people running everywhere at the Paris hotel. We then ran to Sgt. Porter's patrol car and drove to the Paris hotel and helped clear the hotel. Once the casino floor was deemed safe, we then responded to the CCP at Tropicana and LV BLVD, where they were requesting strike teams to come and assist with force protection teams. We were then renamed Force Protection 5. We then responded to the Paris, Bellagio, NYNY, Luxor and finally ending up at the Mandalay Bay.

DIVISION REPORTING: Homeland Security Division

DIVISION OF OCCURRENCE: Tourist Safety Division

DATE & TIME OCCURRED: 10/01/17 @ 2205hrs

LOCATION OF OCCURRENCE: 3950 S. Las Vegas Blvd. LV NV

**NARRATIVE:**

At 2214 hours, the SWAT/CNT notification system was activated directing all personnel assigned to the teams to report to SCAC - Command Post (CP). My assignment that night was the secondary position of the Crisis Negotiation Team. Upon my arrival at SCAC, I reported to the CP with the rest of CNT. It was then determined we would need our own area to gather intelligence and not interfere with CP activities. At that point we moved to the TASS building located on the same property.

As the secondary position within CNT, my role would be to back up the primary negotiator while he/she negotiates with the subject. Until that time, the secondary should assist with intelligence gathering. As we were not in contact with the suspect, I began helping with intelligence gathering.

I interviewed PR [REDACTED] who was one of the original PR's to report the 415A. This was very early in the investigation and our goal was still to identify the shooter(s). [REDACTED] stated she went to use the restroom at the porta-potty when she suddenly heard the music stop. Once it was quiet she could hear gun fire. She stated it came very quickly and was repetitive. She informed me that she did not see where it was coming from or who was responsible for the shooting. [REDACTED] stated if we needed any further we could call her at any time.

After the identification of Paddock I began to search his social media for any connection to family/friends. I called his brother several times, who did not answer his phone. After Danley's information was discovered I began to search her social media. While searching her Facebook page we could originally

view her friends list. Roughly 30 minutes after first viewing her page, her friends list was no longer visible. At that time we knew she was still active on Facebook, but did not yet know she was out of the country.

I assisted Negotiator Honea with keeping updated information on the white board located in the command post. As we began to confirm information we documented it on the board for the negotiators to see. As information was proven unfounded, we would update such on the board as well.

Once Danley's information was released to the media I began to assist dispatch with fielding calls reference her whereabouts. I took several calls from PR's who had information related to the case and the pertinent ones were updated in CAD with their call back information for detectives.

The rest of my responsibilities were typical of intelligence gathering for Crisis Negotiations and included verifying phone numbers, license plates, addresses, etc. and pushing that information forward to the SWAT commander through the Team Leader.

DIVISION  
REPORTING:TrafficDIVISION OF  
OCCURRENCE:Convention CenterDATE & TIME  
OCCURRED:10/1/2017 10:08LOCATION OF  
OCCURRENCE:Mandalay Bay Events CenterNARRATIVE:

I Officer E Brown P#8539 was off-duty, unarmed, attending the Route 91 Harvest Festival on October 1<sup>st</sup>. I had arrived later in the evening about 19:30. Luckily my friend decided not to go last minute since it was a Sunday night. At the beginning of the shooting I was on the East side of the crowd in near the House of Blues. When the first burst of approximately 30 rounds were fired I thought for sure they were fireworks and I did nothing. When the second burst of approximately 30 rounds started I still assumed they were fireworks. As I moved West into the crowd to figure out who had fireworks a young lady took a headshot in front of me.

At this point I realized it was gunfire and I began to move quickly to the West towards the shooting. I had worked the event Friday and I knew that several Officers were in the area; however, I didn't recall any posts near the stage area so I was thinking I would be able to at least tackle the shooter.

As I got to the center of the stage area I had what I believed to be asphalt fly up and hit me. At this point I realized the shots were coming from far away and high up. The crowd was in panic and I assisted about a dozen people over the steel pony walls at the center of the venue.

As this crowd in front of me seemed to thin out I noticed a group huddled/lying in the middle of Stage left (West side). Rounds were still being fired and they were unprotected. One man was doing chest compressions on who I later learned was [REDACTED]. It seemed obvious that [REDACTED] was deceased and I insisted that the group get to cover. I had to assist [REDACTED] and [REDACTED] off the field as they were both suffering from gunshot injuries to the lower leg. I was able to get them to the bleachers on the West side of the venue. I left them for a short while to help pull more people from the field and back to the bleachers where it seemed safe.

Officers were now moving up and past us as they were looking for the threat. I came back to the injured women and was able to wrap [REDACTED]'s leg with a towel and apply pressure with a belt. [REDACTED] had removed her shirt to clean the wound of her daughter, [REDACTED], and they had applied a makeshift tourniquet while I was out looking to help others. Rounds were still being fired so I loaded [REDACTED] into a wheelchair that was there by the bleachers and [REDACTED] hobbled along with us towards the medical tent. I left them at the tent as it seemed like they were stable.

**CONTINUATION**

Event #: 171001-3519

I grabbed a wheelbarrow that was empty and went back onto the field where I found a couple of guys near the same bleachers where we had just taken cover earlier. They were trying to carry a younger male who had suffered a gunshot wound to the right side of his chest. We loaded him into the wheelchair, took him past the medical tent and put him into a car along with another injured male. It seemed like the gunfire had slowed or stopped at this point. I took another trip onto the field and searched the stage left area for anyone with a pulse and couldn't find anyone still alive. The Officers at this point were directing us to leave as it was a crime scene.

I headed back to the Medical Tent where [REDACTED] and [REDACTED] were being treated a veterinarian. They both had IV's in at this point but no supplies to help them. I loaded them onto a golfcart and we drove to the Motel 6 at Tropicana and Koval and found them space on an ambulance.

I returned the golf cart to the sidewalk near the medical tent and came into contact with Sgt S Lehtinen and his girlfriend. They had been assisting people as well and it seemed like everything was now stagnant and we were no longer needed. I convinced them to go with me since I was parked on the East side of the Tropicana and they were in the Luxor which we were being told was on lock down. As we got to the Tropicana people were telling us there was an active shooter in the Tropicana; however, we made it to my truck and headed home. I sent a text to my Sergeant and Lieutenant to tell them that I was there, summarized my involvement, and that I was home safely. I reported for A/B roster at 06:00.

**Active shooter at Mandalay Bay**

SUBJECT

Division Reporting: NE34	Division of Occurrence: CCAC
Date & Time Occurred: 10-01-17 2300	Location of Occurrence: Mandalay Bay

*Around 2215 hours on Sunday 10-01-17 while at home on an off day I was made aware by a fellow co-worker of an incident at Mandalay Bay where multiple people were shot including an Officer. As news reports came in and the reports of casualties kept increasing, I and several of my squad mates from NE34 decided to self-deploy to NEAC to see if we could assist in any way possible.*

*Once at NEAC, Sgt. T. Fletcher contacted dispatch and was informed that we could report to the command post at SCAC. Around 2330 hours we arrived and informed we would perform a roving patrol of LV Blvd as call sign Strike team 37A. Three other Officers and I conducted roving patrol from Sahara to Flamingo. Some time later we were told to cover Harmon to Sahara. The other Officers and I performed roving patrol until approximately 0700 hours. At time we reported back to the command post where we were relieved of our duties by the on-coming shift. Around 0730 hours we were told to return to NEAC.*

Community Oriented Policing  
Squad 25

**INVOLVED OFFICERS:**

Sergeant Phillip Mortimer P# 8572 (SC25)  
Officer Walter Tlockowski P# 5858 (SC25)  
Officer Julio Fajardo P# 8268 (SC25)  
Officer Daniel Blount P# 8287 (SC25)

**DETAILS:**

On October 1<sup>st</sup>, 2017, I, Sergeant Mortimer P# 8572 was on my regular day off (RDO) along with the rest of my squad. Shortly after the active shooter event was underway, I learned of the details and began listening to the radio traffic. I was able to determine that based on what I was hearing that there were multiple casualties and at that time believed we had multiple shooters on Las Vegas Boulevard. I called Officers Tlockowski, Fajardo and Blount who work for me. I told them that based on what was happening on Las Vegas Boulevard that I was going to respond to South Central Area Command and take action. I told my officers that they did not have to go, but if they did, to meet me at South Central Area Command.

Without any hesitation, Tlockowski, Fajardo and Blount met me at South Central Area Command. We put on uniforms and I checked us in with the command post in front of South Central Area Command. After checking in, the command post was notified that Caesar's Palace had an active shooter inside. I immediately requested that my squad handle that threat. We were assigned as a strike team and drove code 3 to Caesar's Palace.

Upon arrival at Caesars Palace, I made contact with a security guard who advised me that there was not a shooting at their property. I advised the command post that there was not a shooting at Caesar's Palace. I then received orders to maintain security at Caesar's Palace.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001-3519

I then received a team of officers (7 officers including one Sergeant) from Henderson Police Department to assist me. I broke down our officers into teams. Each team was responsible for securing their respective area making sure there were no hidden threats and then stay in their respective area. I called the surveillance room and spoke directly to a security officer watching the cameras. I advised him to radio into security anything may look the slightest bit suspicious. I assigned an officer to partner with the security guard with us out front so we could get real-time information should surveillance see anything concerning. I also assigned one officer to listen to Convention Center Area Command's radio channel while I stayed on South Central.

I then requested that a security guard show me every vantage point around our area that a threat might be able to use. The security officer showed me roof tops, bridges and other areas where a possible ambush could take place from. I then asked security to remove their coats and place them over the large spotlights that shine up from their landscaping to prevent my officers from being illuminated. Knowing that this mission could last for a very long time, I had security bring water, phone chargers, power strips and an EMT to our location. I also requested that a plan be made for food should this event last very long.

I made contact with an EMT and had her set up in area just inside the doors around a corner, behind cover, and made her aware that she needed to be ready to treat possible gun-shot victims. The EMT set up an area for herself to work and I advised her to stay there and away from any exterior glass doors.

I set up another location where we would bring a victim, witness or suspect should we have any. From this location we could triage appropriately and take the necessary life-saving or enforcement action.

I briefed all of my officers, Henderson officers, the EMT and security as to what our mission was. Everyone responded bravely and worked together seamlessly. As stressful as the situation was, the cooperation from everyone made our mission a success.

After protecting Caesar's Palace for hours, I was advised to take my squad to the crime scene and leave Henderson Police at Caesar's Palace. We drove to the crime scene and learned that day-shift relief would be coming soon and not to take an official position on the crime scene. My squad returned the command post at South Central Area Command and checked out. We then returned to A/B roster.

OCCURRENCE:

3950 S Las Vegas Blvd Las Vegas Nevada

**NARRATIVE:**

FYI On 10-1-2017 I Officer R. Angulo Jr. P#8711 working as PD201 assigned to SEAC 39 patrol investigations, was conducting a follow up in the area of Lake Mead & Boulder Hwy in reference to a domestic battery suspect. Around 2208 hours a radio broadcast was made in reference to an active shooter at the Route 91 music festival across the street from the Mandalay Bay Hotel & Casino. I immediately contacted another Detective on my squad to see what our plan of action would be due to the report of multiple shooters and volume of the event. I contacted Det. J Campbell P#13150 who advised me he was with Det. R. Halasi P#8793 enroute to the CP located at SCAC. Det. Halasi is part of the CNT and had to report for his duties with the Crisis Negotiator Team.

I responded to the CP located at SCAC and met with Det. Campbell. There was multiple reports of additional active shooters and casualties in and around the event so we made the determination to move toward the event to aid in response to the calls. While driving to the scene there was a report of a suspicious white male adult who had exited an RV parked east of the Motel 6 located at 195 E. Tropicana. Dispatch reported that the male was dressed in camouflage clothing and had a duffel bag with him.

We made our way to the east side of the Motel 6 to assist in locating the subject. Upon arriving there was a hasty casualty collection point established by a CCFD fire engine. They were parked on an access road just east of the north bound lanes of Koval lane on the executive airport parking lot. The 4 man crew was assessing patients and appeared to be overrun with patients. There was approximately 15-20 patients the crew was assessing and there was no Fire rescues or ambulances in the area. I advised Det. Campbell I was going to help with assessing patients due to the fact that I carry a first aid/trauma bag and have an EMT basic certification.

I asked the Fire Captain what I could do to assist and he advised me he had critical patients and no transports. My work vehicle is a quad cab Ford F-150 pickup truck. I advised the Captain I would be able to transport whatever patients needed to go immediately. I was able to load 3 wounded civilians in the bed and laid another female patient across the back seat. Before leaving I advised the Captain I had room for one more patient and a male with his clothing cut off carrying an IV was loaded into my passenger seat. I immediately advised Det. Campbell I would be transporting critical patients to Sunrise Trauma, which is the closest trauma center to the scene. Det. Campbell stated he would be assisting with the suspicious male at the Motel 6.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: LLV171001003519

I drove east on Tropicana to Maryland Parkway, while driving North to Sunrise I switched my radio to SEAC channel to advise dispatch that we would need additional units to assist at the hospital to record names of incoming patients and keep unnecessary traffic out of the trauma bay. I was able to unload all 5 patients and I found a 6<sup>th</sup> person, white female adult hiding in the back seat of my truck. I advised her I needed to leave to link back up with my squad and she stayed at Sunrise.

While driving back I made contact with Det. Campbell who was walking to the Tropicana Hotel. There was multiple reports of an active shooter in the Tropicana. I picked him up and we met with Det. A. Gallegos P#6001 who is also assigned to our squad. We met him in the valet of the Tropicana. There we were trying to confirm reports of the active shooter when we heard 705V come over the radio and report an active shooter in the Paris Hotel and Casino. Detectives Campbell, Gallegos and I all drove together in my department truck to the Paris to assist with clearing the Property.

Upon arrival we pulled into the valet area to assist 705V who advised there was shots going off in the Paris. We pulled in behind a marked vehicle from the HSST. Officer Ricardo Lara P#8269 exited the driver's seat and we made the determination to form a strike team to enter the property with other officers. Detectives Campbell and Gallegos stated they were going to find a security guard and attempt to get to the surveillance room to receive up to date information and relay their findings over the radio.

We made entry and found a Vice squad standing in the middle of the gaming floor. Due to the report of the 705V, I yelled to them we would be clearing to the east of the interior toward the restaurants and shops.

While clearing the property there was an overabundance of civilians walking throughout the property and due to the multiple radio calls of active shooters on the Las Vegas Strip I asked a Paris security guard to find a room where we could keep the crowd of civilians in while we finished clearing the property. Detective O. Deeds P#14750 and I walked the crowd of about 50 -75 civilians into a conference room where I advised them of the situation and that they would need to shelter in place with security. I advised the security guard to not let them leave until the property was cleared by the police.

We then left the conference area to continue to search the property. I was finally advised that there was no active shooter in the property and I left the property to meet up with Detectives Campbell and Gallegos who had formed an over watch position on the second floor outdoor bar at the Paris. There we continued to monitor radio traffic and checked surrounding properties with binoculars for anything suspicious.

**NARRATIVE:**

I'm Sergeant Findley and I currently work in the gang unit, and supervise GC 50 squad. Our shift is 1500 – 0100 hours, swing shift (S,M,T) off.

On 10-01-17 at approximately 2214 hours, I was at home and received the first text message from one of my officers stating that there was an active shooter at the Mandalay Bay. The following text messages I received were that the suspect was shooting from an elevated position with an automatic rifle, shooting into a crowd attending the Route 91 festival, multiple casualties, and officers were hit. My unit is on a group text message and we were receiving all of this information. I decided that whoever could come into work and dress out needed to do so. My officers that were available and responded were myself, Officer Amanda Frey P# 9113, Officer Sandon Sowers P# 15002, Officer Joseph Sarpong P# 15001, Officer Justin Spurling P# 13647, and Officer Anthony Salgado P# 14918. Once everyone was dressed out and ready, we left HQ and responded to the command post located at SCAC front parking lot. The entire process to do this was less than an hour upon first text message and arriving at the command post. Once at the command post my unit was assigned to be Strike Team 16 and to respond to the Mirage Casino to provide site security. While at the Mirage Casino we handled several calls, one which was an alleged shooter call located on the 7<sup>th</sup> floor of the parking garage, (the call was unfounded). We stayed on post until 9 am until we were relieved by dayshift units.

Event # 171001-3519

Mandalay Bay Active Shooter  
SUBJECT

DIVISION REPORTING: <u>Traffic/TR-32</u>	DIVISION OF OCCURRENCE: <u>South Central Area Command/M4</u>
DATE & TIME OCCURRED: <u>10-01-17/2208</u>	LOCATION OF OCCURRENCE: <u>Mandalay Bay Hotel Casino</u>

NARRATIVE:

On 10-01-17 at approximately 2208 LVMPD dispatch received numerous and overwhelming calls via radio and landlines reference an active shooter firing into the Route 91 Festival event on the Las Vegas strip just to the north and east of the Mandalay Bay Hotel Casino. I Officer J. Jackson P# 8727 was acting Sgt. under call sign 740TA. I was approving accident reports at the Traffic Bureau when I heard the radio traffic in reference to the active shooter. Due to the nature and scope of the event, I knew that MAC/TAC squads would be soon activated. Also due the reports of an active shooter firing from an unknown elevated position and an unknown number of assailants, I knew that rushing into the line of fire would be catastrophic for anyone either police, fire, rescue or civilians deploying to the area. Due to the fact that I was at the Traffic Bureau at Decatur/Russell area and close proximity to the shooting location and access to Russell Rd and the I-15, I self-dispatched myself to block traffic accessing a direct route to the active shooting area. Unfortunately I had numerous upset citizens that I prevented their access to the shooting area. Upon shutting down the I-15 northbound access road (collector distributor road) to Russell Rd, Frank Sinatra and Las Vegas Blvd with line of site to the Mandalay Bay, I prevented civilians from entering an active shooting zone, crime scene and allowed responding Metro, NHP, North Las Vegas, Henderson, ATF, FBI, Homeland Security, EMS and other first responders access to the staging area and initial command post at South Central Area Command at Las Vegas Blvd and Russell. Upon completing the shutdown of the route to the strip, I then directed the other 5 members of Traffic Squad TR-32 to take up additional staging posts to allow ingress and egress of emergency vehicles to and from the casualty collection points within the scene of the active shooter. Finally after Nevada Highway Patrol Troopers and Nevada Department of Transportation (NDOT) personnel were able to successfully divert traffic, set up barriers and contain a massive outer perimeter, TR-32 was able to deploy to inner perimeter spots to help preserve the massive crime scene. Upon being relieved by Henderson units at approximately 0700 hours at inner perimeter spots, TR-32 checked out at the SCAC Command Post and secured at approximately 0730 hours.

REPORTING:

Patrol

DIVISION OF  
OCCURRENCE:

CCAC

DATE & TIME  
OCCURRED:

10/01/2017 2205

LOCATION OF  
OCCURRENCE:

Mandalay Bay Las Vegas, NV

NARRATIVE:

FYI

On 10/1/17, the following Homeland Security Saturation Team (HSST) Officers responded to the active shooter event that occurred at the Mandalay Bay: Officers M. Gass P#13643, C. Leavitt P#8737, S. Greene P#8918, C. Young P#15462, D. Garmendia P#14208.

The above Officers including the rest of HSST were on a RDO's when this event occurred, many of which had family and friends attending the Route 91 concert. When initial reports gun fire occurred many of those friends and family present contacted those Officers in panic. HSST was given permission by the Sergeants to activate and report to Headquarters as soon as possible. Upon arriving at headquarters there had been additional reports of gunfire at several locations, which we later found to be false. Officers rapidly deployed to the several locations to stop any additional incidents. Once we found those locations safe we reported to the staging area where the above Officers received further assignments, being designated as strike team 45.

Officers were briefed by SWAT at the Mandalay Bay valet and designated as a Rescue Protection Team (Rescue 2) tasked with clearing several hotel room floors while searching for any persons injured and additionally anything else suspicious or could have been related to the previous active shooter. Rescue 2 was assigned with fire rescue medics. Rescue 2 was assigned hotel levels 11 and 34. Officers knocked on each and every hotel room checking on guests. Once Rescue 2 concluded their assignments the team was broken down and the above Officers returned to the staging area for further assignments. All of the above Officers are rifle certified and deployed their rifles during this event, with the exception of officer C. Young.

The remaining HSST Officers were assigned to cordon off an area of Tropicana and Las Vegas Blvd. There was a casualty laying on the street. The area was to be cordoned off until the Coroner could arrive and process the body. While the coroner arrived and processed the body HSST held up white blankets blocking all views from the media and public on pedestrian bridges.

Mandalay Bay Active Shooter  
SUBJECT

DIVISION REPORTING: Tourist Safety Division / DTAC / DT32

DIVISION OF OCCURRENCE: Tourist Safety Division / CCAC

DATE & TIME OCCURRED: 10/01/2017 2200 Hours

LOCATION OF OCCURRENCE: Mandalay Bay / Route 91 Festival

**NARRATIVE:**

**Pre Deployment:**

On 10-01-2017, I was operating in a marked patrol supervisor capacity in Downtown Area Command as 791. At approximately 2200 hours our dispatcher broadcast reports of an active shooter at a concert near the Mandalay Bay in Convention Center area command. I was busy on the phone in DTAC's parking lot clarifying the details of a call for 307WC when I first hear the broadcast.

After hearing the broadcast I immediately changed the radio to CCAC and heard the chaotic radio traffic from officers. I also heard automatic gun fire through the radio when officers would key their microphones. I hung up the phone and ran into briefing to alert Sgt. J. Santos and graveyard officers in briefing that an active shooter was working and they needed to hit the streets immediately.

**Deployment:**

From there I broadcast over DTAC channel to have all units meet at the rally point to regroup to deploy as squads. As per our protocol at DTAC being in the Tourist Safety Division I advised officers over the air to stay in DTAC and not self-deploy to the Mandalay Bay, fearing that with over convergence we would leave the thousands of tourists in DTAC exposed. Shortly after broadcasting to have units deploy to the rally point they immediately started arriving. Without hesitation officers from DT32 and DT34 began donning their MACTAC gear and preparing their rifles and shotguns for deployment.

Listening to the radio traffic and sensing how rapidly the scene was deteriorating I opted not to waste time calling a dispatch supervisor. I advised Sgt. D. Mason that my squad (DT32) would take the Stratosphere since I only had six officers. Sgt. Mason (DT34) had a squad of FTO's and trainees, so I suggested he take the Fremont Street Experience. I then advised a bike officer via cell phone who had called me that they were going to stay at the FSE where they were and be under Sgt. Mason's direction.

After making the hasty plan of where we would secure DT32 began caravanning code 3 to the Stratosphere. Upon arrival I had my units set up on the three main entrances. Officers L. Vincent and J. Sandoval on the main entrance/valet off of Bob Stupak/LV Boulevard. Officer Vincent had a rifle with optic deployed and Sandoval a personal shotgun. Officers M. Elgaard and R. Cuevas were on the north entrance near Philadelphia and Main Street. Both were armed with shotguns, Elgaard's being personally owned. Officers R.

Event #: 171001-3519

Starks, R. Licerio and R. Santini (DT14), were in the center of the property near the entrance by the parking garage. Officers were armed with Shotguns and handguns. Officer Starks and Licerio were both at jail when the incident initially occurred and had to link up with Officer Santini when they were finished.

I linked up with security and had a security guard post with officers to keep communication with the inside of the casino. A Taxi Cab Authority officer who was doing enforcement in the area saw we were in our MACTAC gear and stayed with me until 0300 hours so I would have a unit with me. I was also posted up in the Valet off of Bob Stupak, but on the west side of valet.

I immediately advised Stratosphere security of the incident at Mandalay Bay and they began calling in additional resources. Stratosphere's bike security guards are armed with handguns and were the guards that posted up with officers outside. I suggested to Stratosphere security supervisors that they should begin preparing the possibility of clearing out the tower.

In the event that an active shooter situation occurred inside the Stratosphere I assigned each team of officers what call sign to utilize to minimize confusion of having multiple call signs on the radio.

**Stratosphere Deployment:**

Shortly after arriving and setting up positions, four female who were at the event were dropped off at the valet in a truck. They advised me that they were okay, but witnessed several people shot all around them. I directed the females of Officer Vincent to take down their information as they were from out of town.

During the event an Asian female driving a black VW Jetta pulled into the valet and threw a box wrapped in a bag in front of Officer Vincent and Sandoval's SUV. The female didn't say anything to the officers prior to, or after discarding the package and began to drive away through valet towards me. Officer Vincent gave very calm and concise radio traffic of what had occurred to me. I immediately ran towards the car and pointed my rifle at the female, which caused her to stop. Officers Vincent and Sandoval then ordered the female out of the car, who at the time had a smile on her face. Officer Sandoval immediately began to question her after he patted her down as to what she threw in front of their car. As we were dealing with her Stratosphere had a K9 unit check the package. The contents of the package was determined by the K9 unit to be a box of doughnuts. The female stated felt bad about the incident and wanted to do something nice for officers. I thanked her for the kind gesture and told her not to do that to any more units, because she could've been shot. Officers Sandoval and Vincent showed great restraint and poise during this. They could have easily mistaken this female as a threat, do the broadcast on CCAC channel of the shooter having an Asian female accomplice. They used sound tactics and verbal commands to deescalate what could have resulted in a catastrophic use of force on a citizen who chose the wrong time and place to do something kind for us. Officer Vincent took down the female's information and the license plate of the VW Jetta was logged.

Several hours into the event DTAC PD units manned the interior of the Stratosphere. Previous to this they were roving security around the area of the stratosphere and Lucky Dragon casino.

Later in the event a subject from the 19<sup>th</sup> floor of the Stratosphere called out five shots that they heard outside the stratosphere. All units to include myself immediately advised that no shots were heard outside the Stratosphere. Security quickly confirmed that none were fired inside the building as well. This information was quickly relayed to DTAC dispatcher and 210IC.

Units stayed on post at the stratosphere until relieved at 0800 hours.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001-3519

**Post incident:**

Ultimately DT32 reacted swiftly and tactically to our area for our initial response. From the multiple calls through CCAC channel we were certain that as the reports of active shooters kept coming in farther north up the strip at hotel properties, that we would encounter a threat. This never happened. We did exactly what we were trained to do as a squad during this horrific event, but will always wish we could've done more.

NARRATIVE:

On 10/1/2017 I Officer G. Smith P#8758 was operating as Special Events Unit 765E assigned to Sgt Van Nest (765SE) at the Route 91 Harvest Festival. I was stationed at the Main Gate/Bag and Wristband check. At approximately 2200 hours I heard 4-5 cracks which I thought to be fireworks initially. Approximately 2-3 minutes later event security came running out to the main gate area yelling **"PEOPLE ARE SHOT, SOMEONE IS SHOOTING"**! At that time a long burst of gun fire came from the area of Mandalay Bay Hotel. I immediately took off running west towards Las Vegas Blvd jumping over a short block wall then I ran south on Las Vegas Blvd. I entered an opening at Gate 2B where I ran south behind the cinder block wall where I could hear bullets whizzing over my head and hitting the ground. As I was running there were multiple civilians just standing around confused and lost as well as walking like it was no big deal. As I was running I was pushing people down behind the wall and telling them **"STAY DOWN, YOU WILL BE SAFE. WAIT FOR AN OFFICER TO COME GET YOU AND FOLLOW THEIR DIRECTIONS"**. I was also yelling at civilians in the VIP area who were standing around looking to **"GET OUT, GET DOWN. THERE ARE GUN SHOTS"**! I arrived down at the corner of Las Vegas Blvd/Mandalay Bay Rd where I met up with other officers, Sgt Stuart Richmond (720) where we were pinned down behind the block wall with several civilians. While behind the block wall myself and a couple other officers were talking to the civilians keeping them calm and reassuring them that they will be ok as bullets were whizzing by all of our heads and where we could hear rounds hitting the ground behind us. Once there was no shooting we started to move the civilians out of the area in a safe and quick manner passing them off to other officers by the main gate.

Once the civilians were out of the area Sgt Richmond (720) and Sgt Bauman (790) put together two strike teams consisting of 7 officers each. I was with Sgt Richmond's strike team where I was placed as a team leader. A plan was made to conduct bounding over watch across Las Vegas Blvd, over a rod iron fence into Luxor Parking lot, then across Mandalay Bay Rd where we made our way up towards the front Valet of Mandalay Bay. Both teams radioed to dispatch that both teams were going to enter Mandalay Bay Casino Floor. Once we entered the casino floor Sgt Richmond had our strike team go right through the casino where we slowly cleared restrooms, bars, stores and restaurants. During our clearing of the casino we located approximately 15-20 civilians who were still hiding. After conducting a quick pat down of them we quickly escorted them to the Michael Jackson Theater where officers were keeping others safe until they could be evacuated. After, SWAT and Medical arrived and the scene became static our strike team was redirected to

## OFFICER'S REPORT

Event # 171001-3519Active Shooter @ Route 91

SUBJECT

DIVISION  
REPORTING: Support Operations BureauDIVISION OF  
OCCURRENCE: CCACDATE & TIME  
OCCURRED: 10/01/2017 @ 2008 hoursLOCATION OF  
OCCURRENCE: Route 91 Concert  
3901 S. Las Vegas Blvd Las Vegas NvNARRATIVE:

I, Officer M. Kraut p#9313, along with Officer Andrew Krnjeu P#9336 both operating as 1B1SE on Sunday, October 1<sup>st</sup>, 2017 was working the special event of Route 91 concert at the MGM Village Lot, which was located at 3901 S. Las Vegas Blvd. Officer Krnjeu and I were assigned to an interior post, located on the grass area on the west side of the stage near the VIP/Neon lounge bleachers. Our duties for the event were to rove the assigned area, handle any police matters and to remain visible while interacting with the crowd.

Prior to the last concert, with Jason Aldean, Officer Krnjeu and I were staged towards the rear northwest corner of the grass area, directly in front of the suite 1 and 2. The suites are directly next to the VIP/Neon lounge bleachers. As the concert started around 2145 hours, people started to fill in the entire grass area, so our plan was to remain here for the duration of the concert.

At approximately 2207 hours, Officer Krnjeu and I heard a short burst of three to four possible gun shots coming from a distance near Mandalay Bay. Immediately upon hearing these shots both Officer Krnjeu and I looked up to see if there were fireworks and then looked at one another saying "are those gun shots?" We decided to open the gate near the VIP and suite intersect and started walking south along the front of the VIP bleachers. Near half way through the bleachers we both heard another short burst of three to four gun shots. Both of us drew our firearms and begin running towards the stage in order to get to the street out of gate number 1, as we thought the shooting was coming from the street. Within a few seconds after the small burst of shots we could hear gun fire erupting and with what appeared to be automatic fire all around us. The firing sounded like it was coming from the Las Vegas Boulevard and with multiple shooters on the street. As Officer Krnjeu and I rounded the corner to go on the side of the coach buses for the singers, we started to walk towards the street from gate 1 in order to handle the threat. We spread out between the buses about 20 feet apart and started to walking along the buses with our firearms drawn in order to take the threat out when and if needed.

For the Route 91 concert all officers were on Event 5 and did not have a dispatcher, only a CP on site. This being an issue and me think CCAC doesn't know this was happening, I called back my partner and we took cover behind a coach bus in order to switch the radio. Krnjeu covered me while I grabbed my pack set and switched over to CCAC, while he continued to stay on Event 5 radio channel. After doing this, an officer came

**CONTINUATION**

Event #: 171001-3519

on the radio and said "it's coming high," in regards to the shooting. At that point I was thinking only a couple floors up, so we wanted to try and get close enough to the street to see if we could see where the shooting was coming from. The fence around the arena had a green mesh screen on it, so we were trying to get as close to the fence as possible to look out. I yelled to Krnjeu that we needed to "kill the lights so we could get closer." We then started to unplug lights and tip over anything that was illuminating or silhouetting us, in order to get closer without being seen. While we were attempting to get down all the lights around the coach buses Officer Hutchason, our CP, got on the radio and said "the shooting is coming high from Mandalay Bay take cover."

Upon hearing this radio traffic we immediately took cover behind the last two singer's buses (the red and white bus closest to the stage) in order to shield ourselves from the rounds. I took my cover stance at the end of the red bus, on the north side and Officer Krnjeu took his cover stance at the south side of the bus. Since I was closest to the stage opening I made contact with several security guards who in turn went back and got any bystanders from underneath the VIP bleachers and the stage where they were hiding. When the bystanders made their way to me I had them hide and take cover between the coach buses and stay low to the ground. Eventually we ended up with approximately 100 people between the buses hiding and taking cover. While they were hiding both Officer Krnjeu and I stayed on each side of the bus in order to control the bystanders from leaving the cover of the bus. Several people wanted to leave, some even tried to pass myself and head to the street. I had to yell several times to people to stay behind the bus, stay low and to stay calm. Some bystanders would yell at me asking me for weapons to help and asking for trauma kits for the wounded.

I saw around 5-10 injuries when they made their way to me by the buses, two which appeared to be critical. Seeing these injuries, I tasked one of the security guards and a former military member to find me any belts or bandanas in order to place tourniquets on individuals if needed. I had several chest injuries and wounds to arms and legs. I assisted as best as I could with cutting a women's shirt off to see her wound, but I could only help a little, as I was the only one with a firearm on the north side of the bus, that could take out a threat if needed to. At one point, I assigned a couple military veterans, two nurses and an off duty fire department member to assess the injuries of the people for me. Eventually, I was able to get on the radio to let dispatch and other officers know that "we were on the west side of the stage with 100 people and one injured", in order to get other officers to us and help evacuate them when it was safe to do so.

Since we had so many people in between the buses and it was getting crowded, I had someone open a door right next to the west side of the stage in order to put more people into the small conex box for them to be out of sight of the potential threat, I wanted as many layers as possible between them and the potential threat.

At one point I had to assign three larger men to pin down an intoxicated male military veteran that wanted to run out into the street and was yelling that he wanted to "take care of it himself." The unknown male was so intoxicated and fighting that I had to put my firearm away and throw my handcuffs to someone in order to get him under control. He was making everyone very nervous and people were panicking even more because of him.

Throughout the time that we had all of the concert goers with us, we were unsure of who and how many people were actually on any of the buses or if anyone was injured on the buses. Once we were able to get additional officers to us and safely evacuate all the concert goers to the triage area, we then focused our efforts on the buses. Myself and other officers went and knocked on the buses and took a head count of approximately 40 people on three of the buses with no injuries. The people that were on the buses were mostly associated with Jake Owen's and Jason Aldean's family or employees. Our original plan with Lt. Spencer and Sgt. Bulmer, was to attempt to get everyone out of the buses by evacuating them to the church parking lot, where we staged for briefing. We were able to evacuate the red bus, which had the most people of the three buses first. A squad of

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001-3519

officers helped evacuate them to a safe place. When we were about to evacuate the two other buses, multiple calls started coming in regarding active shooter's at other hotels on the strip. We set up a plan with LT. Spencer and Sergeant Bulmer that were on scene with us, to have them stay put due to the unknown threats. We had a discussion regarding the safest way to get them out of the area. I mentioned the fact about Mumbai, India with multiple locations and that these are "dignitaries" in our eyes at this point and it is better to stay put because roads are shut down. We didn't know if there were other threats. We agreed that we would have the other officers that made their way to us, conduct a 360 degree perimeter around the buses until we could safely get them out. About ten officers, along with myself stayed in this position until around 0300 hours.

While we stayed in this position, I assisted Sgt. Bulmer and made sure officers had water and breaks. We were able to use the red coach bus for the bathroom to take breaks and watch CNN to see what the breaking news was saying about the situation.

When we were able to get the remaining people off the buses, our plan was to take a white van load up about 14 passengers at a time and evacuate them to the church parking lot. Officer Tim Fredrick drove the vehicle while Officer Krnjeu and I ran in front of the vehicle in order to handle any threats that may come our way. We followed the vehicle until it was out of gate 7 safely. We did this three times to get everyone out safely and take them to the church parking lot. Once they were all safe, all the officers reported to the church as well. There I helped out with whatever was needed to be done for the LT. and Sgt.'s. I assisted with victims and coordinated with the PD officers that arrived in order to get statements. I stayed in the church parking lot until we had relief officers come in, at which point we went to the debriefing location with Captain Larkin.

Several days later I completed an Occupational Injury form, for my ears, as they have continued to ring and the pressure in my right ear.

It should also be noted that off duty Officer Tana Gurule and an off duty officer from DTAC, in field training assisted with us as well. Officer Gurule assisted with administration stuff, counting of people on the buses and anything else we needed. The officer from DTAC took up a post on the east side of a bus with a shotgun for the entire time in order to keep our perimeter around the buses. Two other off duty officers stayed with this DTAC officer to be his eye as well. One was from the North Las Vegas Police Department and the other police officer, I believe was from a California agency.

Mandalay Bay Active Shooter

SUBJECT

DIVISION  
REPORTING:

Enterprise Area Command - Patrol

DIVISION OF  
OCCURRENCE:

Convention Center Area Command - (M4)

DATE & TIME  
OCCURRED:

10-01-17 / 2205 hours

LOCATION OF  
OCCURRENCE:3950 South Las Vegas Blvd., Las Vegas,  
NV 89119NARRATIVE:

On October 1<sup>st</sup>, 2017, I, Sergeant S. Skenandore P#13341 was operating as marked patrol unit 792 when another officer notified our area command that there was an "active shooter" at the Mandalay Bay, located at 3950 South Las Vegas Blvd., Las Vegas, NV 89119.

I deployed several officers from Enterprise Area Command with rifles to assist the situation. When graveyard units logged on soon thereafter, all of swings, including myself deployed to assist. Upon arrival in front of the Luxor Casino, there were about 50-100 citizens taking cover behind the spire directly in front of the Luxor, located at 3900 South Las Vegas Boulevard. There were 7-8 officers protecting those citizens taking cover. Officer A. Loos P#14797 was one of those officers. Officer Loos believed there were only two teams within Mandalay Bay. I had him, another unknown officer with a rifle, and a third unknown officer with a shotgun come to me and I told them that we needed to "bound over watch" and get into the casino.

All four of us were eventually joined by four other officers. One of these officers was unknown to myself. The other three were Officer A. Gilbert P#13624, Officer P. Boffelli P#15013, and Officer J. Espadas P#13347.

All eight of us entered the Mandalay Bay through the back emergency exit of the House of Blues and continued clearing the first floor of the casino. Eventually we made our way to an area between the Sportsbook and the Michael Jackson One Theater. A manager of the Michael Jackson Cirque du Soleil show talked with me and told me that there were approximately 1000 people in the theater and that there were no Police Officers or armed security officers to protect them. The manager later made a more accurate count of 1500-1800 people within the theater. Given that this was a very large gathering of unprotected people within the casino where we knew an active shooter to be located, the eight of us deployed to protect the people within the theater.

Over the next several hours, I organized the protection and evacuation of those within.

On 10/01/17 at approximately 2205 hours, I Officer J. Orgill #15036 patrolling as marked unit 3S1. When I, dispatched myself to an active shooter call, located at the Mandalay Bay 3950 Las Vegas Blvd, Las Vegas, NV 89179.

As I approached from Tropicana and Las Vegas Blvd, dispatch was calling for someone to stop road traffic and foot traffic going east bound on Tropicana from Dean Martin. I, turned around and took control of the intersection at Dean Martin and Tropicana. After about 30 minutes I received help from another Highway Patrol Officer to control road traffic and pedestrian traffic going east bound. This lasted for the duration of the call until I was relieved from Department of Transportation at 0700 hours on 10/02/17, where they were able to set up road blockage and signs blocking east bound road and pedestrian traffic.

OCCURRED:10/01/2017 2205 hoursLOCATION OF  
OCCURRENCE:Mandalay Bay Hotel and Casino 3950 S.  
Las Vegas Blvd LV, NV 89109NARRATIVE:

On October 1, 2017, I, Officer J. Blasko P#15065 was conducting marked patrol as marked unit 3S23. Officers were advised over Enterprise Area Command channel of an active shooter call occurring at Mandalay Bay Hotel and Casino located at 3950 S. Las Vegas Blvd LV, NV 89109.

Officer Blasko and Officer J. Park P#10011 conducting marked patrol as 3S6 were dispatched to the address listed above. Officer Blasko arrived at the Mandalay Bay along with Officer Park at the Mandalay Bay loading docks where there was also a South Central Area Command patrol car. Once all officers were out of their patrol vehicles Officers made a four person strike team and entered the Mandalay Bay from the back of the house. The plan amongst Officer's was to get to the floor where the threat was at. Officers were then flagged down by security. Security took Officer's to the main control room where the closed circuit television cameras are at. Officer Blasko and Officer Park stayed in the main control room to monitor cameras while South Central Officer's attempted to get a hold of supervisors and communications via land line.

After a period of a few hours Officer Blasko and Park were relieved by SNCTC. Officers were advised to go to the main valet of the Mandalay Bay to get their next assignment. Once that was complete Officers Blasko and Park then went to the Command Post located at South Central Area Command until advised to secure.

Mandalay Bay Active Shooter

SUBJECT

DIVISION  
REPORTING:

Homeland Security Division

DIVISION OF  
OCCURRENCE:

CCAC

DATE & TIME  
OCCURRED:

10-01-17 Approximately 2200 Hours

LOCATION OF  
OCCURRENCE:

3950 Las Vegas Blvd. Las Vegas, NV,  
89119

NARRATIVE:

On 10-01-17 at approximately 2200 hours, I Officer K. Stephens acting as the Assistant Team Leader for the LVMPD SWAT Blue Team received information of a possible active shooter at the Mandalay Bay Hotel. I also received information from Sgt. T. Mueller that the shooter was possibly in an elevated position and that we were to meet at the SCAC Area Command per Lt. W. Huddler. I then requested three SWAT officers to respond to the SWAT hanger to retrieve three Armored Vehicles.

Once I arrived at SCAC I along with Sgt. T. Mueller, we quickly divided the SWAT operators into several active shooter teams. Once the teams were established we did not have any other available intelligence as to where the shooting was coming from or where the shooter was located. The teams then started walking northbound on Las Vegas Boulevard to the Mandalay Bay Hotel. The teams made it to the front entrance of the Four Seasons and then made our way to the Mandalay Bay Hotel. We started to receive intelligence that patrol officers were on the 32<sup>nd</sup> floor and that we had SWAT personnel on the 32<sup>nd</sup> floor also. We made our way to the elevators in an attempt to get up to the 32<sup>nd</sup> floor. The communications with the command post and the area channel were very broken up due to the interior of the hotel. We were then informed that possible suspects were coming down the elevators. We set up in the elevator area to stage for the possible suspects. During this time we received intelligence that another active shooter was occurring at the New York New York Hotel. At this time, the LVMPD SWAT Red Team started to go to the New York New York Hotel. The Blue Team stayed at the Mandalay Bay and we soon found out that the information about the suspects coming down the elevators was unfounded and that the elevators were all shut down.

We then found out that the Red Team returned to the Mandalay Bay Hotel and that the information about the active shooter at the New York New York was also unfounded.

We then went to the stairs and both the Blue Team and the Red Team moved up the stairs to the 32<sup>nd</sup> floor. As I was making it up the stairs, I received intelligence that the teams on the 32<sup>nd</sup> floor had already made entry into the suspect's room and that the suspect was down. Sgt. Mueller and I then divided up the teams to clear each floor. As the floors were being cleared nothing additional was located. We cleared from the 25<sup>th</sup> floor to the roof. A team was left on the roof to hold that position.

While we were clearing the floors we received intelligence that a second room was possibly rented by the suspect however, the room number we were given did not exist.

We then received information to bring the teams down to the valet area of the Mandalay Bay per Lt. W. Huddler. Once all of the teams were in the valet area, I received direction from the command post LT. W. Huddler and Sgt. T. Mueller to organize several teams with medical personnel from the fire department to clear every floor and every room. A security guard gave me multiple master keys and I divided them up amongst several teams. Once all of the teams were sent upstairs all of the rooms were cleared. Nothing additional was found. Once all of the rooms were cleared, I returned the master keys to Mandalay Bay security. All of the teams from SWAT then returned back to SCAC for an operational debrief.

Event # 171001003519

Active Shooter

SUBJECT

DIVISION REPORTING: Support Operations

DIVISION OF OCCURRENCE: Patrol

DATE & TIME OCCURRED: 10-1-17

LOCATION OF OCCURRENCE: 3950 S. Las Vegas Blvd, LVN

NARRATIVE:

As instructed by AN-017-17, I am completing this Officer's Report of my involvement in the Active Shooter incident that occurred on October 1, 2017.

My memorialization of the events and my role is from recollection and a review of the CAD details. A significant amount of information was not captured on CAD do to covered radio traffic and communication done by cell phone and text messages.

On 10-1-17 I, Lt. David Gordon, was assigned as the Night Shift Watch Commander. My shift hours were from 2030 to 0830.

At about 2211 hours, I received a telephone call from the Dispatch Supervisor advising me of a shooting incident at the Mandalay Bay. I started to respond. As I was responded, I switched to CCAC channel and could hear officers and supervisors excitedly broadcasting that there was a shooting with multiple casualties.

Once it became clear that the situation at hand was an active shooter incident, I advised Dispatch to have SWAT en route. I gave this advisement between 2213 & 2214 hours.

As I driving to the scene, I heard updates that at least one person was believed to be shooting from a high floor at the Mandalay Bay.

I advised the Dispatch Supervisor via telephone to have Henderson PD and NHP to respond to assist. I also tried to announce over the CCAC radio channel to stop all traffic from going north & south bound on Las Vegas Blvd. in front of the Mandalay Bay, but while doing so my transmission was covered. Simultaneously, a sergeant advised over the air for units not to drive on Las Vegas Blvd between Russell & Tropicana and to use an alternate route.

Capt. Pelletier came on channel, advised that he was taking IC and the CP / Staging Area would be the parking lot of SCAC.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001003519

As I was almost arrived at SCAC, Lt. R. Spencer (361) came on channel and advised that the CP would be at Tropicana & LV Blvd. I asked for clarification over the air. Capt. Pelletier re-confirmed that the CP/Staging Area would be at SCAC.

WC2, Lt. Welch was the first lieutenant to arrive at the CP. I arrived about two to five minutes after Lt. Welch. Lt. Hank and Capt. Pelletier arrived shortly after me. There was one CCFD supervisor, either a captain or battalion chief in the parking lot of SCAC who advised that additional FD supervisors were en route to coordinate with the CP.

I met immediately with Sgt. Reyes to coordinate security for the CP.

Capt. Pelletier announced that the CP would be moving into the Briefing Room. I asked Lt. Welch to take charge of Staging and Lt. Hank said that he would take charge of Perimeter control. At some point Lt. Welch and Lt. Hank switched roles and Lt. Hank assumed charge of Staging.

I then went into the Briefing Room. Capt. Pelletier told me that the first thing he needed me to do was to find out how many scenes there were and where they were. Unable to obtain the information via the radio due to the volume of urgent radio traffic, I contacted the Dispatch Supervisors to obtain the number of scenes and their locations.

There were two officers who was assigned to scribe the event on the Briefing Room white board. While I maintained my Watch Commander call sign, the role I fulfilled could be best summarized as Deputy IC.

I coordinated with Lt. Hank to ensure resources were sent to the various locations they were requested. I coordinated with Lt. Koren to ensure that he had sufficient resources to assemble Force Pro Teams. I coordinated with Lt. Welch to ensure that the outer perimeter was secure and the area was shut off to pedestrian and vehicle traffic.

Due to reports of multiple shooters at different hotel properties, I asked that a Strike Team be assigned to every pedestrian overpass on Las Vegas Blvd between Tropicana & Flamingo. As more resources arrived, the IC later assigned a Strike Team to every hotel/casino on the Strip.

Lt. Welch and Lt. Burke arrived at the SCAC Briefing room, and both of them assisted me with my responsibilities.

In the early stages of the shooting, most of the radio traffic on CCAC was given by K9 Sgt. Bitsko who had entered the Mandalay Bay to locate the suspect; and supervisors and officers at the scene providing critical information on number of victims injured and killed.

During the early stages, there were multiple reports of active shooters at other hotel properties. As each new report came in, a Strike Team was sent to address the issue. All of the reports that I heard of additional shooters at other hotels, were quickly dispelled by the responding Strike Teams.

As the event began to transition from the extremely dynamic stages of locating the active shooter to the less dynamic, but still fluid stage of rendering aid to the victims and securing the crimes scenes, I facilitated getting units to where they were needed.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001003519

At approximately 0350 hours, I cleared from the event when it became obvious that there were sufficient resources assigned to the event and the situation was stabilized enough to justify me focusing all of my attention back on the valley.

3. S. Murray 4147 K96
4. Sgt. B. Martinez 13408
5. Unknown Patrol Officer

On 10-01-17 an active shooter took place at the Mandalay Bay Hotel. The above officers arrived and formed a strike team in the lobby of the hotel. I announced over the radio using the call sign K95 that I had a five man team and that we were going to begin searching from the second floor and work our way up.

We entered the stairwell and encountered a WMA who was coming down the stairs. He was taken into custody and passed off to hotel security. The male said he had walked down from the 13<sup>th</sup> floor due to the elevators not working. Upon making it to the second floor, we searched the executive offices and encountered several employees who had been sheltering in place. The employees were left with security and we moved on clearing the main hallways. The team worked our way to the fifth floor where we finished our search after a radio broadcast stated per SWAT to stop clearing floors.

The team split up and Officer English and I went to the staging area and awaited further instructions. I then received a call from Sgt. Bitsko to meet Sgt. Herring on the second floor of Mandalay Bay Valet to run my EDD on the suspect vehicle that had been located parked in the valet garage. Officer English and I arrived at the valet garage and were shown which vehicle the detectives wanted searched. Officer English did a visual inspection of the vehicle looking for any obvious signs of bobby traps and did not notice anything obvious. I began my exterior sniff of the vehicle at the driver's side front and worked counter clockwise around the vehicle

Route 91 fair grounds

NARRATIVE:

On 10/01/17, I Detective N. Gulli P# 4073 was a patron of the Route 91 Harvest festival. I along with my girlfriend [REDACTED] were standing in the middle of the grass area when we heard full automatic gun fire coming from the southwest side of the event. I observed a white female with blonde hair fall to the ground. I ran to her location and she was screaming and saying she believed she was shot in the upper leg area. I identified myself as an off duty police officer with the LVMPD and asked her where she had pain. She said her upper leg area was burning. I observed blood coming from her upper waist area and told her I was going to remove her clothing in order to find the blood. She agreed. Once I removed her shorts I could see blood just below her waist area along with a bullet hole that was bleeding near the upper leg area. I advised her I was going to use my t shirt and belt as a tourniquet in an attempt to stop her bleeding. I asked her name and she said her last name was [REDACTED] and I cannot remember her first name. I believed she was there with at least two other male patrons and I advised them when the gun fire stopped we needed to pick her up and run to the north.

When this happened [REDACTED] was carried out by her friends/family members and we became separated. I returned to my girlfriend who was hiding under a bar top table with a woman and a small infant. I grabbed my girlfriend and we ran to the northeast portion of the event grounds in an attempt to create distance from the gunfire that was coming down on us from the southwest side of the event grounds. At this time, I believed there were multiple shooters inside of the crowd and they were working their way from the southwest side towards the north. As we came to the east side of the event grounds, I observed a large cyclone fence to be erected which prevented patrons from creating distance and running away from the gunfire. I along with approximately 10 people were able to push this cyclone fence open enough to create an exit so other could escape the continuous gun fire. I observed numerous people come through this opening but did not see my girlfriend exit. I ran back into the event in an attempt to locate her.

I found her lying unconscious on top of two females that were also unconscious approximately 15 yards back inside of the event grounds. I observed my girlfriend to be covered in blood and I believed she had been shot. I along with an off duty fireman assessed her for gunshots and were unable to locate any due to the amount of blood covering her lower abdomen and legs. We carried her for approximately 2 blocks to a waiting ambulance and put her inside. I was advised by the paramedics I could not go with her. I ran towards CCAC in order to get info on where medical personnel were taking the injured patrons

OCCURRENCE:

## NARRATIVE:

On the night of October 1, 2017, I was attending the REO Speedwagon concert at The Orleans with my wife. We were backstage with the band when I received the call from Communications about an active shooter at the Mandalay Bay with numerous victims down and an officer down. I told my wife we had to leave now and for her to drive as I would be busy on the phone. She drove our personal car home. While driving home, I called Sgt. Schrag and Sgt. Chatman (both from OCE) and told them to get down to Headquarters to assist with perimeter security as we did not know the full extent of the active shooting call. I then called Lt. Bell in Events Planning and told him to get his personnel down to the DOC to assist with resource allocation.

Once at home, I quickly changed into my patrol uniform and then logged on in my department vehicle. As I was driving, I made contact with Deputy Chief Hank via phone and he advised me to go to Headquarters and work with Captain Seebock.

I arrived at Headquarters and made contact with Seebock. He had already set up the DOC along with Rachel Skidmore. He asked me to take control of the Patrol Operations portion, which I did. During my time there on the initial night, I was able to get a Communication Dispatcher down to the DOC to provide me with calls pending and to vet those calls that seemed to be bogus. I took control of the Admin section to ensure reports and notes were kept current. It was quickly decided, and rightfully so, to implement the ABX roster system. I assigned Captain Cannito to track all information from the patrol bureaus as they started to report in with the numbers of available officers. Lt. Cintron was tracking all data reference transports to all hospitals and trying to determine the causality numbers and deaths. He would report to me prior to each briefing. This was beneficial as we were able to move resources from different locations to assist with those hospitals needing more help.

Every hour, the DOC conducted a briefing. During these times, I would notify Captain Seebock of the current status of calls holding throughout the entire valley and if any were connected to the incident.

During the course of the entire time I was there, I was working with Events Planning to get the most up to date status reports reference having off-duty officers come in and be in position. The decision to send half of C shift to the Strip took a little bit of additional planning. Officers were to be on the Strip, fully in view of all, as a force multiplier. D shift was tasked with staying in their respective area commands and assigned to critical infrastructures.

**Details:**

On Sunday October 1, 2017, I, Sergeant Robert Johnson, P# 4395, along with several members of my Field Training squad, SC-34, were arrived on event 171001-3405, an Assault/Battery at the Free Zone, 610 E. Naples Drive. This bar is on the north side of Naples Drive just east of Paradise Road in Las Vegas, Clark County, Nevada. We were checking the neighboring businesses for a possible suspect after the Free Zone bartender was hit with a baseball bat. As a crow flies, this is 2 miles from the Mandalay Bay Resort at 3950 Las Vegas, Blvd., South. From the Free Zone, one can see the Mandalay Bay Hotel tower to the west-south-west.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001-3519

I was outside the Free Zone with Officer Urban when we started hearing what we believed to be automatic gunfire coming from the west. We looked to one another and conferred upon the sound. I switched to CCAC channel and could hear officers calling out shots-fired at the Route 91 Festival. Automatic gunfire could be heard in the radio background. I sent a group text to my squad directing them to forego our normal MACTAC rally point and directed them to converge at the intersection of Naples and Paradise.

Officer Fox was already rolling Code-3 to the concert venue and did not see the text until she had arrived near the festival. All other members of the squad reported to the new rally point. I was contacted by my area partner, Sergeant Aaron Lee by phone. We discussed our immediate plans and determined that he would respond to SCAC to establish a staging area and to deploy officers to the south end of the venue.

As my squad gathered, an SUV pulled up to my officers and I. The driver stated he had a gunshot victim in the back and needed help. I directed my officers to retrieve the man and place him in a patrol vehicle. The victim was moved to Officer Bone and Draling's patrol vehicle. I directed officers Parker and Quijano to take lead and provide emergency escort. Once arrived at Sunrise Trauma, Officer Parker, having continually monitored the radio, advised hospital staff to prepare for a mass-casualty event. She contacted me to say more victims were arriving via private conveyance and the hospital needed help. I directed her and Quijano to remain at Sunrise Hospital to ensure the security of that facility. Officers Bone and Draling were recalled to the rally point.

As I listened to the developments on CCAC's radio channel, I became aware that there were virtually no units left in several area commands as most had self-dispatched to the festival. This was understandable. There had been reports of police officer's shot in addition to multiple civilians. My officer's appeared to get frustrated with me. We were close and we were not responding. This circumstance would prove very difficult for me. I was torn between what I wanted to do and what I was supposed to do. With the word 'Mumbai' in the back of my head I directed them to stand fast. There were one hundred or more officers arrived or about to arrive at the scene. Officers reported a location on the gunman and were attempting to engage him. I know no more about those efforts than what was broadcast over the radio.

During the human stampede that ran east from the concert floor toward the event parking area, I became aware of scores of people breaching the airport fence that separates that parking area from McCarran International Airport. I made contact with LVMPD Officer Dellorso with the Airport Bureau. I explained the breach and asked him to notify the airport tower. McCarran officials initiated a full ground stop and redirected inbound traffic. Airport officers began searching for and locating concert-goers and victims on the tarmac.

My dispatcher advised me that UNLVDP officers were with several 'witnesses' on the Swenson Street side of the Thomas and Mack Center. This is a 19,522 seat arena located on University of Nevada Las Vegas property at 4505 S. Maryland Parkway in Las Vegas, NV. As several minutes had passed since the shooting had stopped coupled with information that the shooter was down, I was increasingly convinced there were no further attacks imminent. I directed my squad to The Thomas and Mack Center.

Officers from the UNLV Police Department were contacted at the Thomas and Mack. They explained they had 17 witnesses to the shooting at the Route 91 Festival. UNLVDP provided additional assistance. Those duties are outlined in their appendix below.

Officer Dellorso arrived and explained the airport was inundated with multiple people from the festival. I asked UNLVDP if we could utilize the events center as a safe haven for persons seeking refuge. They agreed and rapidly made arrangements. Lights were turned on, bathrooms unlocked, escalators activated, etc.. I asked

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001-3519

Officer Dellorso to return to the airport and coordinate moving people to the Thomas and Mack. He would work with his colleagues at McCarran coordinating the Rent-A-Car shuttle busses to bring people over from the airport.

As the first three bus loads arrived I could see they were filled to standing room only. In speaking with one of the bus drivers I asked if this was everyone. He replied, "Not even close." I could hear officers on CCAC asking where to send persons seeking refuge. I advised dispatch that I was prepared to accommodate any and all persons they could send to me.

In fact, I was not prepared. I knew I would need to work fast. I advised my officers and officers from UNLVDPD to prepare for hundreds if not thousands of people. We decided no one would be allowed to enter without a pat-down of their persons and search of any personal items -no exceptions. If someone did not want to be checked they were free to leave the property. Media would be allowed out front but no media inside the facility. My goals were simple:

1. Provide a safe haven.
2. Maintain the security of the facility and those persons inside.

I called RTC of Southern Nevada and told them any busses with persons trying to leave The Strip could be brought to the Thomas and Mack. I asked them to send any busses available to the area of Tropicana and Las Vegas Boulevard.

Knowing that we were about to be inundated and knowing that the demand for resources would be overwhelming, I did not request additional officers from the LVMPD staging area that had been established by Sergeant Lee at SCAC. I could hear the radio traffic and knew what they were up against.

I contacted the Clark County School Police and asked for any additional police personnel. They sent seven sergeants, officers, and detectives. I was contacted by Sgt. Chambers of the Clark County Park Police offering assistance. I took it. He arrived with five officers of various rank to assist. The assistance of these three police departments would prove invaluable - we could not have maintained order and security for what would be, by my estimate, approximately 2,000 people who had just experienced the worst night of their lives. Many used officer's phones to call a friend or family member to arrange transportation.

It did not take long for the media to arrive. Overall they were respectful of the people filing in. One member tried to sneak in but she was identified and turned away. As the word spread we had dozens of people showing up with food and cases of bottled water. Water by the truck loads. At about 2am the fall wind started to blow through and the temperature dropped noticeably. Many of the concert-goers had been dressed in shorts and flip-flops. We worked as quickly as possible to get them inside.

At about 4am, a crappy old Nissan pulled into the parking lot. A woman exited the driver's side and handed me two blankets that she had just purchased from a local Walmart. She said she saw the news reports and knew people were cold. Judging by her manner of dress coupled with the ill repair of her vehicle I was able to surmise that she had just spent her last couple of dollars buying two blankets. Here was an individual with nothing to spare sparing everything she had. After an endless night it reminded me there is still more good than bad in this world. Community. She was a part of it. I felt the connection.

At about 8:30 in the morning a squad from NWAC found us and offered to relieve us. We still had 500 or so people inside. We thanked the other agencies and I sent my officers to our sub-station. All of them -- to the man and woman -- had performed to the highest standards policing could set forth. They were diligent, dedicated, committed. It was my privilege to be among them.

RJ/rj

*Appendix provided by UNLVPD listing their personnel's duties:*

- Chief Jose Elique and Assistant Chief Jeff Green - Provided overall leadership during the effort.
- Lieutenant Stanley Berry and Detective Paul Velez (PIO) - Provided aid to evacuees, questioned witnesses, assisted with securing Thomas & Mack Center, served as liaison with Metro homicide detectives, and served as on site PIO.
- Detective Manuel "Bill" Sigarroa - Developed real-time intelligence at Southern Nevada Fusion Center, participated in search warrants, conducted crime scene investigations at the scene of the shooting, and united evacuees with families.
- Lieutenant Richard Dohme - Served as liaison between UNLVPD officers/staff and Metro Police officers.
- Lieutenant William "Willie" Newman - Prepared the Thomas & Mack Center to receive over 1,000 evacuees and served as on-site manager throughout the time the facility was open to evacuees.
- Sergeant Denise Lutey - On-duty patrol sergeant responsible for evacuee transfers to Thomas and Mack Center and coordination of patrol activities at the facility and campus.
- Police Officers James Cesaria, Ghessan Istefan, Stephanie Loffredo, and William "Willie" Singletary - Patrolled campus to gather evacuees, transferred evacuees to the Thomas and Mack Center, assisted with security screening of all incoming evacuees, and assisted with securing facility.
- Dispatchers Diane Cowgill and Mark Sakurada - Provided initial shelter and aid to evacuees who came to UNLV Police Department facility, coordinated first responder efforts on campus, and handled all incoming emergency communications.
- Public Information Officer 1, Hobreigh Fischer - Provided UNLV Police command staff with initial status reports regarding shooting from Metro PIO's, initially informed Metro PIO's that UNLV was receiving evacuees, provided alerts and event updates through social media to the campus community and local media regarding activities on the UNLV campus throughout the evening.
- Student Security Officers Justin Gomez, Maria Herrera, Adrianna Miranda, Marcus Scott, and Termaine Turner - Provided assistance with securing evacuees at the Thomas and Mack Center.

Active Shooter at Mandalay Bay

SUBJECT

DIVISION  
REPORTING: Community Policing

DIVISION OF  
OCCURRENCE: Tourist Safety

DATE & TIME  
OCCURRED: 10/01/2017 2008 hours

LOCATION OF  
OCCURRENCE: Mandalay Bay : 3950 S. Las Vegas Blvd.  
Las Vegas NV 89119

NARRATIVE:

On 10/01/17 at approximately 2208 hours, the Las Vegas Metropolitan Police Department received a call in regards to an active shooter at the 91 Harvest Music Festival located at the MGM Village property. At the time of the incident, I officer S. Quijano P# 16250 was assigned as marked patrol unit 3N4 to call for service in regards to a petit larceny at the General Dollar Store located at 1815 E. Flamingo Rd. LV NV 89119. As I was writing my citation for petit larceny and waiting for my suspect to sign it, my Field Training Officer, J. Parker P#12938, walked up to me and told me "There is an active shooter at the concert, we have to go." I immediately followed her order, jumped in the patrol car and we started listening to dispatch for what was being broadcast. All I can remember at the time was that and officer on the radio said "We have an active shooter! We have multiple victims, we have multiple victims... one shot in the head." And then there was a reply, whom I believe to have been a Sgt. Said, "We can't worry about the victims! We have to stop the shooter before we have more victims." My partner and I arrived at Naples and Paradise where we had a rally point as a squad. As we were taking accountability and waiting for the plan of actions, a citizen driving eastbound on Naples yelled at us stating "I've got a shot person in the back of my car, help!" Officer Boone and officer Drailing immediately ran to the citizen's car and carried the victim into their patrol car for faster transport to the hospital. My partner and I followed the two officers to sunrise hospital.

When we arrived at Sunrise Hospital I and another metro officer, who was already there, began directing traffic for incoming victims. He told us to stay and help him because he was the only one there at the moment. My partner positioned her patrol car in front of the trauma entrance and turned on all her lights. During this time, more victims started pouring in. We continued to render aid by carrying them out of the car, transferring them to hospital bed or wheelchair, at one point I had to perform CPR compressions for one of the victims that was pulled out of the bed of a truck because the hospital attendant yelled "This one has no pulse".

For the next several hours, the number of victims continued to increase. My FTO told me to go inside and gather as much information from the victims ie. names, DOB, address and phone number. I then moved from victim to victim asking them for their information and asking those who were willing to write a voluntary statement. The hospital was in an orderly chaos. I had never seen anything like it. Witnessing the number of victims pouring into Sunrise Hospital was difficult to bare. The victims that came in had wounds present

OCCURRED:10-01-2017 @ 2208LOCATION OF  
OCCURRENCE:3950 Las Vegas Blvd SNARRATIVE:

FYI

I, Sgt. M. Marlow was not on duty at the time the incident occurred. Upon learning of the incident in progress, I logged on from my residence, ensured there was adequate on-duty coverage for my area and proceeded to the command post located at SCAC.

I arrived at approximately 1130 hours and made contact with the staging manager Lt. C. Hank who promptly gave the six man strike team I had assembled an order to make our way up the Blvd to look for injured people after link-up with medics at LV Blvd and Russell Road. I proceeded with my team (ST22) to the POC for Clark County Fire, who then assigned two medics (FP8) to my team.

The members of my team were as follows:

## LVMPD Officers

R. Cole

B. Engstrom

T. O'Connell

J. Firestine

A. Fink

## NLV Officer

M. Farage

## Clark County Fire Paramedics

Stout

Verella

We proceeded to the fairgrounds where the incident occurred and entered from the northern-most entrance on the Las Vegas Blvd side. We made our way through the grounds without encountering anyone hiding or in need of medical attention. We saw two other teams covering the southern portion of the venue so we

continued east into the parking lot across Giles St. After clearing the parking lots while moving south, we proceeded west on Mandalay Bay Rd to LV BLVD where we encountered Homicide Detectives who said they thought the fairgrounds were clear but had encountered three individuals hiding in the grand stands. I then took my team back through the fairgrounds in the southern portion in order to ensure the area was clear for homicide to conduct their investigation.

We did not encounter anyone hiding or injured, only the deceased victims lying on the field near the stage. After ensuring the area was clear, we returned to the Command Post at which time I turned over command of the Strike Team to Officer Firestone and secured for the morning due to illness I was experiencing prior to the arriving at the incident.

SUBJECT

DIVISION  
REPORTING:ODB / MACTACDIVISION OF  
OCCURRENCE:Tourist SafetyDATE & TIME  
OCCURRED:10-01-17 1030LOCATION OF  
OCCURRENCE:Mandalay Bay / Rout 91NARRATIVE:

FYI

On October 1, 2017, at approximately 2215 hours, I was called by my MACTAC Sergeant Branden Clarkson who informed me there was an active assailant at Mandalay Bay and that there were several casualties on the strip. I immediately dressed out and self-dispatched to the event. While responding, radio traffic indicated someone needed to establish command. I heard Captain Pelletier say he was going to become IC and would run the incident out of SCAC. As the ODB Lieutenant, I regularly instruct command and control classes, table tops and scenarios pertaining to ICS and managing critical incidents. I arrived at SCAC as Captain Pelletier became the Incident Commander. Commander Pelletier asked me to stay by his side and help him manage the incident.

Commander Pelletier made me his Operations Chief responsible for direct management of incident related tactical activities. Sgt. Clarkson was assigned as Commander Pelletier's Intel officer. Sgt. Clarkson should be commended for his immense help in assisting Commander Pelletier and myself in organizing the many facets and working components at the onset of establishing command.

I found Lieutenant Carlos Hank and assigned him as Staging Manager and we designated the front parking lot of SCAC as the Staging Area. Lieutenant Hank began assembling strike teams (each with a Sergeant leading the team and a myriad of police agency officers comprising the teams). I directed Staging Manager Hank on where to deploy teams and how many teams were needed. Staging manager Hank did a great job of keeping the Staging Area staffed with Strike Teams waiting for deployments, as well as tracking who was leading the teams and where they were deployed.

I assigned Lt. Greg Munson as a Rescue Task Force Liaison with CCFD. Liaison Munson coordinated with CCFD leadership at the Staging Area and was assigned Strike Teams to deploy Rescue Task Force components with CCFD and police personnel to begin treating, triaging and evacuating wounded victims from the warm zones of the incident.

I called Lt. Willy Newman with UNLV Police and asked him to have officers open Thomas & Mac for any evacuations. Lt. Newman was able to accomplish this within five minutes. I assigned LVMPD Patrol Detective Sgt. Beth Carroll to be an LVMPD point of contact at the Thomas & Mac. Several evacuees were dropped off by busses at the Thomas & Mac where they had indoor shelter, food and water all provided by UNLV and arranged by Lt. Newman. After some confusion about how many evacuees were present and how many needed to go back to the Strip, I assigned Lt. Ted Glaud to oversee Thomas & Mac evacuees. Lt. Glaud

coordinated with the busses to get all of the evacuees back to their original properties or other accommodations on the Strip (if they were originally staying at the Mandalay Bay).

Mandalay Bay Massacre  
SUBJECT

DIVISION  
REPORTING: Community Policing Division

DIVISION OF  
OCCURRENCE: Tourist Safety Division

DATE & TIME  
OCCURRED: 10/1/17 at 2205 Hours

LOCATION OF  
OCCURRENCE: 3950 S. Las Vegas Blvd., Las Vegas, NV

**NARRATIVE:**

I, Sergeant J. Hendricks, P# 6091, had taken the night of October 1, 2017 off work due to celebrating my 8-year-old's birthday that day. My wife, [REDACTED] had been attending the Route 91 Harvest Festival with her friend all weekend and went again Sunday night. My children were in bed and I went to bed around 2130 hours.

At 2206 hours, I received a call from [REDACTED] and she was panicked and screaming indiscernibly. I was finally able to understand, "They're shooting!" I told her to run and to keep running and the line disconnected. I immediately got dressed and drove to my mother-in-laws house and took her back to my house. I was monitoring the radio and heard what appeared to be an active shooter incident with multiple shooters. As I was just about to arrive back at my house, I received a notification via the SWAT/CNT communicator of a callout.

I dropped my mother-in-law off and began rolling code toward the MGM Village Lot. I spoke with [REDACTED] several times along the way for a few seconds at a time before the phone would disconnect. I gave her direction to run away from Mandalay Bay, but she could not tell me where she was. [REDACTED] finally found a street sign at Koval and Reno. I directed her to run to the Rebel Station at Tropicana and Koval.

I knew I had to rescue and evacuate [REDACTED] from the incident before I could respond to the Command Post. As I drove on the I-15 northbound, traffic came to a halt. I observed an NHP Trooper in front of me also traveling north. There was a pick-up with what appeared to be three adults sitting in the back behind the Trooper and they were following right on his bumper. We eventually got completely stopped in traffic and I exited to see why this pick-up was following the Trooper. The people in the back informed me they had a shooting victim in the back with them and were trying to get to a hospital. At the time, they said the victim was still alive, but I did not look to see for myself.

I got back in my truck and began aggressively nosing my way through traffic that would not move. Between the NHP Trooper and me, we were finally able to break traffic and continue moving northbound. The NHP Trooper led the pick-up, presumably to a hospital downtown.

Date and Time of Report: 10/8/17 at 0600 hours

Officer: Sgt. J. Hendricks

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
CONTINUATION

Event #: 171001-3519

I continued toward [REDACTED]. I finally arrived at the Rebel Station and picked up [REDACTED] and her friend at approximately 2235 hours. I then dropped them off at Town Square and arranged for them to be picked up by friends.

After getting [REDACTED] to safety, I responded to the Command Post at approximately 2245 hours. A short time later, entry was made into the suspect's room and he was found dead from a self-inflicted gunshot wound. I began communicating with Sergeant W. Matchko, P# 8525, who was at the room.

Based on exigency and the possibility of multiple shooters, Captain C. Tomaino, P# 4671, agreed that we needed to have Sergeant Matchko search for documentation with names, addresses or identifiers, and cellular phones. It was reasonable to believe these items would assist in identifying co-conspirators, if any. I relayed this to Sergeant Matchko, who also agreed with this assessment.

Sergeant Matchko and his officers gathered cellular phones and other documents from within Mandalay Bay, Room 32-1135. Three cellular phones were identified and appeared to be connected to the following phone numbers: [REDACTED] and [REDACTED]. Of the three numbers, [REDACTED] and [REDACTED] were determined to be valid, working phone numbers. The phone history of [REDACTED] showed a contact, [REDACTED], had been called numerous times. Other items that may provide investigative leads were located, to include a Mandalay Bay Mlife Platinum player's card to [REDACTED], a box that had been shipped to [REDACTED] at a [REDACTED] address, and a Nevada Driver License and United States Passport to the deceased male, Stephen Paddock.

The information I received was passed along to other members of CNT and TASS. Due to the nature of the incident, and the apparent ongoing immediate danger of death or serious bodily injury to any person based on several other callers at various locations along The Strip continuing to report active shooters inside of hotels and sightings of people with firearms, Sergeant Brad Cupp, P# 8104, an officer specially designated by the District Attorney, reasonably determined that an emergency situation existed. TASS Detectives provisioned Emergency Pen Registers based on the emergency situation for phone numbers [REDACTED] and [REDACTED] and for social media accounts CNT had located for Instagram account stephenpaddock [REDACTED] and Facebook account [https://www.facebook.com/\[REDACTED\]](https://www.facebook.com/[REDACTED]).

I completed Declarations for Ratification of Emergency Pen Register / Trap and Trace with Real Time Precision Location for phone numbers [REDACTED] and [REDACTED]. I also completed Declarations for Ratification of Emergency Pen Register / Trap and Trace for Instagram account stephenpaddock [REDACTED] and Facebook account [https://www.facebook.com/\[REDACTED\]](https://www.facebook.com/[REDACTED]). These Emergency Pen Registers were reviewed / approved by Clark County Deputy District Attorney Robert Daskas and signed by District Court Judge Nancy L. Alf. I filed them with the Clerk of the Court on October 3, 2017 at approximately 1210 hours.

## OFFICER'S REPORT

Event #: 171001-3519Active Shooter

SUBJECT

DIVISION  
REPORTING: Investigative Services DivisionDIVISION OF  
OCCURRENCE: Patrol Services DivisionDATE & TIME  
OCCURRED: October 1, 2017 @ 2215LOCATION OF  
OCCURRENCE: Las Vegas Village, 3901 S. Las Vegas  
Blvd. Las Vegas, NV 89119NARRATIVE:

On October 1, 2017, at approximately 2200 hours, I, Detective G. Flores, P# 6071, assigned to the Gangs/Vice Bureau, was executing the service of a search warrant at [REDACTED]. While serving the search warrant dispatch broadcast information regarding the active shooter incident occurring in Convention Center Area. The officers on scene turned their radios to CCAC and a barrage of gun fire could be heard in the background. Sgt. W. Matchko, P#8525, was on scene supervising the service of the warrant at that time. Sgt. Benjamins, P#6964 had also arrived on the scene and upon hearing the CCAC radio traffic, Sgt. Matchko left to assist with the active shooter.

At 2230 hours, Detective J. Santiago and I completed the service of the search warrant and responded to the Incident Command Center at South Central Area Command. Upon arrival, I met with other members of the Vice Unit and was assigned to Strike Team #47. Shortly after my arrival at the Incident Command, Strike Team #47 was advised to respond to the Paris Hotel and Casino, located at 3655 S. Las Vegas Blvd, Las Vegas, NV 89109. At that time it was reported that shots were being fired inside the hotel.

Upon our arrival, Strike Team#47 began clearing the casino floor of the Paris Hotel and Casino, searching for the additional reported shooter. Strike team #47 was able to evacuate the casino floor and effectively moved people to the Convention Area of the hotel for shelter. Ultimately it was determined that no additional shooter was present. Strike Team#47 maintained command and control of the property.

After several hours, Strike Team #47 was ordered back to the Incident Command to await reassignment. Strike Team #47, was reassigned to provide security in front of the Bally's Hotel and Casino located at 3645 S. Las Vegas Blvd. Las Vegas, NV 89109.

Active Shooter Mandalay Bay 10/01/17

SUBJECT

DIVISION REPORTING: <u>Patrol</u>	DIVISION OF OCCURRENCE: <u>Patrol</u>
DATE & TIME OCCURRED: <u>10/01/17</u>	LOCATION OF OCCURRENCE: <u>3901 S. LV Blvd</u>

NARRATIVE:

FYI On 10/1/2017, I, Officer T. O'Neill (P#6067), was assigned to work overtime at CCDC from 1800 to 0600 hours. Due to the fact that I was working at CCDC, I did not have my Body Worn Camera with me.

Officer K. Kim (P#14855) was also working overtime in a neighboring module.

At approximately 2210 hours, I received word that there was an active shooter on the Strip from Officer Kim and we both began to monitor the radio. At the time, it was reported that the shooter was still actively shooting at the Mandalay Bay. Radio traffic stated that there were multiple casualties and officers were actively taking fire.

I asked the Corrections Officer in charge of the module if she could hold the module herself; she told me she could and a movement CO also arrived to assist her. Officer Kim also received permission to leave his post.

Officer Kim and I met with CCDC Sergeants and Lieutenants. After ensuring that our posts were covered, we were then given permission to leave our posts to assist with the situation.

I had a department vehicle for the overtime assignment; Officer Kim jumped into my vehicle and we both headed down to the Strip. Radio traffic announced that there were possibly more active shooters inside the New York New York, Tropicana, Bellagio, Aria, Cosmopolitan, and Paris. Due to the fact that there were numerous properties reporting active shooters/shots fired, Officer Kim and I headed towards the nearest casino from our location on I15, which was the Bellagio. At the time, the Bellagio was reporting an active shooter with shots fired near the employee entrance. Details stated that a shooter possibly exited a white truck.

Officer Kim and I assisted K9 and DTAC units in clearing citizens and employees in the area as well as clearing the truck and immediate areas at the Bellagio. Officers quickly realized that the truck belonged to a security supervisor who works at the Bellagio. Officer Kim and I directed citizens inside the building and gave security direction to have all citizens and employees shelter in place until further instructions were given by police. While leaving the Bellagio, dispatch reported an active shooter at New York New York. Officer Kim and I headed towards Toshiba Plaza. Citizens were still walking in the area. We began directing citizens to shelter in place at the nearest casino, clearing Toshiba Plaza of citizens. We also directed security to have citizens and employees shelter in place until further instructions were given by police.

Officer Kim and I then heard that there may possibly be a shooter inside the Aria; dispatch also reported that the bridges were not secure and many citizens were still using bridge accesses to get outside. We arrived in the area and immediately began giving citizens instructions to seek shelter inside the casinos. Officer Kim and I cleared the bridges to the casino; we also made contact with security at Planet Hollywood, Aria, and the Cosmopolitan to give instructions to not let any citizens outside and to shelter in place until further notice. SWAT arrived in the area to clear the casinos; Officer Kim and I held the bridges to ensure no citizens or suspects came behind SWAT as they cleared the buildings.

Once it was determined that there were no additional active shooters at any other Strip properties, Officer Kim and I went to the Command Post to await further instructions.

OCCURRED:10/01/17LOCATION OF  
OCCURRENCE:Route 91 FestivalNARRATIVE:

My squad of officers and I were on duty and handling calls for service in BAC. When the incident began we responded to UMC for protection of the infrastructure.

Once we arrived I assigned officers to the perimeter around the UMC and several officers also began helping injured citizens being transported by ambulances and private vehicles out of the vehicles and into the hospital.

We maintained our duties until 0600 when we were relieved by dayshift.

Event #: 171001-3519

Route 91 Festival Active Shooter Response

SUBJECT

DIVISION REPORTING: <u>BAC</u>	DIVISION OF OCCURRENCE: <u>CCAC</u>
DATE & TIME OCCURRED: <u>10/01/17 2208 hrs</u>	LOCATION OF OCCURRENCE: <u>Mandalay Bay 3950 S. Las Vegas Blvd</u>

**NARRATIVE**

On 10/01/17, at approximately 2208 hours, I Lieutenant Carlos Hank, supervisor of Bolden Graveyard, was attending graveyard briefing at Bolden Area Command (BAC). Sgt. Stark and Sgt. Ballejos were conducting briefing when a swing shift officer came in to the briefing room and whispered to me there was a possible active shooter at the Mandalay Bay Casino. We continued with our briefing for about a minute until the swing shift officer opened the door that leads to the parking lot and shouted its "real". Sgt. Stark quickly pulled up the CAD and everyone in briefing turned on their radios.

**Response**

While listening to the casualty updates on the radio, I realized UMC would need to be secured. I then directed Sgt. Ballejos to take his squad and secure the area around UMC. Sgt. Stark's squad was the BAC in the box squad so, I made the decision to deploy to SCAC from BAC instead of heading to a rally point. I briefed up the squads as to the limited information we had at the time and told them to meet me at the SCAC front parking lot.

**Command Post**

Upon arriving at SCAC I could hear the mass chaos and confusion on the radio. Once on scene, I saw a few other Lieutenants on scene who were attempting to setup the CP. I made the decision to designate myself as "367 Traffic" and move all units who were on perimeter traffic locations to the SCAC radio channel to alleviate some of the radio traffic on the CCAC channel. This assignment was short lived; as I returned to the CP from my patrol car, I spoke with Lt. Rader who told me the CP was being moved into SCAC and they needed a Staging manager. I then transferred the traffic duties to Lt. Welch and I assumed responsibility as the Staging Area Manager. (367 Staging)

I was assisted in my duties by four assistants:

Sgt. Shellie Clark - Scribe  
Sgt. Todd Richter - Strike Team Coordinator / CP Liaison  
Sgt. Zach Baughman - Strike Team Coordinator  
Det. Jason Moyer - Scribe/ICS Liaison

Event #: 171001-3519

**Supporting Agencies**

LVMPD	FBI
NLVPD	ATF
NHP	CCSD
Henderson PD	County Fire
	City Fire

Strike Teams were made up of the above agencies.

**Strike Team Accountability Deployment:**

My assistants and I began the enormous task of organizing, assembling and preparing strike teams for deployment. We knew the critical point of this operation depended on accountability. We established a number system and deployed approximately 47 Strike teams into the area of operation over the duration of the event. Our staging area worked hand in hand with the Medical group as we provided Strike Teams for Force Protection missions.

During the event some strike teams attempted to self-deploy to assist other units that needed assistance. My team worked hard to ensure we maintained accountability of all deployed strike teams by requiring them to return to the Staging area for debriefing and status checks prior to redeployment. In addition to deploying strike teams to the Route 91 event, we also deployed a strike team to each of the major casinos from Russell Road to Sahara Blvd to ensure site security and reassure the security of visiting guests.

**Command Post Relocation**

At approximately 0500 the CP was moved to Metro HQ Building "B" Action room. The Staging area remained at the front Parking lot of SCAC during the CP relocation.

**Transfer of Command/ Shift Change**

At approximately 0600, I worked with Lt. Coday to ensure the relief of all officers who were assigned to the Route 91 event in an overtime capacity. At approximately 1000hrs, I then transferred Command of the Staging Area to Lt. K. Burke. During our transfer we successfully accounted for all remaining strike teams and planned their proper relief.

**Conclusion**

Throughout the incident our officers maintained their composure and displayed enormous courage during the most chaotic incident in the history of LVMPD. I am forever grateful to all of the officers and agents who responded to the scene and allowed me to deploy them into harm's way.

Carlos Hank

DIVISION OF OCCURRENCE: Tourist Safety Division

DATE & TIME OCCURRED: 10/01/2017 2205 HRS

LOCATION OF OCCURRENCE: 3950 S. Las Vegas Blvd LV, NV

**NARRATIVE:**

At 2214 hours, the SWAT/Crisis Negotiation Team (CNT) notification system was activated directing all personnel assigned to the teams to report to SCAC - Command Post (CP). I responded as part of CNT and was assigned to the intelligence gathering team.

I was advised that there was a shipping box with the name [REDACTED] and address of [REDACTED] in the suspect's room. I conducted a records check through CopLink and determined he had a [REDACTED] and SSN [REDACTED]. I learned that [REDACTED] had three reports from [REDACTED]

[REDACTED]

I forwarded the above information to Counter Terrorism Section (CTS) Sergeant R. Meyers, Detectives S. Baker and S. Majewski.

There were conflicting reports that suspect Paddock had two rooms at Mandalay Bay, 32-1134 and 4328. I called the MGM Resorts International (MGMRI) Corporate Watch Desk and spoke with MGMRI analyst [REDACTED]. At 0050 hours [REDACTED] advised me that Paddock did, in fact, have two rooms, 32-1134 and 32-1135. That information was consistent with what I received previously from SWAT officers, that the suspect had two adjoining rooms.

**CONTINUATION**

Event #: 171001-3519

At approximately 0221 hours I contacted Cosmopolitan security, where Marlou Danley was a frequent guest. According to security, Danley was a Platinum rated guest. She stayed at the Cosmopolitan 8 times in the past 18 months, the last being on August 30, 2017. She provided an address of [REDACTED] with a phone of [REDACTED]. She had one addition guest registered with her, [REDACTED]. During previous stays, Danley provided an address of [REDACTED]. She did not have additional guests during her more recent stays.

At 0236 hours, at the request of Lieutenant O'Daniel, I contacted the MGMRI Corporate Watch Desk to request they work with Mandalay Bay security to provide an announcement for guests to shelter in place. MGMRI referred me to Mandalay Bay security. I requested they provide a message to guests via in-room TV, phone and/or public address that SWAT will be conducting checks, shelter in place, but answer the door for police.

On October 2, 2017, at approximately 0600 hours, I was released from the scene and secured shortly thereafter.

OCCURRENCE:

Mandalay Bay Hotel 3950 S. Las Vegas  
Blvd.

NARRATIVE:

I Officer C. Long, P# 6902 working as marked Search and Rescue unit SR9, was working attached to LVMPD SWAT as a tactical emergency medic. I received a call from Lt. K. Delzer P#6841) at 2213 hours, advising me of an active shooter at Mandalay Bay Hotel on the strip. Due to the nature of the event I asked the Lieutenant to contact other SR units to assist and make sure the hospitals were advised. Dr. P. Hsieh, and Dr. R. Berkeley, volunteer tactical emergency doctors were also advised and routed to the command post to assist.

Upon arrival I was assigned as the tactical medic with the team led by SWAT Officer K. Stephens (P#3922.) The team moved into the hotel and quickly found that the elevators were shut down to prevent possible suspects from exiting the building. Stairs were eventually found and two teams began moving up to the 32<sup>nd</sup> floor. Once the suspect's room was entered by a separate team, the team I was attached to continued moving and clearing floors to the top of the building.

After it was determined that the lone suspect was located and deceased, the teams were reallocated for force protection with fire medics to search all rooms from bottom to top of the hotel for any other casualties or suspects. Once the building was cleared all teams returned to the command post and were released to secure.

DIVISION OF  
OCCURRENCE:

Tourist Safety

DATE & TIME  
OCCURRED:

10-1-17 2205 hours

LOCATION OF  
OCCURRENCE:

3950 S. LV Blvd

NARRATIVE:

On 10-1-17 at about 2300 hours I was home when I was awakened by my mobile phone that there was a major incident occurring with mass casualties. I learned that it was a mass shooting and that the agency was implementing A/B/X rosters which meant that all commissioned personnel would be working 12-hour shifts. I contacted both of my lieutenants and advised them so they could ensure their respective section had the information on when and where to show up for work.

I continued to monitor the event throughout the night and learned that I would be working at the Command Post. At 0530 on 10-2-17 I arrived in the Department Operations Center (DOC) and learned that I would be relieving Captain Pelletier as the Incident Commander from 0600-1800. Captain Pelletier briefed me on what was currently working and the objectives for the next operational period.

Upon taking command of the incident, one of the first objectives I worked was to coordinate relief for the operational areas and the staging manager, which was one of the key roles during the initial response on the incident. I coordinated with my Deputy Incident Commander, Lt Misty Pence and the department Emergency Management Manager Rachel Skidmore to adjust the ICS structure of the event for a long-term type 1 response.

During the operational period I was in command one of the main operational goals was to open traffic on Russell to east and west bound traffic. We were able to shrink the footprint of the incident and pull back closures to open traffic from the valet to Las Vegas Blvd and open Russell for use. However, the bulk of the closures remained. I continued to brief the DOC throughout the day on calls that officers worked related to the incident.

On 10-5-17, I again worked the DOC from 0600-1800 relieving Captain Raybuck. By this date, Las Vegas Blvd was open to traffic in both directions. The Clark County Coroner also opened a Family Information Center that we staffed with officers. We also staffed officers at Palm and Davis Mortuary and coordinated their relief. During the shift from 0600-1800, I along with Lieutenants Lourenco and Ficklin, built out the structure for the next operational period and identified the objectives to be worked during that period.

OCCURRED: 10/01/2017 2205 hrsLOCATION OF  
OCCURRENCE: 3950 S Las Vegas BlvdNARRATIVE:

On 10/01/2017 at approximately 2220 hrs. I was off duty and was called out to respond to an active shooter call at the Mandalay Bay Hotel. While enroute to the Mandalay Bay, I was westbound on Desert Inn at Maryland Parkway, Near Sunrise Hospital. I saw numerous ambulances coming from and towards the hospital.

As I neared the Mandalay Bay, I was driving westbound on Reno Avenue. I saw numerous ambulances on the street treating injured people. At approximately 2250 hrs, I turned south on Giles Street from Reno Avenue and I saw approximately 50 people on the ground being treated by other civilians. I saw several injured people being loaded on to makeshift litters. A citizen advised me that he had an individual who was shot in the head and neck. I saw that he was still alive and semi-conscious. We loaded this person in the back of my unmarked department car. Another person approached and asked me if I could take him; advising that he was shot in the chest. I told him to get in and he got in the back seat. A third person approached the passenger door and also asked if he could get in. It was apparent he had sustained a gunshot wound to his right forearm. He got in the front passenger seat.

I advised dispatched that I was enroute to Sunrise Hospital with one critical patient and two ambulatory patients. I responded to Sunrise Hospital code 3.

SUBJECT

DIVISION REPORTING: Tourist Safety Division

DIVISION OF OCCURRENCE: Tourist Safety Division

DATE & TIME OCCURRED: 10/01/2017 / 2210 hours

LOCATION OF OCCURRENCE: 5757 Wayne Newton Blvd., Las Vegas, Nv 89119

NARRATIVE:

On 10/01/2017 at approximately 2210 hours, I Officer B. Nellis P#4429 was working as marked patrol unit 3Q90. Q90 is a designated call sign for the Airport Bureau RAMP unit. During the course of my duties I was alerted to an active shooter taking place at the Route 91 Harvest Festival, which is adjacent to the west side of the McCarran International Airports perimeter. I then responded to the west side of the airport via LVMPD marked unit #10784, utilizing McCarran Airports interior perimeter road. While in route it was learned that numerous festival goers had breached the west side perimeter gaining access to the airfield.

Upon arrival to the west (airside) of the airport I came in contact with approximately 30 festival goers who were taking cover behind the Poker.Com hanger, airside. After evaluating if the subjects needed immediate medical attention, I was directed by Sgt. Toney P#6271 to escort the subjects to the Caesar's / Harrah's hanger where approximately another 150 festival goers were sheltering in place. Medical units also responded to this location. A plan was eventually developed to have the festival goers safely transported from this location via buses to the Thomas and Mack. Once the subjects were safely transported, officers along with DOA K9 cleared and secured the hanger.

At the direction of Sgt. Toney, I responded along with other officers to the Sand's hanger where it was reported that festival goers were sheltering in place. Upon arrival we came in contact with approximately 50 subjects who had fled the Route 91 Harvest Festival. They were also evaluated for injuries and eventually transported to the Thomas and Mack via bus. The hanger was then cleared and secured by officers and DOA K9.

As other resources arrived, I was eventually relieved and reported back to the terminal 1 LVMPD substation where we debriefed the incident.

Mandalay Bay Active Shooter (Route 91)

SUBJECT

DIVISION REPORTING:	<u>TSD</u>	DIVISION OF OCCURRENCE:	<u>TSD</u>
DATE & TIME OCCURRED:	<u>10/1/2017 2220</u>	LOCATION OF OCCURRENCE:	<u>SCAC (Command Post)</u>

NARRATIVE:

On October 1<sup>st</sup>, 2017 at approximately 2220 hours I received a text message from Detective Walter Hemmingway. In the text he asked if I was at the Route 91 event, because [REDACTED] had called him and reported there were people being shot. I jumped out of bed and turned my pac-set on and confirmed the information, hearing reports of multiple gunshots, shooters, and people being injured. I dressed and proceeded to the command post, logging on in the car and switching channels. As I was en-route I exited the westbound 215 to the Northbound I-15.

The freeway exit to Russell/Frank Sinatra was completely jammed with cars. Nothing was moving. I could hear officers asking for medical and stating 40 people or more were shot. I exited my vehicle, and displaying my LVMPD ID began having cars move over and clear a path for the numerous emergency vehicles behind me. One of the HSST team officers (Joey Hernandez) was behind me in his own car. Also, a subject identifying himself as a former DELTA operator came up to me to assist. Another (possible off duty fire?) person came up as well. The four of us began running down the travel lanes, clearing the cars as fast as we could. As space opened I moved up and utilized the PA system in my car, imploring vehicles to move. Eventually we were able to clear a path to Russell, allowing emergency ambulances, fire vehicles and police personnel to exit the freeway.

I proceeded to the command post located at SCAC. Once there I conferred with the Incident Commander, John Pelletier. He assigned me the role of DOC liaison, reporting investigative information, intelligence, and operational information to the DOC every half hour. My counterpart at the DOC was Captain Jim Seebock and Emergency Manager Rachel Skidmore. At approximately 0030 (I am not sure of the time) I received a call from Captain Fletcher advising me to activate the A/B roster for Laughlin. I advised him I was working the CP and would take care of it. Working with Sergeant Cowley in Laughlin I was able to quickly complete the notifications for the A/B roster.

I left the CP at approximately 0500 hours and proceeded to Laughlin for briefing. If there are any questions I can be contacted any time.

This report is digitally signed by me, Lieutenant Harry Fagel, P#4644.

## DETAILS:

Officer Involved:

Det Tim Vaughan P# 4672, SCAC PD8

On 10/01/17 at approximately 2214Hrs, I was notified by my Sgt of an active shooter call working on CCAC channel. I was off duty and at home at the time. There were no further details at the time. Upon learning that it was a confirmed incident, and there was a possibility of numerous active shooters on Las Vegas Blvd, I was instructed to logon, and report to the staging area at SCAC for further assignments.

Upon my arrival to SCAC, I was tasked with helping facilitate interviews of witnesses with the Homicide Detectives, until that was subsequently redirected. I also was tasked with making notifications of all off duty SCAC employees of the initiation of the A/B Roster.

I then responded back to the staging area for further instructions. I assisted at the staging area for the remainder of the incident until 0600hrs, when I became part of the Calls for Service ("A" Roster).

CONTINUATION

Event #: 171001-3519

At approximately 0130 hours, CP personnel advised Sgt. Dunn and Strike Team 36 personnel to respond to the Southern Hills Hospital, located at 9300 W. Sunset Rd. Las Vegas, Nevada 89148, where numerous victims were being treated for injuries ranging from gunshot wounds to broken bones, as a result of the incident. Sgt. Dunn was further advised to have his Strike Team personnel conduct interviews of the victims, collect and impound all related evidence and secure the hospital pending additional victims who may be self-transporting or arriving via ambulance from other area hospitals. Sgt. Fulwiler also responded to the Southern Hills Hospital upon returning to Las Vegas from Phoenix, Arizona and being made aware of the incident and Strike Team 36's orders from the CP.

Strike Team 36 personnel subsequently responded to the Southern Hills Hospital and interviewed the following victims:

1. [REDACTED]

[REDACTED] was not present at the Route 91 Festival. She was playing craps at the Mirage Casino and injured her leg during the subsequent evacuation, as a result of the unfounded Active Shooter reports that followed the actual Active Shooter at Route 91/ Mandalay Bay.

2. [REDACTED]

[REDACTED] stated she was standing near the center bar, in front of the main stage. She heard the gunfire, but did not see the shooter or his location. [REDACTED] stated it sounded like the gunfire was coming from the Mandalay Bay. She injured her left ankle while running away.

3. [REDACTED]

[REDACTED] was in the Neon Lounge at the time of the shooting. [REDACTED] heard the gunfire, but did not see the shooter or his location. [REDACTED] stated it sounded like the gunfire was coming from the Mandalay Bay. She injured her left ankle while running away.

4. [REDACTED]

[REDACTED] was not interviewed because she was discharged prior to our arrival.

5. [REDACTED]  
[REDACTED]

[REDACTED] are married and visiting from Oregon. They were standing in front of the main stage when they thought they heard "firecrackers." There was a break and then they thought they heard "firecrackers" again. At that point, [REDACTED] saw the performers run off stage. As they turned to run, [REDACTED] was shot in the leg. Simultaneously, an unknown female next to them was shot in the head and fell to the ground.

[REDACTED] stated he observed "flashes" coming from the Mandalay Bay hotel tower, approximately 3 or 4 floors down from the rooftop. Both [REDACTED] stated they heard gunshots as they were fleeing. [REDACTED] stated they fled and hid behind the Coca Cola Suites, located east of the main stage. [REDACTED] stated the suites were 3 stories high and they could hear the rounds ricocheting off of the structure while they were hiding.

It was later determined [REDACTED] was shot in the upper left thigh and had additional bullet fragments in his left calf.

CONTINUATION

Event #: 171001-3519

6. [REDACTED]

[REDACTED] stated she was with her [REDACTED] at the Route 91 Country Harvest Festival. It was approximately 2230 hours and they were in the center of the crowd, in front of the main stage, watching Jason Aldean perform. They heard loud bangs, but thought they were fireworks. Jason Aldean continued to perform, so no one in attendance thought anything was wrong. [REDACTED] then said she observed Jason Aldean run off the stage and people began running.

[REDACTED] subsequently ran away from the Mandalay Bay and towards the Hooters Casino. [REDACTED] slipped and fell and immediately felt a burning sensation on her left foot. [REDACTED] said the shooting seemed to get louder and felt like the rounds were closer. Both [REDACTED] got up off the ground and hid in some bushes, waiting for the shooting to stop. They then ran all the way to Hooters Casino and into an unknown room with other people, possibly room 446.

[REDACTED] went into the bathroom and realized she had been shot in her left foot and left buttock. They immediately called 911 and [REDACTED] was transported to Southern Hills Hospital. [REDACTED] confirmed her mother's story and said that her phone was dropped at the concert. [REDACTED] stated there may be video of the incident on her cell phone. A citizen purportedly found [REDACTED] cell phone and is keeping in contact with another family member to later return the phone. Neither [REDACTED] nor [REDACTED] saw the suspect or knew where the shots were coming from.

7. [REDACTED]

[REDACTED] stated she was at the Route 91 Country Harvest Festival. At approximately 2200 hours, Jason Aldean was performing. [REDACTED] said she was sitting in the grass area with friends, approximately 100 feet from the main stage. [REDACTED] started to hear "bang" noises that sounded like BB gun shots. [REDACTED] initially thought it was a part of the concert, but the performers stopped playing and ran off the stage.

The crowd then began to duck and run away as the shots continued. [REDACTED] stated the shots sounded far away and there were a lot of them, which she further described as ten rounds at a time. She said it almost sounded like multiple shootings at one time, but could not be sure. [REDACTED] said she saw multiple people bleeding and running.

[REDACTED] stated she ran towards the Hooters Casino, in a North East direction, and felt like she got hit by a paint ball on the right buttock. [REDACTED] also saw her right hand and saw blood on it. She finally made it to the Hooters Casino and ran into a restaurant. She said 911 was called and was she was subsequently transported to Sunrise Hospital. Once she arrived at Sunrise Hospital, hospital personnel advised her they could not treat her until tomorrow because of the sheer amount of victims who were arriving at the hospital.

[REDACTED] stated her boyfriend [REDACTED] address [REDACTED] came and picked her up and transported her to Southern Hills Hospital. [REDACTED] stated she did not see the suspect nor see where the shots were coming from.

The aforementioned detectives photographed the injured and secured numerous items of evidence, which included bullets and bullet fragments that were surgically removed from several of the victims, along with several items of bloody clothing the victims were wearing at the time they were shot. These items were later impounded under LVMPD Event #171001-3519, at LVMPD Headquarters.

On 10/02/17, at approximately 1100 hours, Strike Team 36 personnel were advised we could clear from Southern Hills Hospital and secure.

End of Report.

## OFFICER'S REPORT

Event #: 171001-3519Mandalay Bay Shooting Response

SUBJECT

DIVISION REPORTING:	<u>Community Policing Division</u>	DIVISION OF OCCURRENCE:	<u>Tourist Safety Division</u>
DATE & TIME OCCURRED:	<u>10-01-2017 2200 hours</u>	LOCATION OF OCCURRENCE:	<u>Mandalay Bay</u>

NARRATIVE:

On October 1, 2017 at approximately 2200 hours, I was receiving information of an active shooter at the Route 91 Concert across from the Mandalay Bay. I immediately went home and grabbed my LVMPD work car and equipment to respond. While enroute, I learned Spring Valley Area Command (SVAC) Captain Greenway was called to act as Incident Commander for the event and was enroute to SVAC. I met Captain Greenway at SVAC and changed into uniform. While at the area command, there were officers and detectives showing up to also change into uniform. Captain Greenway advised that SVAC Lt. Stuart was already on scene and SVAC Lt. Goodwin was at University Medical Center. I contacted Lt. Goodwin and he stated there was a single sergeant staying home at SVAC, but that there was only one unit available for calls for service. Captain Greenway asked that I stay and organize the incoming personnel, and he would assess the needs at the command post.

One of the first squads arriving at SVAC was Sgt. Walker and his Flex team. One of the more tactical teams at SVAC, I advised Sgt. Walker to get his team ready and to caravan to the staging area at South Central Area Command (SCAC). (Sgt. Walker will be doing separate Officers Report for his squad's response).

I contacted the SVAC dispatcher and learned there was priority zero and priority one calls holding with no officers to respond. This was due to the 2 units available had been assigned to watch over our critical areas at Red Rock Casino and Palace Station casino, as well as the area hospitals. As detectives and officers arrived, they were paired up and sent out to handle priority calls for service. Dayshift Lieutenant and Sergeants were called and told to not respond as there would be a need for relief in the morning.

This was monitored until dayshift arrived for their shift. The following personnel responded that night to assist:

Sgt. Erick Wilds #5801  
Det. Anthony Archer #6403  
Det. Dan Emerton #9358  
Det. Ethan Grimes #6729  
Det. Thomas Mason #7449  
Sgt. Robert Price #7925  
Det. Travis Chapman #14079

Officer James Ellis #9298  
Officer Dean Picman #15894  
Officer Jeremy McCrimmon #9849  
Officer Thomas Carrigy #9860

As the morning progressed, there was a need for detectives at area hospitals. Sgt. Erick Wilds and his squad (Detectives Archer, Emerton, Grimes, and Mason) were sent to Desert Springs hospital to assist. Once they were finished there, they were then sent to Spring Valley Hospital.

Upon dayshift relief, the ABX plan was implemented.

## OFFICER'S REPORT

Event #: 171001-3519Mandalay Bay Shooting Response

SUBJECT

DIVISION  
REPORTING: Community Policing DivisionDIVISION OF  
OCCURRENCE: Tourist Safety DivisionDATE & TIME  
OCCURRED: 10-01-2017 2200 hoursLOCATION OF  
OCCURRENCE: Mandalay BayNARRATIVE:

On October 1, 2017 at approximately 2200 hours, I received the OIS communicator call from LVMPD Communications informing me of an active shooter at the Route 91 Concert across from the Mandalay Bay. I immediately responded to SVAC from my residence and changed into patrol uniform. While enroute I was called by my supervisor, Deputy Chief Brett Zimmerman, who instructed me to respond to the Mandalay Bay Hotel and set up a command post to control the scene of the hotel.

I communicated with Spring Valley Area Command (SVAC) Lieutenant Rick Given who had taken the initiative to respond to SVAC to assist. I instructed him to remain at SVAC and asses any further responding officers and to communicate with me to see if we needed more resources at the scene. This was done to prevent an over convergence of officers at the scene.

I contacted SVAC Lt. Jeff Goodwin, who already responded to University Medical Center. Lieutenant Goodwin was providing me updates on the number of casualties arriving on UMC. I instructed Lieutenant Goodwin to coordinate his efforts with Bolden Area Command (BAC) Captain Robert Plummer, who was arriving on scene at UMC.

Upon arrival at the Mandalay Bay hotel, I liaisoned with Deputy Chief Charles Hank and SVAC Graveyard Lieutenant Jeff Stuart shortly after arriving. While at the Mandalay bay we established two command post. The first Command post was the "Patrol Command Post" which was established in the upper valet area located on the east side of the Mandalay Bay, adjacent to Las Vegas Boulevard. The second command post was the "Tactical Command Post" which was established in the lower level valet area located on the east side of Mandalay bay adjacent to Las Vegas Boulevard.

Event #: 171001-3519

The below bullet points highlights the actions taken by myself, D/C Hank and Lieutenant Jeff Stuart on the event:

- Identified John Leon form Gang to command the tactical command post
- Worked with the SWAT TOC Captain Chris Tomaino to obtain a photo identification of the outstanding female girlfriend of the suspect and dispersed the photo to officers on scene for officer safety awareness and to begin searching for the subject.
- Worked with the SCAC Command Post to obtain strike teams to the Mandalay Bay to protect the inside/outside of the property and locate any stragglers on property who needed assistance as well as search for the suspect outstanding girlfriend.
- Coordinated officers who were arriving at the Mandalay Bay, without being deployed by the SCAC Command Post, into Strike Teams to ensure the hotel was protected and to escort any guest located on property to either the Michael Jackson Theater of the Hotel's Foundation Room which was the holding point of the guest/citizen until it was safe to release them. The theater housed over 1000 guest while the foundation room held approximate 500 guest. These locations were guarded by uniform LVMPD Personnel.
- Coordinated arriving outside jurisdictions, to include ATF, Nevada Parole and Probation, NLVPD to assist guarding the crime scene outside the hotel (Valet area with shards to window glass as well as spent rifle casings) until they could be relieved by LVMPD personnel.
- Upon the arrival of the LVMPD FIT investigators, coordinated a uniform security team to protect them while they began their investigation.
- Worked with [REDACTED] the [REDACTED] for the Mandalay Bay, to have the lights at the festival lots turned on in order for the investigation to begin.
- Upon the suspects' vehicle being located din the Mandalay Bay parking garage, coordinated to security of the car and surrounding area until the LVFD Bomb Squad could respond.

OCCURRED: 10/01/2017 2205 HoursLOCATION OF  
OCCURRENCE: Mandalay Bay Hotel  
3950 S. Las Vegas BoulevardNARRATIVE:

On October 01, 2017, at approximately 2220 hours, I was at my residence as I had taken the day off for my normal shift. I received several calls and text messages regarding a sniper situation at the Mandalay Bay Hotel on Las Vegas Blvd. and updates were advising there were numerous casualties to include officers. Detectives from my team had advised they were already on scene and I responded to assist. I responded to the staging area at South Central Area Command where I contacted Lt. Carlos Hank who was coordinating staging area efforts. I checked in with him and he advised once the rest of my team was together to check back in for a Strike Team assignment. I had four members of my squad already operating at the scene and called Detectives N. Brigandi and S. Bourque to respond to my location. As I awaited their response I met with Sgt. S. Perry, also from Gang Vice Bureau, who advised he had about half a squad as well. We decided to work our teams together and form a strike team. I also had Corrections Officer G. Munoz at the staging area and I directed him to be part of our Strike Team as well as he works in the Central Intelligence Unit with my team.

A short time later we met with several NLV officers who were unassigned and we added them to our Strike Team ultimately forming Strike Team 35. Strike Team 35 was comprised of the following personnel:

Sgt. A. Burnett P# 4907  
Det. S. Bourque P# 7045  
Det. N. Brigandi P# 12933  
C/O G. Munoz P# 7137  
Sgt. S. Perry P# 6510  
Det. A. Hefner P# 14164  
Det. J. Keen P# 14455  
Ofcr. W. Young P# 9636  
NLV Ofcr. D. Fellig  
NLV Ofcr. S. Sharp  
NLV Ofcr. M. Harris

Our first assignment was to meet and assist Sgt. J. Stark and his Strike Team at Luxor where there was a potential VBIED. Shortly after we arrived the VBIED was determined to be unfounded and Sgt. Starks Strike

Team was requested back to the Staging area. I spoke to Lt. Hank and advised we would hold the Luxor position as we had a large Strike Team with vehicles. We were requested to assist Sgt. Van Nest at the Route 91 venue area and upon meeting with him he advised citizens were showing up and trying to access the venue. We checked the perimeter for open accesses or gates and those were eventually taped off and covered with their personnel.

A short time later I spoke with Lt. Hank and he advised they were deploying strike teams at strip hotels. After discussing the options I advised we would take the Treasure Island and Mirage hotels as they were next door to each other and we had a large Strike Team capable of covering two locations. Once we arrived at the Mirage Hotel I met with Sgt. G. Findley, Strike Team 16, who was already covering that location. Strike Team 35 staged at Treasure Island until relieved by Squad BA35 at approximately 0845 hours. We conducted a quick debrief and secured from that location.

## OFFICER'S REPORT

Event #: 171001-3519Active ShooterSUBJECTDIVISION  
REPORTING: Investigative Services DivisionDIVISION OF  
OCCURRENCE: Patrol Services DivisionDATE & TIME  
OCCURRED: October 1, 2017LOCATION OF  
OCCURRENCE: Las Vegas Village, 3901 S. Las Vegas  
Blvd. Las Vegas, NV 89119NARRATIVE:

On October 1, 2017, at approximately 2200 hours, I was executing the service of a search warrant at [REDACTED]. While serving the search warrant dispatch broadcast information regarding the active shooter incident occurring in Convention Center Area. The officer's on scene turned their radios to CCAC and a barrage of gun fire could be heard in the background. Sgt. W. Matchko, P#8525, was on scene supervising the service of the warrant at that time. Sgt. Benjamins, P#6964 had also arrived on the scene and upon hearing the CCAC radio traffic, Sgt. Matchko left to assist with the active shooter.

At 2230 hours, Detective G. Flores, P#6071 and I, Detective J. Santiago, P#4948, completed the service of the search warrant and responded to the Incident Command Center at South Central Area Command. Upon arrival I met with other members of the Vice Unit and was assigned to Strike Team #47. Shortly after my arrival at the Incident Command, Strike Team #47 was advised to respond to the Paris Hotel and Casino, located at 3655 S. Las Vegas Blvd, Las Vegas, NV 89109. At that time it was reported that shots were being fired inside the hotel.

Upon our arrival, I reported to the surveillance room, while my team made their way to the casino floor. I checked the surveillance cameras with Paris Security Officer's to ensure there were no readily identifiable threats. I communicated with my team via cellular phone and advised them where subjects were hiding and sheltering in place. Strike team #47 was able to assist security in evacuating the casino floor and effectively move people to the Convention Area of the hotel for shelter.

After several hours, Strike Team #47 was ordered back to the Incident Command to await reassignment. Strike Team #47, was reassigned to provide security in front of the Bally's Hotel and Casino located at 3645 S. Las Vegas Blvd. Las Vegas, NV 89109.

Ogden Access Control Computer

SUBJECT

DIVISION REPORTING: CFL DIVISION OF OCCURRENCE: CFL

DATE & TIME OCCURRED: October 2, 2017 LOCATION OF OCCURRENCE: 150 N. Las Vegas Blvd

NARRATIVE:

On October 2, 2017, I Analyst T. Bishop P# 15207 along with Det. Z. Johnson P# 8527 were assigned to respond to [REDACTED] to retrieve data from the camera system and the access log system. We arrived on scene and contacted [REDACTED]

[REDACTED] from the [REDACTED] staff showed us the data room and indicated that the Dell computer was responsible for logging access data from keycards that give access to the upper floors of the building. The computer had a program called Facility Commander WNX v 7.7 Pro running. There was a window open showing access logs but the logs did not show any entries earlier than October 2, 2017. I attempted to load additional logs through the program but I was unable to determine how to load historic logs. I attempted to make a live physical and logical copy of the drive however administrative access to the computer was required for this process. [REDACTED] staff was not aware of an administrative account or password for the computer. I attempted to boot the computer to a bootable USB drive running Paladin but the computer would not boot to the USB drive. I made an image of the computer by removing the hard drive and using an external write blocker. See pictures of the computer below.

According to [REDACTED] when the units are rented through [REDACTED] the front desk gives the renter the access card associated with the unit. Some of the units had multiple access cards associated with them and it was unknown which card was given to the renter. The logs for the units the subject accessed had access cards associated with the following names:

Unit	Dates	Name
[REDACTED]	9/21 - 9/23	[REDACTED]
[REDACTED]	9/24 - 9/28	[REDACTED]
[REDACTED]	9/17 - 9/22	[REDACTED]
[REDACTED]	9/19 - 9/22	[REDACTED]

**"PRINT"**Mass Shooting Incident - Highway 91/Mandalay Bay

SUBJECT

DIVISION  
REPORTING:ISDDIVISION OF  
OCCURRENCE:Tourist Safety Division - CCACDATE & TIME  
OCCURRED:10/01/2017 2215LOCATION OF  
OCCURRENCE:Mandalay Bay - 3950 S. Las Vegas BlvdNARRATIVE:

On October 01, 2017, at approximately 2215 hours, Det. S. Price P# 7207, Det. R. Moreno P#4922 and myself Det. J. Vance P#9004 (GVB-CIU2) had just finished lunch and learned of the event unfolding at Mandalay Bay. Det. R. Moreno and I quickly exited the parking lot and activated our emergency equipment (lights/sirens) and proceeded south on Sammy Davis Dr. to Mandalay Bay, then onto South Central Area Command (SCAC) as ordered via the incident commander. Det. S. Price was delayed by on coming and subsequent vehicle traffic associated with the event causing him to be separated from us. While en-route to SCAC, I radioed the Admin. Channel, assigning ourselves GC20 Det. Moreno, GC22 Det. S. Price and myself GC24 to the event. I quickly turned my radio back to SCAC and CCAC listening for additional updates. A flood of information was being put over the air initially detailing mass casualties and the presence of an active shooter, however the suspect(s) exact location was not still unclear. Both Det. Moreno and I responded to SCAC and immediately donned our tactical gear, including helmets and additional equipment and reported to the command post for assignment. Prior to the event Det. Moreno and I had been both operating in a covert manner at a local rap concert and as a result were wearing civilian clothing, but we were both fully equipped with our department mandated equipment (handgun, OC, cuffs, spare magazine etc). Det. R. Moreno and I were assigned to Strike Team 1 which was composed of the following people:

- Sergeant Robert Whiteley P#4996 (Strike Team Leader)
- Officer Kyle Prior P#13498
- Detective Casey Dalrymple P#14303
- Detective Kenneth Ruzicka P#13806
- Detective Jacob "Jake" Legrow P#14106
- Detective Robert Grantham P#9841
- Detective Jeremy "Jake" Vance P#9004
- Detective Richard Moreno P#4922
- Detective Joshua Costello P# 9139

Strike Team 1 was quickly tasked to respond to the Mandalay Bay and assist with any possible active threats. Our team was attached to Lt. John Leon P#5264 (341GC) who was tasked with setting up a forward operating

area for SWAT to work from. While moving quickly on foot towards Mandalay Bay we joined a SWAT team at the corner of Las Vegas Blvd and Russell. They advised us a Bearcat was on its way to our location and to stand by due to the shooter being overhead. Our team quickly loaded into the Bearcat and were transported to the front valet area located on the northeast facing side of Mandalay Bay. Upon arrival the SWAT team immediately began moving and bounding towards the Mandalay Bay entrance. Our team immediately fanned out and began securing the area checking vehicles, trash cans and other items for possible threats providing overall site security. Det. Moreno and I took up a post at the eastern entrance of the valet providing security and directing additional arriving units. Our team located citizens which had hidden in the lower levels of the Mandalay Bay and in the surrounding outside area, all of the citizens were escorted to the Michael Jackson theatre where a group of 1300 to 1800 citizens were being staged for safety purposes. Our team collectively escorted 10-20 individuals to the theater.

A short time later we were tasked by LVMPD SWAT Det. K. Stevens to assist with the ongoing effort to clear the remaining rooms of any additional threats and to locate any additional victims including Officer C. Hartfield P#9008 who at the time, was reported as missing. Sgt. R. Whitely was given a universal key-fob, and our team then proceeded to clear four floors (31<sup>st</sup>, 33<sup>rd</sup>, 42<sup>nd</sup> and part of another floor) consisting of approximately 500 individual rooms. Collectively multiple strike teams cleared the entire Mandalay Bay at the direction of LVMPD SWAT. Once the entire hotel was secured, Sgt. R. Whitely led our team back to the command post staging area at SCAC awaiting re-assignment. At about 0630 hours our team was released from duty. At this time my entire team secured and returned home.

## OFFICER'S REPORT

OCCURRENCE:ISDDATE & TIME  
OCCURRED:10/01/17 2215LOCATION OF  
OCCURRENCE:Mandalay Bay Hotel  
3950 Las Vegas Blvd S.NARRATIVE:

On October 01, 2017, at approximately 2215 hours, I, Sgt. R. Whiteley was at home in bed when I received several texts over the phone. Upon checking the texts, I observed that there was an active shooter going on at the Mandalay Bay. I immediately turned on my department issued radio and discovered the information was accurate and officers and civilians were actively being fired upon by an unknown suspect or suspects. The radio traffic indicated the action was ongoing and could possibly be the actions of multiple suspects. I told my team CIU 1 to respond to the strip and assemble at the command post located at South Central Area Command. Upon arrival, I placed my tac-vest and department issued helmet on and reported into the staging area. A short time later my entire team plus a contingency arrived who consisted of the following:

- Detective Josh Costello
- Detective Kyle Prior
- Detective Casey Dalrymple
- Detective Kenneth Ruzicka
- Detective Jake Legrow
- Detective Robert Grantham
- Detective Jake Vance
- Detective Richard Moreno

A short time after arriving at the staging area, I was designated as Strike Team 1 consisting of myself and the above-listed individuals. We were tasked to respond to the Mandalay Bay and assist with any possible threats that might still be active. I was attached to Lt. John Leon who was tasked with setting up a forward operating area for SWAT to work from. My team initially set out on foot from SCAC heading toward Mandalay Bay. About halfway to the hotel we met up with a SWAT team and was picked up by a Bearcat and driven to the lower valley of Mandalay Bay where we established a base for operations. My team pulled site security and picked up straggler citizens and escorted them to the Michael Jackson theatre where a group of 1300 to 1800 citizens were being staged for safety purposes. My team collectively escorted 10-20 individuals to the theater.

A short time later we were tasked to clear all the hotel rooms at the Mandalay Bay ensuring there were no suspects and looking for Officer Hartfield who at the time, was said to be missing. I was given a universal key-

## Actions at Active Shooter

SUBJECT

DIVISION REPORTING:	<u>HSAB</u>	DIVISION OF OCCURRENCE:	<u>Special Events</u>
DATE & TIME OCCURRED:	<u>10-1-2017</u>	LOCATION OF OCCURRENCE:	<u>3901 LVBLVD</u>

NARRATIVE:

I, Detective Jon Carpenter P#5003, was working traffic control Overtime as 163SE.

When the first shots rang out, I was standing on the right turn island from westbound Mandalay Bay Road to northbound LVBLVD.

By the second burst I recognized the sound as .223 rifle fire, probably full auto.

I took cover behind the traffic light pole as I could tell the bullets were flying directly over my head.

I was telling others to take cover.

A short time lapsed and about 4 Patrol cars and a PT van arrived into the intersection with their lights flashing. I recognized this might attract the shooter's attention and I decided to move to my car, veh #4851, that was parked in the median of Mandalay Bay Road. As the Officers got out of their vehicles, I yelled for them to take cover as the bullets were flying directly overhead.

Bullets then impacted into their cars and the island where I was standing previously. One of the Officers there got hit in the shoulder, and the guys next to him loaded him into a car and drove him to the hospital.

I retrieved my armored vest, helmet and rifle from my trunk and waited behind my vehicle trying to determine the shooters location and if there were other shooters or secondary attacks.

Several more volleys impacted into the vehicles, the island, and the crosswalk at this intersection.

I advised the other officers across the road from me where I thought the shooter was and told them to also keep a heads up for other shooters or attacks from different sides. I could not see muzzle flashes, but was very sure it was coming from high up on the north end of Mandalay Bay Hotel.

We continually tried to keep people from entering our area because the shooter had already shot at us there.

Once they announced the shooter was down, we began assessing our area and looking around the impact zone for possible victims. I told the officers with me to lock up the 7-8 patrol cars around us, so they would not be taken by anyone.

Officers Collins P# 15332, Webb P#15851, Noriega P#15334, Swanger P#14743 and Zamora P#9217, and I formed a team and maintained control of the intersection and entrance to the event, while assisting citizens. One of the Officer's Sergeant called him and told them to go to the CP at SCAC. They left to go there while Noriega and I stayed with the frightened civilians and damaged vehicles we had at our location.

Officer Noriega later escorted the civilians back to the Reno side of the event to get them to Thomas and Mack.

Two of the ladies were too afraid to move from the Patrol car they were hiding under and refused to go with Noriega. Eventually I convinced them to move to the back seat of my vehicle where they stayed huddled for several hours.

Sgt Riddle came around checking on me and advised me to stay at the intersection and protect the vehicles that were shot and the impact area of the bullets. Vehicles CC1715, CC9965 and CC10401 were three of the four vehicles that were hit with bullets next to us. I didn't get the fourth vehicle number.

## OFFICER'S REPORT

Event #: 171001-35191 October Mass Shooting event

SUBJECT

DIVISION  
REPORTING:Tourist SafetyDIVISION OF  
OCCURRENCE:Tourist SafetyDATE & TIME  
OCCURRED:10/01/17 2208 HrsLOCATION OF  
OCCURRENCE:5757 Wayne Newton Blvd, Las Vegas,  
NV. 89118NARRATIVE:

On 10/01/17 at approximately 2215 hrs, Sgt. Toney advised me that there was an active shooter situation occurring at the Mandalay Bay Hotel (Event 171001-3519). Initial details were that there were at least 20 citizens shot as well as at least one officer at the Route 91 Harvest Festival across from the Mandalay Bay, within close proximity to McCarran. Officers were immediately cleared from briefing and paired up with deployed rifles. Sgt. Toney proceeded to T1 and I stayed at T3. I assigned Ofc. Scottie Underwood to head to the ACC to be our liaison in the control center to help facilitate our needs. As radio traffic on CCAC and SCAC was being monitored, along with Airport channel, it appeared that there were multiple active shooter calls being phoned in from various hotels along the strip. I subsequently contacted Lt. Weiskopf and advised him of the situation and that we were holding over swing shift, pairing up officers and deploying rifles. Lt. Weiskopf advised he would be contacting the captain and advising him of the situation. Lt. Grimm was also contacted and advised of the situation. Shortly thereafter we began getting reports of multiple subjects at the businesses and hangars on the west end of the airfield. Several of the subjects had gunshot wounds and others were hiding in the area to escape the shooter. It was also discovered that several breaches to the perimeter fence had occurred and that there were subjects on the active runways. I had my ramp unit pick up Sgt. Toney and take him out to the hangars while I stayed to manage the terminals. Based on the information, it was unknown if the shooter was mobile at the time. Due to this concern, I ensured that the ticketing/departures area of the airport were manned with pairs of officers should the suspect/suspects arrive at the airport. Contact was made with CBP officers as well as TSA personnel to advise them of the current situation. Sgt. Hansen arrived a short time later and stayed at T1 to manage that location while I managed T3 and Sgt. Toney managed the hangar area. Throughout the event I maintained contact with supervisors manning the CP at SCAC to gain the most current information and provide that to airport officers as well as CBP personnel.

## A few points to note:

-The communication issue of utilizing airport ACC while a critical event was occurring adjacent to the airport was ineffective. The requests that were made to ACC were not handled in a timely manner, causing a delay in the requests that were being made by supervisors on site. Requests were made multiple times, causing supervisors to switch channels from Airport, to SCAC or CCAC in order to have requests handled or receive information regarding the event. Officers had to continuously switch from Airport channel to CCAC in order to

Event #: 171001-3519

receive updated information. ACC was not updating the airport units as events were unfolding during the incident. Another significant safety issue was the information was not being relayed correctly. At one point a unit at the event was broadcasting on Airport channel and requesting units to the east side of the Excalibur Hotel Garage. Sgt. Toney advised the unit he was on Airport channel at which point the unit acknowledged but stated the other channel was inundated and he had to get the request out. As a result the ACC dispatcher began dispatching Airport units to the Excalibur Hotel. I had to advise ACC that our units were to stay on property and head to the hangars for the evacuees and injured citizens. Additionally, information that was being requested on Airport channel was not being relayed to Metrocomm. In the 123 page CAD report (as of yesterday morning) I only saw one notation of me requesting the Air Unit to search the top of the hangars on the west end due to there being an accessible ladder to the top, somewhere around 0330 hrs. I utilized SCAC channel at that time to make the request. This was a second request as the first was made for the air unit hours earlier by airport units out at the hangars for the same thing. No other information that was occurring on the airport channel such as locations to take evacuees, status of hangars cleared, amount of people at the hangars needing transportation, or even that a swing ramp unit had transported a GSW victim to the hospital, was notated in the Metrocomm CAD report. There was a lack of communication between metrocomm and ACC as at no time did a Metrocomm dispatcher come up on Airport channel to advise of any updates or details about the event that was occurring adjacent to and on our property.

-CBP did an outstanding job of responding and augmenting our manpower at the airport.

-At some point TSA decided to close the checkpoints. Based on what was occurring I felt that it was necessary to keep the checkpoints open. I felt it was better to have citizens on the secure side, through screening, as opposed to be congregating on the non-secure side where they could potentially be targeted by an attacker. Additionally, turning them away from the checkpoints would have possibly caused them to head back to strip properties, which at that point it was unknown if we had multiple active shooters at the different properties. I confirmed throughout the event that at least one checkpoint would remain open to get people through.

**Citizen Victim:**

On the evening of 10-01-17, [REDACTED] was attending the Route 91 Country Concert & Festival. [REDACTED] was at the event with her friend [REDACTED]. I was off duty at home when I received a frantic phone call from [REDACTED]. She was crying hysterically saying there were "terrorists" shooting everywhere at the concert. I could hear other people yelling, crying, and loud noises that appeared to be gunfire in the background. She didn't know what to do, but knew she had to get to cover from what I had taught as she was growing up. [REDACTED] I stayed on the phone with her, directing her to get out of the open field and find cover towards the direction of UNLV (east). She hung up and said she would call back when they were safe. I immediately turned on the area channel and monitored to assist in providing info for when she called back. I also began putting my uniform and gear on. She phoned back, saying she [REDACTED] had made it a few blocks away and were at a helicopter business and were hiding inside with others who had fled the same direction. I was able to tell her that radio traffic appeared to show that the shooter was on the 32<sup>nd</sup> floor of the Mandalay Bay, and it didn't appear any additional shooters where in the area she was at. We remained on the phone with her some time, attempting to console and calm them both, directing them what to do. Our family [REDACTED] worked together to get them out of the area and I responded to the scene. The group of citizens they were with later made the decision (once they believed the shooting had stopped for some time) to continue fleeing to the east towards UNLV.

I offered my assistance at the Command Post, deployed in uniform, MACTAC gear, and AR-15. The CP asked if I had a team, and I advised I had responded on my own but wanted to help in any way I could. Shortly after my arrival at the CP, Gangs Vice Bureau Captain Ballard phoned me, directing me to call all the rest of the Vice Section Detectives who hadn't already responded. He advised that all Vice Section Detectives were being

called out and to respond to the CP for assignment. I delegated the task to Detective Justine Gatus since I was busy attempting to gather a strike team at the CP. Detective Gatus was able to notify almost all of the Vice Section. For my squad, Detectives Gatus, Wright, Leung, and Petrucci very quickly responded to the CP to form Strike Team 44 with me, along with V3 Detectives Bressler, Aliyev, and Gorski. Another Detective on my squad, Detective Richard Chavez, had also responded right away as I had, and had left the CP just prior to my arrival deployed with a different Strike Team.

Strike Team 44 received an assignment at the Wynn/Encore. I received the phone call [REDACTED] informing me that it appeared [REDACTED] had been shot in the hip. [REDACTED] felt [REDACTED] was injured while running when the shooting started, but didn't realize it was from gunfire until after being picked up. [REDACTED] advised it appeared to be a ricochet or shrapnel with one larger injury and numerous other small ones. [REDACTED] was taken [REDACTED] to St. Rose Hospital Sienna ER at St. Rose Parkway/Eastern. I notified Captain Ballard and received permission from the Command Post to leave my assignment. Detective Jason Bressler was designated as Strike Team 44 leader in my absence. I responded to St. Rose Hospital [REDACTED] was very distraught and I stayed [REDACTED] for about an hour. [REDACTED] was released that same evening, and [REDACTED] wanted me to respond back to help others after I explained I wanted to return. I returned back to the Strike Team, notifying the CP I was back on assignment, and later secured at 0800, after being relieved by a day shift Team.

**SYNOPSIS**

At 2214 hours, the SWAT/CNT notification system was activated directing all personnel assigned to the teams to report to SCAC - Command Post (CP). My assignment that night was in an Intelligence Gathering role of the Crisis Negotiation Team. Upon arrival at the SCAC, our team was briefed about information known at that time. I was assigned the task of attempting to identify the driver and occupants of a black colored vehicle parked in the Valet area of the Luxor Casino that was reported to be, or contain, a possible explosive device. Later I assisted other team members with intelligence gathering efforts as the need arose. This was my mission for the duration of the incident.

**DETAILS**

Upon arriving at SCAC I walked to the CNT Command Post. I received information concerning a black colored vehicle that was the subject of an examination by ARMOR for the presence of an explosive device. I learned from personnel at the scene that the vehicle displayed Nevada license plate [REDACTED]. I began to investigate the vehicle to determine the identities of persons observed leaving the vehicle at about the same time as the active shooter situation was occurring. I learned that the vehicle was registered to [REDACTED].

Event #: 171001-3519

I conducted several queries and finally contacted the [REDACTED] Officers there drove to the address and found that the business no longer existed in that location. I called the Henderson Nevada Police Department to request a check of another possible address at [REDACTED] I noted, and communicated to ARMOR through my Assistant Team Leader J. Hernandez, that the vehicle was registered as an autonomous (driverless) vehicle. Prior to Henderson P.D. returning my call, ARMOR determined that the vehicle was not an explosive device and did not constitute a danger to the area or citizens. The occupants of the vehicle were not identified by me.

During my investigative efforts regarding the vehicle I sent messages to persons known to me personally to check their social media accounts for friends who were at the site of the shooting so that I could contact them as necessary. One female at the Route 91 Concert venue was identified to me and I called [REDACTED] to determine her condition and if she had information that could help identify person(s) responsible for the attack. No other significant information was gathered by me prior to securing.

INTERVIEW OF WITNESS. [REDACTED] BY D. FIESELMAN

I interviewed [REDACTED] via telephone at [REDACTED] on 10/01/2017 at 23:43 hours. [REDACTED] was contacted after a source notified me that [REDACTED] was at the concert and may be a witness based on social media postings. [REDACTED] stated that she was not injured, but a female member of her party had been shot in the leg. [REDACTED] did not identify the female victim. [REDACTED] stated that she and others had already arrived back where they were staying, at [REDACTED] [REDACTED] said that she and her boyfriend did not see anyone shooting, but her boyfriend thought the shots sounded like they were coming from "up high". [REDACTED] identified her boyfriend as [REDACTED] [REDACTED] said that the two live together in [REDACTED] [REDACTED] stated that they were with at least one other couple, and the female in that couple was shot in the leg but [REDACTED] and her boyfriend evacuated the area.

## OFFICER'S REPORT

Event #: 171001-3519Mandalay Bay Active Shooter Response

SUBJECT

DIVISION  
REPORTING:ISDDIVISION OF  
OCCURRENCE:TSDDATE & TIME  
OCCURRED:10/01/17 2200 hoursLOCATION OF  
OCCURRENCE:3950 S. Las Vegas Blvd. (M4)

## NARRATIVE:

**Synopsis:** On October 1, 2017 an Active Shooter event originated from the Mandalay Bay Hotel and Casino located at 3950 S. Las Vegas Blvd. A suspect was firing assault rifles from an elevated position (32<sup>nd</sup> Floor) into the crowd located at the Route 91 music concert. Multiple casualties were reported and law enforcement officers responded to locate and neutralize the threat presented by the suspect. The following timeline is a recounting of the event from my perspective regarding tactical command and control elements.

(2212 hours) I at home (off-duty) and received notification from Sgt. Tim Stovall (P#7415) that a confirmed active shooter event was taking place at the Mandalay Bay involving multiple suspects, gang officers were involved and his team was en-route to assist. I told him to gather his team and we would meet at Hacienda and Las Vegas Blvd.

(2214 hours) I notified Captain Devin Ballard (P#3935) of the event and we agreed to meet at the aforementioned location.

(2228 hours) I notified FBI SWAT member SA Daniel Leon of the event and to rally his team for response (voice mail).

I diverted to the SCAC CP that was established, arrived and reported inside. Captain Ballard arrived shortly afterwards and indicated that 2241C (Captain Pelletier) needed a lieutenant. I reported inside and was deployed to Mandalay Bay to set up a forward operating post for tactical units, strike force teams and rescue task force teams. I enlisted Sgt. Robert Whiteley (P#4996) and his strike team to assist. We linked up with LVMPD SWAT and moved forward with the Bearcat.

We arrived Mandalay Bay and established a forward operating post at Beach Level Valet. Site security was set and we linked up with two (2) Mandalay Bay security officers [REDACTED] SWAT officers deployed. Bearcat posted on our location with SWAT Officer Linebarger and TAC Medics. Several vehicles that were in valet were swept and cleared by the strike team.

Sgt. Bauman (Call sign 790) linked up with our location. Sgt. Bauman reported that he had two (2) strike teams under his control; Sgt. Richmand (720) was in the lower area with one (1) strike team; the casino floor, south of registration and west area were cleared up to the Michael Jackson (MJ) Theater; approximately nine hundred

**CONTINUATION**

Event #: 171001-3519

(900) citizens were currently sheltered in place in the theater; no injuries or medical required for officers or citizens.

I switched to SEAC channel for communications since CCAC was overwhelmed. I also maintained communications through cell phone with Sgt. Stovall who was at Mirage/Treasure Island and Captain Ballard who was at the CP so I could relay information.

I had Sgt. Bauman deploy one (1) strike team to maintain security at MJ Theater. SWAT element located approximately forty (40) additional citizens hiding adjacent to our location. The citizens were escorted to the MJ Theater. I had 7M18 (2 officers), 3M14 (2 officers) and 3M19 (2 officers) link up with my location since they had been separated; they provided additional site security.

I was notified by Sgt. Steve Perry, off-duty, (P#6510) if we needed assistance. I affirmed for him to call-out his team and report to the CP at SCAC. (His team was deployed to Treasure Island – maintained communication via text).

I was notified by Sgt. Garth Findley, off-duty, (P#8712) if we needed assistance. I affirmed for him to call-out his team and report to the CP at SCAC. (His team was deployed to Mirage – maintained communication via text).

I was notified by Sgt. Stovall that his team was north of Luxor between Excalibur (maintained communication via text.)

Coordinated with LVMPD SWAT to clear all rooms in Mandalay Bay. SWAT Officer Kevin Stephens collected master keys from security for approximately sixteen (16) teams to clear floor by floor (room by room). Strike teams and Rescue Task Force teams were mixed with tactical elements and commenced to clear hotel, locate any wounded and advise on any additional suspects encountered. DEA Agents (CCGTF) responded and assisted.

DC Charles Hank and Captain Brian Greenway established CP at valet level for Mandalay Bay. We communicated via cell phone and in-person to coordinate efforts.

Mission objectives complete. All floors cleared by teams. Keys returned to security officers at Mandalay Bay. LVMPD SWAT departed. I notified dispatch that all floors cleared, gathered up my teams and reported back to staging area for any follow-on missions. None were assigned. I secured Sgt. Whiteley and DEA teams at approximately 0700 hours. I instructed Sgt. Burnett, Sgt. Stovall, Sgt. Perry and Sgt. Findley to maintain their respective posts until relieved by teams from staging area who were reporting to work.

The Gang Unit/CIU personnel who responded, a majority from home, did a phenomenal job and deserve any credit.

## OFFICER'S REPORT

Event #: 171001-3519Route 91 shooting

SUBJECT

DIVISION REPORTING:	<u>CC18/Patrol investigations</u>	DIVISION OF OCCURRENCE:	<u>CC18/Patrol investigations</u>
DATE & TIME OCCURRED:	<u>10-01-17/2208 hrs</u>	LOCATION OF OCCURRENCE:	<u>Route 91 Festival</u>

NARRATIVE:

On 10-01-17 at approximately 2202 hours I, Detective J. Vallad P#12961 PD142 overheard the Sam Easy unit go on the radio stating "shots fired active shooter" at Route 91 festival. I was with my squad CC18 and we all headed that way and arrived in the area of Reno and Giles St. Las Vegas, NV 89119. As I arrived I heard repetitive gun fire and via the radio was made aware that it was coming from Mandalay Bay halfway up and shooting toward the crowd at Route 91. Sgt. C. Kennedy P#8377 was directly behind me with Sgt. D. Rose P#13527 and behind him was Detective W. Ghilarducci P#13797.

As we arrived I observed hundreds of people running north across Reno from the festival grounds so we parked on Reno just northeast of the Roman Catholic church located at 55 E. Reno Ave. Las Vegas, NV 89119 and we stacked up and made entry into the church parking lot and directed victims that were not seriously hurt to evacuate toward the Tropicana Hotel. As a unit I deployed my rifle and took point and we made our way to the eastside of the church building where several gunshot wound victims were hiding. The victims stated that there were several more victims around the Southside of the church so we moved to that location during gunshots were still being fired. As a team we made several trips to this location and evacuated several victims that had gunshot wounds around to the eastside of the church and requested medical to our location. Two of the most seriously wounded victims were loaded up into Sgt. Kennedy work truck and Detective Ghilarducci got in the back of the truck with the victims and they transported directly to UMC Trauma. The less seriously injured were moved to the rear of the Tropicana Hotel where a medical triage was setup.

Sgt. Rose and myself stayed behind and observed 20-30 victims in the parking lot directly east of the festival grounds by the Metro Police Command truck and they were with several children. As a two man unit we moved to that location and checked for injuries and there were negative any injuries so as the gunfire had stopped we moved these victims to the Tropicana.

The reports of other active shooters at other casinos started to come out and one of them was the Tropicana Hotel and I observed a medical triage was set up there with FD and AMR but they didn't have any police cover. Sgt. Rose and I made are way back to them to inform them and provide cover. At this time FD got info that there were several victims inside Tropicana and there was an active shooter inside so we formed a force pro team and made entry. Once inside we later determined that the accounts of the active shooter was false and all the victims were transported out of the hotel.

Sgt. Rose and I then reported to Tropicana and LV Blvd. for further assignment and were assigned to the Hooters Casino to form Force Pro teams and I was paired with FD on Force Pro 8. Were first went to MGM to evacuate two GSW victims that were in the main lobby. Those victims were transported by AMR and then we

FYI

On 10-01-17, I Officer D. Coyne P#13023 was working CCDC booking post 13. I heard the initial radio traffic and immediately responded to Mandalay Bay in my POV along with Officers Felix P#15242 and Aki P#7635. We arrived within minutes and made our way to the Casino floor where we joined a strike team led by Sgt. Riddle P#9306. We cleared the casino floor and escorted civilians to safety. When we heard more active shooters over the radio the strike team was split into two 6 man elements so one could respond to the separate active shooter calls. Officer Felix and I left along with Officer Theobald to respond to the separate locations that were called in as having active shooters. We arrived at the Paris and Bellagio, cleared them and after we learned there were no shooters at these locations we reported to Las Vegas Blvd and Tropicana where we were assigned to Force protection team #6. Once assigned to this team we paired up with medics from CCFD and tended to the victims. We treated 4 people with gunshot wounds and 1 lady with a broken arm. After our force protection team was disbanded we reported to Mandal Bay again and assisted the SWAT team in clearing several floors of rooms at the Mandalay Bay. After the rooms were cleared we went to Thomas and Mack where we met with families of the victims.

I am the Patrol Sergeant for SEAC-SE14. On the night of this occurrence, my squad was designated as the in the box squad. As we were conducting our nightly briefing, we heard this incident being broadcasted from officers already on scene. I instructed my squad to equip their required MACTAC gear and await an activation alert tone. We heard the automatic gun fire in the background when the officers broadcasted on CCAC channel. As I was leaving the gate of SEAC, I heard Captain John Pelletier call sign 224 announce instructions over the radio for all in the box squads to report directly to SCAC for staging and deployment.

My squad was in the parking lot of SEAC and I directed them to meet me at Pecos Road and Harmon Avenue to drive directly to SCAC. I made this decision to leave directly from our area command based on three items. (1) Captain Pelletier previously announcing for all in the box squads to respond directly to SCAC for staging and deployment; (2) Our department policy 5/213.06 Major Incident and All Hazard Plan states: *Units from neighboring area commands will respond if dispatched by Communications, or as directed by the primary/initial responding officer or supervisor to the Staging Area or immediate area;* (3) Although this wasn't an official MACTAC activation yet, in anticipation of it being one and in accordance with our MACTAC 2016 Manual which states, *"In the Box" Squad will respond to their rally points and start rally point procedures unless specifically ordered by the Incident Commander.*

Since the previous order was given by Captain Pelletier for all in the box squads to respond directly to SCAC and I also agreed with his decision, I instructed my squad to respond as a team to SCAC by following me once we were at Pecos Road and Harmon Avenue. As we departed, I was listening to CCAC in my ear and kept my car radio on SEAC. I advised over the radio of my response to SCAC with three additional resources. CCAC was providing updates to avoid Russell Road and Las Vegas Blvd. and for all arriving personnel to avoid that area. I then provided an ingress route to responding personnel from SEAC to arrive at SCAC via my radio. Upon my arrival at the front parking lot of SCAC, I equipped myself with my rifle in anticipation of being deployed as an assault team to the Mandalay Bay. I instructed my squad to start setting up the framework for an incident command post at SCAC and I designated myself as 800IC and waited for transfer of command to Captain Pelletier upon his arrival.

CONTINUATION

Event #: LLV171001003519

I designated security for the parking lot as we were assembling strike teams for deployment. The CP eventually moved from the front parking lot into the briefing room of SCAC; incident command was transferred from myself to Captain Pelletier with the call sign of 224IC. We were designated strike team 3 and briefed back to my squad. Our mission was to report to New York New York Hotel and Casino due to receiving reports of a subsequent active shooter. Lieutenant Carlos Hank call sign 367 was designated staging manager along with Lieutenant M. Welch call sign 350. We were deployed by Lieutenant Hank to the New York New York Hotel and Casino. Prior to deployment, I designated myself as the squad leader and Officer M. Pacheco as my team leader should the squad be separated into two strike teams. I designated our squad an assault team as we were directed to neutralize an immediate threat being the active shooter at New York New York.

When we deployed on foot from south to north from SCAC, we systematically cleared the exterior of the Four Seasons Hotel, the Mandalay Bay Hotel and Casino on its east end, the Luxor Hotel and Casino on its east end, then the Excalibur Hotel and Casino front entrance. Once we arrived there, we took the escalator up to the 2<sup>nd</sup> floor of the north side of the Excalibur to enter the New York New York and address the reports of a subsequent active shooter. Once the interior of the New York New York was cleared and we substantiated there was not a subsequent active shooter, we progressed to the T-Mobile arena to gain access to their surveillance room and establish security at the T-Mobile and the Montel Carlo Hotel and Casino. Out of all the casinos and structures we cleared, there were zero injured citizens or suspects and no casualties to report. The remainder of our post consisted of onsite security for T-Mobile arena and the Montel Carlo Hotel and Casino until we were relieved by dayshift officers.

OCCURRENCE:

3901 S Las Vegas Blvd  
Las Vegas, NV 89119

NARRATIVE:

On 10/1/17 at approximately 2236 hours, I, SCAC PD Det. T. O'Connell, P# 13231, was informed by my supervisor, Sgt T. Richter, P# 4373, of an active shooter located at the Route 91 Harvest Festival, 3901 S Las Vegas Blvd, Las Vegas, NV 89119. I was informed that there were multiple fatalities and that there were reports of multiple shooters in the area of the festival. I was off duty at the time, having already worked my scheduled shift from 0600-1600 earlier in the day. We were then requested to respond to SCAC.

When I arrived at SCAC at approximately 2330, I was asked if I would prefer to join a Strike Team or remain at the station for operational security purposes. I requested to be put on a Strike Team and was placed on Strike Team 22 under the supervision of Sgt. M. Marlow, P# 6204. I was assigned with approximately 5 LVMPD officers, 1 NLV officer, and 2 CCFD firefighters. Strike Team 22 was delegated as a Force Protection Unit and tasked with entering the Festival grounds and searching for any victims which may have still been alive and in need of medical attention at the scene. As a squad, we meticulously cleared the Festival grounds, providing security for the CCFD firefighters in the search for victims. The only victims found were beyond help and our mission turned into crime scene preservation. I worked throughout the night, into my next scheduled shift which began on 10/2/17 at 0600 hours.

DIVISION REPORTING:	<u>SE32</u>	DIVISION OF OCCURRENCE:	<u>Patrol Southeast area Command</u>
DATE & TIME OCCURRED:	<u>10/01/17 @ 2209 Hours</u>	LOCATION OF OCCURRENCE:	<u>3950 S. Las Vegas Blvd, LV NV 89119</u>

NARRATIVE:

On 10/01/17 at approximately 2209 hours an active shooter call came out at 3950 S. Las Vegas Blvd LVN 89119 the Mandalay Bay Hotel. I was at my residence off duty when I began to receive multiple text messages from my squad and other friends on the department. I immediately made the decision that more Officers would be needed and that it was appropriate to come in and help anyway that I could. I called my Sergeant and advised him I was going to come in.

I got dressed at the station and grabbed a patrol car. I along with Officer A. Seitz P#16006 drove down to the CP located at South Central Area Command. I arrived at the CP around 0015 hours. I spoke with Lieutenant Hank briefly and he advised me to stand in line and create a strike team with any other Officers around. I did so and awaited orders.

I was later approached by Lieutenant Welch who asked if I had a patrol car, and then directed Officer Seitz and myself to head down to North West Area Command and handle calls for service. He stated they had 1 Sargent and 1 Officer handling all the calls. We quickly logged on to NW and started taking calls. We took multiple calls until we were relieved at about 4 am and told to head back to Southeast area command. We then logged off and went home at about 0430 hours.

**Details:**

On 10/01/17 at approximately 2215 hours, I Det. S. Zimney P# 13140 working out of SCAC Patrol Investigations (SC26) was notified by my Sgt. (T. Richter P# 4374) of an active shooter call working on CCAC channel. I was off duty and at home at the time, so I got out of bed and started getting ready to head to SCAC. Soon after Sgt. Richter notified all of the members of SC26 of to respond to SCAC for further assignments as there were reports of multiple active shooters.

Upon my arrival to SCAC, I immediately dressed out and reported to the staging area. Lt. C. Hank then assigned me a Strike Team 28 and directed us to head over to the Flamingo overpass to secure and protect anyone in that area from possible threats relating to the active shooter. We stayed at the overpass until being advised to clear and head back to the staging area at SCAC and await further instruction/deployment. I stayed at the staging area until 0600hrs, when I became part of the Calls for Service "A" Roster.

Mandalay Bay Active Shooter Response

SUBJECT

DIVISION REPORTING:	<u>Patrol</u>	DIVISION OF OCCURRENCE:	<u>SEAC Patrol Investigations</u>
DATE & TIME OCCURRED:	<u>10-01-2017 @ 2215 hours</u>	LOCATION OF OCCURRENCE:	<u>3950 S Las Vegas Blvd, Las Vegas, NV 89119</u>

NARRATIVE:

On October 1<sup>st</sup>, 2017 at approximately 2215 hours I Detective J. Campbell P # 13150 was operating as unmarked and plainclothes unit PD94. I was at South East Area Command when I heard a special events unit come over the radio with the call of an active shooter and what sounded like fully automatic in the background. This call was from the Route 91 festival near the Mandalay Bay.

I along with Detective R. Halasi P # 8793 put on our tactical vests and proceeded to Mandalay Bay. I deployed AR15 rifle as well for the duration of this incident. Detective Halasi quickly got notified by the Crisis Negotiator Team to respond to SCAC and we did. I met up with Officer R. Angulo P # 8711 and we were now en route to the scene. We heard the radio traffic of a possible second shooting suspect at the Motel 6 on Tropicana and Koval inside of an RV. Officer Angulo and I arrived there within minutes of the radio traffic. This was approximately 2230 hours.

Officer Angulo and I immediately encountered hundreds of injured and fleeing people in the area. There was massive confusion and Officer Angulo and I rendered aide to around eight to ten people who had severe injuries. We provided aide to all that we could. We assisted with tourniquets and bandages. CCFD units who were there had begun left with other injured persons and as the vehicles all left we loaded up as many injured people into Officer Angulo's plain LVMPD vehicle (A white F150) and Officer Angulo drove them to Sunrise Hospital. I did not go to save room in the truck for other injured persons. Many civilians assisted with medical care, loading and even riding with some of the injured in the truck. With the assistance of some civilians other civilian trucks were located with injured and instructed to follow Officer Angulo to the hospital.

Once some of the injured were taken care of I notice a patrol vehicle was parked on Koval with an injured LVMPD officer, who said he had injured his leg. Another LVMPD officer was with him along with a Search and Rescue detective. We took up a position behind the patrol vehicle in relation to the RV. The uniformed officers stated they had detained a male from the RV. I interviewed this male. He did not appear to be related to the shooting and gave us the keys to the RV and urged us to check. Due to the extreme exigency of this situation with the potential of explosive devices or other shooters, we quickly cleared the RV and did not find anything related.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
CONTINUATION

Event #: 171001-3519

At this point a fire department medic asked for my assistance with a casualty collection point they had setup on Tropicana west of Koval, they stated they had problems with security. I provided security and directed people away and out of the area while fire department members treated wounded. A deceased female was found and FD was able to assign a team to secure her body. After getting the crowd to clear away from FD I provided security for a few minutes before Officer Angulo came back from the hospital. We both heard on the radio a possible second shooter at the Tropicana Hotel and we proceeded there as it was only a few hundred feet away. By the time we got there it was declared safe and we met up with Detective A. Gallegos P # 6001 from my squad. We all got into Officer Angulo's vehicle and prepared to move where ever else needed. Almost immediately we heard on the radio a LVMPD Vice SGT call out shots fired at the Paris. We proceeded there directly and formed an active shooter team.

We met up with another active shooter team at the Paris and made entry. After clearing the casino floor and encountering security officers stating nothing was happening I found the security manager and had him take us to the surveillance room. When we got to the surveillance room I confirmed with the surveillance manager they had no wounded, no shots had been heard and nothing to tell us. I then advised via the radio that the Paris call was unfounded.

We then proceeded to the Paris Beer Garden bar which is elevated above Las Vegas Boulevard right in front of the Paris hotel. We had a position which we could respond to the other casinos as directed and provide security for the part of the strip we could see. We held this position, got water and awaited another assignment which we never got. We cleared from this area at approximately 0400.

ROUTE 91 SHOOTING

SUBJECT

DIVISION REPORTING:	<u>TOURIST SAFETY</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10-01-2017 2208 HRS</u>	LOCATION OF OCCURRENCE:	<u>3950 LV BLVD. LVN 89109</u>

NARRATIVE:

On 10-01-2017 I, Officer R. Cole p#13351 was working as a Patrol Officer (FTO) assigned to graveyard shift at CCAC assigned to CC12. My trainee that night was Officer B. Engstrom p#16440. On this shift the following events transpired:

At approximately 2208 hrs graveyard shift officers were in shift briefing at CCAC when Sgt G. Everett p#8915 stated that there was shots fired at Route 91 concert and to log on. Officer Engstrom and I rushed to our patrol vehicle and began heading to the event CODE 3 to the call. While driving there we could hear sounds of automatic gunfire when officers on scene transmitted from their radios.

We rolled code from CCAC, south on Swenson to Tropicana, south on Koval and then West on Reno where we saw hundreds of people running east and arrived on the SW corner of Reno and Giles. Upon exiting our patrol vehicle we were met with automatic gunfire and we took cover behind an electrical box on the corner. We began a rapid assessment of the situation. We observed hundreds of citizens running out of the concert, dozens of which were injured. I made contact with one male and asked him where the shooter was. The male stated the shots were coming from the Mandalay Bay hotel.

I then observed injured people behind by patrol car. Officer Engstrom and I began making contact with them to assess their injuries. It was a few moments later we observed a male running towards us. This male was later identified as [REDACTED] along with another female were carrying an injured female later identified as [REDACTED] wife. [REDACTED] took cover behind our vehicle, set down [REDACTED] and stated he was a cop and his wife was shot in the head.

I told [REDACTED] to get her in the car. [REDACTED] and Officer Engstrom loaded [REDACTED] into the back of my patrol car. I then drove CODE 3 to UMC Trauma where we carried [REDACTED] into the Trauma center and placed her on a bed and into the care of hospital staff. [REDACTED] was unresponsive and bleeding heavily from the head.

Officer Engstrom and I then washed our hands of blood and drove CODE 3 back to the command post which had been established at SCAC.

**OFFICER'S REPORT**

Event #: 171001-3519

Mandalay Bay Active Shooter

SUBJECT

DIVISION REPORTING: Homeland Security Division

DIVISION OF OCCURRENCE: Tourist Safety Division

DATE & TIME OCCURRED: 10/01/2017 2205

LOCATION OF OCCURRENCE: 3950 S. Las Vegas Blvd, LVN, 89119

NARRATIVE:

At 2214 hours, the SWAT/CNT notification system was activated directing all personnel assigned to the teams to report to SCAC - Command Post (CP). My assignment that night was the Intel Gatherer position of the Crisis Negotiation Team. Upon arrival at the SCAC, I began to coordinate all my assigned personnel to one central location so we could begin to work towards gathering intelligence regarding the suspect, any additional suspects, and/or motives. My intelligence gathering included interviews of seven individuals who were located at the Harley Davidson dealership at 5191 S. Las Vegas Blvd, LV, NV, 89119. These interviews were then summarized and sent to the Intelligence Coordinator for inclusion in the CNT Intelligence report. Additionally, I was sent, along with CN Williams, to the Live Nation command post, which was located on the far North end of the Route 91 Festival Grounds. The location of the CP was not known at the time, therefore we methodically made our way through the Festival Grounds. Upon arrival at the CP, we reviewed footage of the incident including the shooting, the female who made threats prior to the shooting, and the subject who was seen on the roof. The information obtained was included in the CNT Intelligence Report and forwarded to Counter Terrorism.

On October 2nd, 2017, at approximately 0600 hours, the momentum of the incident had slowed as the agency moved toward the investigation phase. Shortly after this time, I was released by CN Sgt. Bates.

OCCURRENCE: CCACDATE & TIME  
OCCURRED: 10/01/17 2245 hoursLOCATION OF  
OCCURRENCE: 3950 S. Las Vegas Blvd LV, NV 89119NARRATIVE:

On 10/01/17 I was working the Route 91 Festival overtime as a traffic officer. At the time of the incident I was working the intersection of Mandalay Bay and Las Vegas Blvd specifically on the southwest corner. I heard the shots and based on how loud I believed it was coming from the walkway which lead up to Mandalay Bay. I began walking up the sidewalk when there was a pause in the shooting and then I heard glass break. The glass breaking drew my attention towards the windows of the Mandalay Bay when I observed smoke coming from the side of Mandalay in spurts as if it was coming out every time the trigger was pulled. I started sprinting into the Mandalay Bay casino and used the elevator to get to the casino floor level. Once on the casino floor I ran directly to the security podium and advised them they had an active shooter in the casino, they were advised to start evacuating the casino. One of the security officers stated one of their security guards were shot on the 32<sup>nd</sup> floor. I asked for the elevator to get to the 32<sup>nd</sup> floor and was escorted to the elevator by security personal. Just as the elevator became available I noticed a group of Officers coming into the casino with long rifles so I got their attention and told them the shooter was on the 32<sup>nd</sup> floor.

We got into the elevator and it was decided to go to the 31<sup>st</sup> floor and then take the stairwell up to the 32<sup>nd</sup> floor. Once on the 32<sup>nd</sup> floor more security personal were waiting and showed which hallway belonged to the room and pointed out the double doors at the end of the hallway stating that was the room were the shots came from. As a tactical element we began leap frogging down the hallway while using the wall cut outs as cover. A master key was obtained from security prior to going down the hallway and we began evacuating rooms as we were making our way down the hall. Once we got several rooms evacuated and were beginning to move closer I realized I still had my traffic vest on so it was removed and left on the floor in the hallway. After making it about halfway down the hallway and not hearing anymore shots it was decided to hold the position since he already shot through the door and wait for more officers. As a SWAT Officer arrived I provided him with a quick briefing and he went down another hallway. I took cover as the explosion of the door was made, I heard on the radio the suspect was down and I could see numerous officers in the room. Based on the fact the suspect was down I could see no reason for me to enter the room so I left and went downstairs to meet up with other response teams because of so many calls coming into dispatch of active shooters. Once downstairs I noticed several teams clearing the bottom of the casino and sweeping it for other shooters and or victims. Citizens kept walking onto the casino floor so I began doing escorts to the Michael Jackson Theater where officers were stationed. I left the Theater and decided to make my way back towards the valet and noticed more citizens kept coming down the elevators, at that time I posted on the elevators and began to tell
